

Magyarország (Hungary): Trusted List

1. Scheme Information

TSL version identifier: 6

TSL sequence number: 96

TSL type: <http://uri.etsi.org/TrstSvc/TrustedList/TSLType/EUgeneric>

A TL implementation of a supervision/accreditation status list of trust services from trust service providers which are supervised/accredited by the referenced Member State owning the TL implementation for compliance with the relevant provisions laid down in the applicable European legislation, through a process of direct oversight (whether voluntary or regulatory).

Scheme operator name: *English:* National Media and Infocommunications Authority, Hungary

Hungarian: Nemzeti Média- és Hírközlési Hatóság

Scheme operator address: *Postal address (English):*

Street address: Ostrom u. 23-25.

Locality: Budapest

Postal code: 1015

Country name: HU

Electronic address

Hungarian: <https://www.nmhh.hu>

English: <mailto:TLOperator@nmhh.hu>

English: <https://english.nmhh.hu>

Scheme name: *English:*

HU:Trusted list including information related to the qualified trust service providers which are supervised by the issuing Member State, together with information related to the qualified trust services provided by them, in accordance with the relevant provisions laid down in Regulation (EU) No 910/2014 of the European Parliament and of the Council of 23 July 2014 on electronic identification and trust services for electronic transactions in the internal market and repealing Directive 1999/93/EC.

Hungarian:

HU:"A belső piacon történő elektronikus tranzakciókhoz kapcsolódó elektronikus azonosításról és bizalmi szolgáltatásokról, valamint az 1999/93/EK irányelv hatályon kívül helyezéséről" szóló, 2014. július 23-i 910/2014/EU európai parlamenti és tanácsi rendeletben meghatározott releváns rendelkezések szerinti, a kiállító tagállam által felügyelt minősített bizalmi szolgáltatókkal kapcsolatos adatokat, valamint az általuk biztosított minősített bizalmi szolgáltatásokkal kapcsolatos adatokat tartalmazó Bizalmi Lista.

2.1.1. Trust&CA QKET v2.0 (Qualified certificates for public administration)

Provider: 1
Service: 1

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/QC>

A qualified certificate issuing trust service creating and signing qualified certificates based on the identity and other attributes verified by the relevant registration services, and under which are provided the relevant and related revocation and certificate validity status information services (e.g. CRLs, OCSP responses) in accordance with EU Directive 1999/93/EC or with Regulation (EU) No 910/2014 whichever is in force at the time of provision. This may also include generation and/or management of the associated private keys on behalf of the certified entity.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* Trust&CA QKET v2.0 (Qualified certificates for public administration)

Hungarian: Trust&CA QKET v2.0 (Minősített tanúsítványok közigazgatási használatra)

2.1.1.1. Trust&CA QKET v2.0 (Qualified certificates for public administration)

Provider: 1
Service: 1
History: 1/2

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/QC>

A qualified certificate issuing trust service creating and signing qualified certificates based on the identity and other attributes verified by the relevant registration services, and under which are provided the relevant and related revocation and certificate validity status information services (e.g. CRLs, OCSP responses) in accordance with EU Directive 1999/93/EC or with Regulation (EU) No 910/2014 whichever is in force at the time of provision. This may also include generation and/or management of the associated private keys on behalf of the certified entity.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* Trust&CA QKET v2.0 (Qualified certificates for public administration)

Hungarian: Trust&CA QKET v2.0 (Minősített tanúsítványok közigazgatási használatra)

Service digital identity: *Subject key identifier:*

2F 44 75 98 5F A3 79 89 1E 98 46 0F 8E 79 09 9B AA A6 7E EF

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/supervisionceased>

The validity of the supervision assessment has lapsed without the service identified in "Service digital identity" (see clause 5.5.3) being re-assessed. The service is currently not under supervision any more from the date of the current status as the service is understood to have ceased operations. "Supervision Ceased" status shall be used when a TSP directly ceases its related services under supervision; it shall not be used when supervision has been revoked.

Status starting time: 2011-12-31T23:00:00.000Z (01 Jan 2012 00:00:00 CET)

2.1.1.2. Trust&CA QKET v2.0 (Qualified certificates for public administration)

Provider: 1
Service: 1
History: 2/2

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/QC>

A qualified certificate issuing trust service creating and signing qualified certificates based on the identity and other attributes verified by the relevant registration services, and under which are provided the relevant and related revocation and certificate validity status information services (e.g. CRLs, OCSP responses) in accordance with EU Directive 1999/93/EC or with Regulation (EU) No 910/2014 whichever is in force at the time of provision. This may also include generation and/or management of the associated private keys on behalf of the certified entity.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* Trust&CA QKET v2.0 (Qualified certificates for public administration)

Hungarian: Trust&CA QKET v2.0 (Minősített tanúsítványok közigazgatási használatra)

Service digital identity: *Subject key identifier:*

2F 44 75 98 5F A3 79 89 1E 98 46 0F 8E 79 09 9B AA A6 7E EF

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/undersupervision>

The service identified in "Service digital identity" (see clause 5.5.3) provided by the trust service provider identified in "TSP name" (see clause 5.4.1) is currently under supervision, for compliance with the provisions laid down in the applicable European legislation, by the Member State identified in the "Scheme territory" (see clause 5.3.10) in which the trust service provider is established.

Status starting time: 2009-06-02T11:09:59.000Z (02 Jun 2009 13:09:59 CEST)

2.1.2. Trust&Sign QCA v1.0

Provider: 1
Service: 2

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/QC>

A qualified certificate issuing trust service creating and signing qualified certificates based on the identity and other attributes verified by the relevant registration services, and under which are provided the relevant and related revocation and certificate validity status information services (e.g. CRLs, OCSP responses) in accordance with EU Directive 1999/93/EC or with Regulation (EU) No 910/2014 whichever is in force at the time of provision. This may also include generation and/or management of the associated private keys on behalf of the certified entity.

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/supervisionceased>

The validity of the supervision assessment has lapsed without the service identified in "Service digital identity" (see clause 5.5.3) being re-assessed. The service is currently not under supervision any more from the date of the current status as the service is understood to have ceased operations. "Supervision Ceased" status shall be used when a TSP directly ceases its related services under supervision; it shall not be used when supervision has been revoked.

Status starting time: 2009-06-02T11:09:58.000Z (02 Jun 2009 13:09:58 CEST)

2.1.2.2. Trust&Sign QCA v1.0

Provider: 1
Service: 2
History: 2/2

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/QC>

A qualified certificate issuing trust service creating and signing qualified certificates based on the identity and other attributes verified by the relevant registration services, and under which are provided the relevant and related revocation and certificate validity status information services (e.g. CRLs, OCSP responses) in accordance with EU Directive 1999/93/EC or with Regulation (EU) No 910/2014 whichever is in force at the time of provision. This may also include generation and/or management of the associated private keys on behalf of the certified entity.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* Trust&Sign QCA v1.0

Hungarian: Trust&Sign QCA v1.0

Service digital identity: *Subject key identifier:*

86 15 21 0C 7E F1 D0 DF D5 34 A9 88 B0 5C 06 50 20 02 30 76

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/undersupervision>

The service identified in "Service digital identity" (see clause 5.5.3) provided by the trust service provider identified in "TSP name" (see clause 5.4.1) is currently under supervision, for compliance with the provisions laid down in the applicable European legislation, by the Member State identified in the "Scheme territory" (see clause 5.3.10) in which the trust service provider is established.

Status starting time: 2003-01-16T17:11:39.000Z (16 Jan 2003 18:11:39 CET)

2.1.3. Trust&CA NQ v2.0

Provider: 1
Service: 3

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/PKC>

A certificate generation service, not qualified, creating and signing non-qualified public key certificates based on the identity and other attributes verified by the relevant registration services.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

2.1.6.1. Trust&CA NQKET v2.0

Provider: 1
Service: 6
History: 1/2

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/Certstatus/CRL>

A certificate validity status service, not qualified, issuing CRLs.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* Trust&CA NQKET v2.0

Hungarian: Trust&CA NQKET v2.0

Service digital identity: *Subject key identifier:*

2E 96 27 70 46 CD D8 2C 4F 95 F4 67 33 56 79 E3 7E 9A D3 07

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/supervisionceased>

The validity of the supervision assessment has lapsed without the service identified in "Service digital identity" (see clause 5.5.3) being re-assessed. The service is currently not under supervision any more from the date of the current status as the service is understood to have ceased operations. "Supervision Ceased" status shall be used when a TSP directly ceases its related services under supervision; it shall not be used when supervision has been revoked.

Status starting time: 2014-08-05T22:00:00.000Z (06 Aug 2014 00:00:00 CEST)

2.1.6.2. Trust&CA NQKET v2.0

Provider: 1
Service: 6
History: 2/2

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/Certstatus/CRL>

A certificate validity status service, not qualified, issuing CRLs.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* Trust&CA NQKET v2.0

Hungarian: Trust&CA NQKET v2.0

Service digital identity: *Subject key identifier:*

2E 96 27 70 46 CD D8 2C 4F 95 F4 67 33 56 79 E3 7E 9A D3 07

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/undersupervision>

The service identified in "Service digital identity" (see clause 5.5.3) provided by the trust service provider identified in "TSP name" (see clause 5.4.1) is currently under supervision, for compliance with the provisions laid down in the applicable European legislation, by the Member State identified in the "Scheme territory" (see clause 5.3.10) in which the trust service provider is established.

Status starting time: 2011-12-31T23:00:00.000Z (01 Jan 2012 00:00:00 CET)

2.1.7. Trust&Sign ACA v1.0

Provider: 1
Service: 7

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/PKC>

A certificate generation service, not qualified, creating and signing non-qualified public key certificates based on the identity and other attributes verified by the relevant registration services.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* Trust&Sign ACA v1.0

Hungarian: Trust&Sign ACA v1.0

A6 2D CC 88 2A AD 60 48 8F 85 F1 C6 FE 88 F0 43 05 86 18 FE

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/supervisionceased>

The validity of the supervision assessment has lapsed without the service identified in "Service digital identity" (see clause 5.5.3) being re-assessed. The service is currently not under supervision any more from the date of the current status as the service is understood to have ceased operations. "Supervision Ceased" status shall be used when a TSP directly ceases its related services under supervision; it shall not be used when supervision has been revoked.

Status starting time: 2014-08-05T22:00:00.000Z (06 Aug 2014 00:00:00 CEST)

2.1.9.2. Trust&Sign TSA v1.0

Provider: 1
Service: 9
History: 2/2

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/TSA>

A time-stamping generation service, not qualified, creating and signing time-stamps tokens.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* Trust&Sign TSA v1.0

Hungarian: Trust&Sign TSA v1.0

Service digital identity: *Subject key identifier:*

A6 2D CC 88 2A AD 60 48 8F 85 F1 C6 FE 88 F0 43 05 86 18 FE

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/undersupervision>

The service identified in "Service digital identity" (see clause 5.5.3) provided by the trust service provider identified in "TSP name" (see clause 5.4.1) is currently under supervision, for compliance with the provisions laid down in the applicable European legislation, by the Member State identified in the "Scheme territory" (see clause 5.3.10) in which the trust service provider is established.

Status starting time: 2003-09-05T12:20:26.000Z (05 Sep 2003 14:20:26 CEST)

2.1.10. Trust&CA OTP TSA1 v2.0

2.1.13.1. Info&CA NQKET v4.0

Provider: 1
Service: 13
History: 1/2

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/PKC>

A certificate generation service, not qualified, creating and signing non-qualified public key certificates based on the identity and other attributes verified by the relevant registration services.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* Info&CA NQKET v4.0

Hungarian: Info&CA NQKET v4.0

Service digital identity: *Subject key identifier:*

05 FE 8E EC 48 EF 06 56 D3 BA 82 E0 E7 CB E1 8A 7A CA 60 3B

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/supervisionceased>

The validity of the supervision assessment has lapsed without the service identified in "Service digital identity" (see clause 5.5.3) being re-assessed. The service is currently not under supervision any more from the date of the current status as the service is understood to have ceased operations. "Supervision Ceased" status shall be used when a TSP directly ceases its related services under supervision; it shall not be used when supervision has been revoked.

Status starting time: 2014-08-05T22:00:00.000Z (06 Aug 2014 00:00:00 CEST)

2.1.13.2. Info&CA NQKET v4.0

Provider: 1
Service: 13
History: 2/2

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/PKC>

A certificate generation service, not qualified, creating and signing non-qualified public key certificates based on the identity and other attributes verified by the relevant registration services.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

2.2.1.1. Qualified e-Szigno CA

Provider: 2
Service: 1
History: 1/2

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/QC>

A qualified certificate issuing trust service creating and signing qualified certificates based on the identity and other attributes verified by the relevant registration services, and under which are provided the relevant and related revocation and certificate validity status information services (e.g. CRLs, OCSP responses) in accordance with EU Directive 1999/93/EC or with Regulation (EU) No 910/2014 whichever is in force at the time of provision. This may also include generation and/or management of the associated private keys on behalf of the certified entity.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* Qualified e-Szigno CA

Hungarian: Qualified e-Szigno CA

Service digital identity: *Subject key identifier:*

FA 94 27 E7 5A 49 E8 14 E0 AA C8 5F 06 EF 43 27 93 BD 33 E5

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/granted>

Following ex ante and active approval activities, in compliance with the provisions laid down in the applicable national legislation and Regulation (EU) No 910/2014, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted a qualified status:- to the corresponding trust service being of a service type specified in clause 5.5.1.1 and identified in "Service digital identity" (see clause 5.5.3), and - to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service.

Status starting time: 2016-06-30T22:00:00.000Z (01 Jul 2016 00:00:00 CEST)

2.2.3.1. Qualified e-Szigno CA 2009

Provider: 2
Service: 3
History: 1/1

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/QC>

A qualified certificate issuing trust service creating and signing qualified certificates based on the identity and other attributes verified by the relevant registration services, and under which are provided the relevant and related revocation and certificate validity status information services (e.g. CRLs, OCSP responses) in accordance with EU Directive 1999/93/EC or with Regulation (EU) No 910/2014 whichever is in force at the time of provision. This may also include generation and/or management of the associated private keys on behalf of the certified entity.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* Qualified e-Szigno CA 2009

Hungarian: Qualified e-Szigno CA 2009

Service digital identity: *Subject key identifier:*

D1 8A 63 FE CB 08 FD E9 4A 17 68 01 AD 3C 0E D5 DD 97 F7 04

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/undersupervision>

The service identified in "Service digital identity" (see clause 5.5.3) provided by the trust service provider identified in "TSP name" (see clause 5.4.1) is currently under supervision, for compliance with the provisions laid down in the applicable European legislation, by the Member State identified in the "Scheme territory" (see clause 5.3.10) in which the trust service provider is established.

Status starting time: 2009-06-16T14:31:35.000Z (16 Jun 2009 16:31:35 CEST)

2.2.4. Qualified e-Szigno PCA

Provider: 2
Service: 4

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/QC>

A qualified certificate issuing trust service creating and signing qualified certificates based on the identity and other attributes verified by the relevant registration services, and under which are provided the relevant and related revocation and certificate validity status information services (e.g. CRLs, OCSP responses) in accordance with EU Directive 1999/93/EC or with Regulation (EU) No 910/2014 whichever is in force at the time of provision. This may also include generation and/or management of the associated private keys on behalf of the certified entity.

2.2.5.1. Qualified Pseudonymous e-Szigno CA 2009

Provider: 2
Service: 5
History: 1/1

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/QC>

A qualified certificate issuing trust service creating and signing qualified certificates based on the identity and other attributes verified by the relevant registration services, and under which are provided the relevant and related revocation and certificate validity status information services (e.g. CRLs, OCSP responses) in accordance with EU Directive 1999/93/EC or with Regulation (EU) No 910/2014 whichever is in force at the time of provision. This may also include generation and/or management of the associated private keys on behalf of the certified entity.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* Qualified Pseudonymous e-Szigno CA 2009

Hungarian: Qualified Pseudonymous e-Szigno CA 2009

Service digital identity: *Subject key identifier:*
92 7D B6 45 50 0E EF 96 30 67 B4 E9 D0 D3 44 79 48 4F 20 CB

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/undersupervision>

The service identified in "Service digital identity" (see clause 5.5.3) provided by the trust service provider identified in "TSP name" (see clause 5.4.1) is currently under supervision, for compliance with the provisions laid down in the applicable European legislation, by the Member State identified in the "Scheme territory" (see clause 5.3.10) in which the trust service provider is established.

Status starting time: 2009-06-16T14:35:25.000Z (16 Jun 2009 16:35:25 CEST)

2.2.6. Qualified e-Szigno QCP CA 2012

Provider: 2
Service: 6

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/QC>

2.2.7.1. Qualified KET e-Szigno CA 2009

Provider: 2
Service: 7
History: 1/1

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/QC>

A qualified certificate issuing trust service creating and signing qualified certificates based on the identity and other attributes verified by the relevant registration services, and under which are provided the relevant and related revocation and certificate validity status information services (e.g. CRLs, OCSP responses) in accordance with EU Directive 1999/93/EC or with Regulation (EU) No 910/2014 whichever is in force at the time of provision. This may also include generation and/or management of the associated private keys on behalf of the certified entity.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* Qualified KET e-Szigno CA 2009

Hungarian: Qualified KET e-Szigno CA 2009

Service digital identity: *Subject key identifier:*

EE A9 29 03 93 3C BB 8C D7 DA 5E 83 A7 C5 48 44 A0 B1 0A 41

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/undersupervision>

The service identified in "Service digital identity" (see clause 5.5.3) provided by the trust service provider identified in "TSP name" (see clause 5.4.1) is currently under supervision, for compliance with the provisions laid down in the applicable European legislation, by the Member State identified in the "Scheme territory" (see clause 5.3.10) in which the trust service provider is established.

Status starting time: 2010-12-17T10:19:34.000Z (17 Dec 2010 11:19:34 CET)

2.2.8. Qualified e-Szigno Organization CA 2016

Provider: 2
Service: 8

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/QC>

A qualified certificate issuing trust service creating and signing qualified certificates based on the identity and other attributes verified by the relevant registration services, and under which are provided the relevant and related revocation and certificate validity status information services (e.g. CRLs, OCSP responses) in accordance with EU Directive 1999/93/EC or with Regulation (EU) No 910/2014 whichever is in force at the time of provision. This may also include generation and/or management of the associated private keys on behalf of the certified entity.

2.2.12. e-Szigno Qualified Pseudonymous CA 2017

Provider: 2
Service: 12

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/QC>

A qualified certificate issuing trust service creating and signing qualified certificates based on the identity and other attributes verified by the relevant registration services, and under which are provided the relevant and related revocation and certificate validity status information services (e.g. CRLs, OCSP responses) in accordance with EU Directive 1999/93/EC or with Regulation (EU) No 910/2014 whichever is in force at the time of provision. This may also include generation and/or management of the associated private keys on behalf of the certified entity.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* e-Szigno Qualified Pseudonymous CA 2017*Hungarian:* e-Szigno Qualified Pseudonymous CA 2017**Service digital identity:** *Version:*

Service status:

<http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/granted>

Following ex ante and active approval activities, in compliance with the provisions laid down in the applicable national legislation and Regulation (EU) No 910/2014, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted a qualified status:- to the corresponding trust service being of a service type specified in clause 5.5.1.1 and identified in "Service digital identity" (see clause 5.5.3), and - to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service.

2.2.16. e-Szigno Qualified TLS CA 2023

Provider: 2
Service: 16

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/QC>

A qualified certificate issuing trust service creating and signing qualified certificates based on the identity and other attributes verified by the relevant registration services, and under which are provided the relevant and related revocation and certificate validity status information services (e.g. CRLs, OCSP responses) in accordance with EU Directive 1999/93/EC or with Regulation (EU) No 910/2014 whichever is in force at the time of provision. This may also include generation and/or management of the associated private keys on behalf of the certified entity.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

2.2.17. e-Szigno Qualified SMIME CA 2023

Provider: 2
Service: 17

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/QC>

A qualified certificate issuing trust service creating and signing qualified certificates based on the identity and other attributes verified by the relevant registration services, and under which are provided the relevant and related revocation and certificate validity status information services (e.g. CRLs, OCSP responses) in accordance with EU Directive 1999/93/EC or with Regulation (EU) No 910/2014 whichever is in force at the time of provision. This may also include generation and/or management of the associated private keys on behalf of the certified entity.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

2.2.21. e-Szigno RSA Qualified CA 2025

Provider: 2
Service: 21

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/QC>

A qualified certificate issuing trust service creating and signing qualified certificates based on the identity and other attributes verified by the relevant registration services, and under which are provided the relevant and related revocation and certificate validity status information services (e.g. CRLs, OCSP responses) in accordance with EU Directive 1999/93/EC or with Regulation (EU) No 910/2014 whichever is in force at the time of provision. This may also include generation and/or management of the associated private keys on behalf of the certified entity.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* e-Szigno RSA Qualified CA 2025

Hungarian: e-Szigno RSA Qualified CA 2025

Service digital identity: *Subject key identifier:*

2.2.24. e-Szigno RSA Qualified TLS CA 2026

Provider: 2 Service: 24

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/QC>

A qualified certificate issuing trust service creating and signing qualified certificates based on the identity and other attributes verified by the relevant registration services, and under which are provided the relevant and related revocation and certificate validity status information services (e.g. CRLs, OCSP responses) in accordance with EU Directive 1999/93/EC or with Regulation (EU) No 910/2014 whichever is in force at the time of provision. This may also include generation and/or management of the associated private keys on behalf of the certified entity.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* e-Szigno RSA Qualified TLS CA 2026*Hungarian:* e-Szigno RSA Qualified TLS CA 2026**Service digital identity:** *Subject key identifier:*

Service status:

<http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/granted>

Following ex ante and active approval activities, in compliance with the provisions laid down in the applicable national legislation and Regulation (EU) No 910/2014, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted a qualified status:- to the corresponding trust service being of a service type specified in clause 5.5.1.1 and identified in "Service digital identity" (see clause 5.5.3), and - to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service.

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/recognisedatnationallevel>

For trust services listed under a service type specified in clause 5.5.1.2: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in Regulation (EU) No 910/2014 and the applicable national legislation. For NationalRootCA-QC type: The service is set by national law in accordance with the applicable European legislation and operated by the responsible national body issuing root-signing or qualified certificates to accredited trust service providers. For other trust services listed under a service type specified in clause 5.5.1.3: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in the applicable national legislation.

Service status:

<http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/recognisedatnationallevel>

For trust services listed under a service type specified in clause 5.5.1.2: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in Regulation (EU) No 910/2014 and the applicable national legislation. For NationalRootCA-QC type: The service is set by national law in accordance with the applicable European legislation and operated by the responsible national body issuing root-signing or qualified certificates to accredited trust service providers. For other trust services listed under a service type specified in clause 5.5.1.3: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in the applicable national legislation.

2.2.29.1. Advanced Class 2 e-Szigno CA 2009

Provider: 2
Service: 29
History: 1/1

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/PKC>

A certificate generation service, not qualified, creating and signing non-qualified public key certificates based on the identity and other attributes verified by the relevant registration services.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* Advanced Class 2 e-Szigno CA 2009

Hungarian: Advanced Class 2 e-Szigno CA 2009

Service digital identity: *Subject key identifier:*

3E B5 ED F2 A3 25 28 E4 02 37 AB 16 C3 B5 FD 9C 80 BF 53 38

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/undersupervision>

The service identified in "Service digital identity" (see clause 5.5.3) provided by the trust service provider identified in "TSP name" (see clause 5.4.1) is currently under supervision, for compliance with the provisions laid down in the applicable European legislation, by the Member State identified in the "Scheme territory" (see clause 5.3.10) in which the trust service provider is established.

Status starting time: 2009-06-16T14:39:49.000Z (16 Jun 2009 16:39:49 CEST)

2.2.30. Advanced Pseudonymous e-Szigno CA 2009

2.2.31.2. Microsec e-Szigno Server CA

Provider: 2
Service: 31
History: 2/2

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/PKC>

A certificate generation service, not qualified, creating and signing non-qualified public key certificates based on the identity and other attributes verified by the relevant registration services.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* Microsec e-Szigno Server CA

Hungarian: Microsec e-Szigno Server CA

Service digital identity: *Subject key identifier:*

35 1E A5 87 3A D8 CA 61 22 7C 07 65 C5 8D 18 98 E1 FE 36 6D

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/undersupervision>

The service identified in "Service digital identity" (see clause 5.5.3) provided by the trust service provider identified in "TSP name" (see clause 5.4.1) is currently under supervision, for compliance with the provisions laid down in the applicable European legislation, by the Member State identified in the "Scheme territory" (see clause 5.3.10) in which the trust service provider is established.

Status starting time: 2007-01-10T09:01:45.000Z (10 Jan 2007 10:01:45 CET)

2.2.32. e-Szigno SSL CA 2014

Provider: 2
Service: 32

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/PKC>

A certificate generation service, not qualified, creating and signing non-qualified public key certificates based on the identity and other attributes verified by the relevant registration services.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service digital identity: *Subject key identifier:*

DE 6A B0 4E 43 AA 08 41 47 74 BF A5 8A 81 54 4C 20 C5 75 28

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/recognisedatnationallevel>

For trust services listed under a service type specified in clause 5.5.1.2: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in Regulation (EU) No 910/2014 and the applicable national legislation. For NationalRootCA-QC type: The service is set by national law in accordance with the applicable European legislation and operated by the responsible national body issuing root-signing or qualified certificates to accredited trust service providers. For other trust services listed under a service type specified in clause 5.5.1.3: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in the applicable national legislation.

2.2.34.1. Qualified e-Szigno QCP CA 2012

Provider: 2
Service: 34
History: 1/1

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/PKC>

A certificate generation service, not qualified, creating and signing non-qualified public key certificates based on the identity and other attributes verified by the relevant registration services.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* Qualified e-Szigno QCP CA 2012

Hungarian: Qualified e-Szigno QCP CA 2012

Service digital identity: *Subject key identifier:*

CC 3D 46 E8 65 00 BB EA C3 BD CF B7 88 E1 95 FF 53 79 A3 B4

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/recognisedatnationallevel>

For trust services listed under a service type specified in clause 5.5.1.2: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in Regulation (EU) No 910/2014 and the applicable national legislation. For NationalRootCA-QC type: The service is set by national law in accordance with the applicable European legislation and operated by the responsible national body issuing root-signing or qualified certificates to accredited trust service providers. For other trust services listed under a service type specified in clause 5.5.1.3: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in the applicable national legislation.

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/recognisedatnationallevel>

For trust services listed under a service type specified in clause 5.5.1.2: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in Regulation (EU) No 910/2014 and the applicable national legislation. For NationalRootCA-QC type: The service is set by national law in accordance with the applicable European legislation and operated by the responsible national body issuing root-signing or qualified certificates to accredited trust service providers. For other trust services listed under a service type specified in clause 5.5.1.3: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in the applicable national legislation.

2.2.47.1. e-Szignó Archívum

Provider: 2
Service: 47
History: 1/2

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/Archiv>

An Archival service.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* e-Szignó Archívum

Hungarian: e-Szignó Archívum

Service digital identity: *Subject key identifier:*

CC 3D 46 E8 65 00 BB EA C3 BD CF B7 88 E1 95 FF 53 79 A3 B4

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/recognisedatnationallevel>

For trust services listed under a service type specified in clause 5.5.1.2: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in Regulation (EU) No 910/2014 and the applicable national legislation. For NationalRootCA-QC type: The service is set by national law in accordance with the applicable European legislation and operated by the responsible national body issuing root-signing or qualified certificates to accredited trust service providers. For other trust services listed under a service type specified in clause 5.5.1.3: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in the applicable national legislation.

2.2.51.1. e-Szigno OCSP CA

Provider: 2
Service: 51
History: 1/2

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/Certstatus/OCSP>

A certificate validity status service, not qualified, issuing Online Certificate Status Protocol (OCSP) signed responses.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* e-Szigno OCSP CA

Hungarian: e-Szigno OCSP CA

Service digital identity: *Subject key identifier:*

84 AA 89 BE DF 97 87 0F 23 F7 35 C6 8F BB E1 3C 4F 57 B0 E3

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/recognisedatnationallevel>

For trust services listed under a service type specified in clause 5.5.1.2: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in Regulation (EU) No 910/2014 and the applicable national legislation. For NationalRootCA-QC type: The service is set by national law in accordance with the applicable European legislation and operated by the responsible national body issuing root-signing or qualified certificates to accredited trust service providers. For other trust services listed under a service type specified in clause 5.5.1.3: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in the applicable national legislation.

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/recognisedatnationallevel>

For trust services listed under a service type specified in clause 5.5.1.2: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in Regulation (EU) No 910/2014 and the applicable national legislation. For NationalRootCA-QC type: The service is set by national law in accordance with the applicable European legislation and operated by the responsible national body issuing root-signing or qualified certificates to accredited trust service providers. For other trust services listed under a service type specified in clause 5.5.1.3: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in the applicable national legislation.

2.2.63.1. Advanced e-Szigno TSA

Provider: 2
Service: 63
History: 1/2

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/TSA>

A time-stamping generation service, not qualified, creating and signing time-stamps tokens.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* Advanced e-Szigno TSA

Hungarian: Advanced e-Szigno TSA

Service digital identity: *Subject key identifier:*

C4 E6 B5 E6 25 D9 3D FD A5 82 A2 C6 E7 76 8D AB D1 C9 35 7A

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/recognisedatnationallevel>

For trust services listed under a service type specified in clause 5.5.1.2: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in Regulation (EU) No 910/2014 and the applicable national legislation. For NationalRootCA-QC type: The service is set by national law in accordance with the applicable European legislation and operated by the responsible national body issuing root-signing or qualified certificates to accredited trust service providers. For other trust services listed under a service type specified in clause 5.5.1.3: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in the applicable national legislation.

History: 1/2

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/TSA/QTST>

A qualified electronic time stamp generation service creating and signing qualified electronic time stamps in accordance with the applicable national legislation in the territory identified by the TL Scheme territory (see clause 5.3.10) or with Regulation (EU) No 910/2014 whichever is in force at the time of provision.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* Qualified e-Szigno TSA 2011 05

Hungarian: Qualified e-Szigno TSA 2011 05

Service digital identity: *Subject key identifier:*

3B 2E 72 92 5C E8 9F 8B 19 59 9A 64 F1 94 33 4B DA D3 AD D0

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/withdrawn>

In compliance with the provisions laid down in the applicable national legislation and Regulation (EU) No 910/2014, it indicates that the qualified status has not been initially granted or has been withdrawn by the Supervisory Body on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10): from the trust service being of a service type specified in clause 5.5.1.1 and identified in "Service digital identity" (see clause 5.5.3), and from its trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service.

Status starting time: 2016-06-30T22:00:00.000Z (01 Jul 2016 00:00:00 CEST)

2.2.73.2. Qualified e-Szigno TSA 2011 05

Provider: 2
Service: 73
History: 2/2

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/TSA/QTST>

A qualified electronic time stamp generation service creating and signing qualified electronic time stamps in accordance with the applicable national legislation in the territory identified by the TL Scheme territory (see clause 5.3.10) or with Regulation (EU) No 910/2014 whichever is in force at the time of provision.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* Qualified e-Szigno TSA 2011 05

Hungarian: Qualified e-Szigno TSA 2011 05

Service digital identity: *Subject key identifier:*

3B 2E 72 92 5C E8 9F 8B 19 59 9A 64 F1 94 33 4B DA D3 AD D0

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/undersupervision>

The service identified in "Service digital identity" (see clause 5.5.3) provided by the trust service provider identified in "TSP name" (see clause 5.4.1) is currently under supervision, for compliance with the provisions laid down in the applicable European legislation, by the Member State identified in the "Scheme territory" (see clause 5.3.10) in which the trust service provider is established.

Status starting time: 2011-02-23T09:00:00.000Z (23 Feb 2011 10:00:00 CET)

2.2.74. Qualified e-Szigno TSA 2012 01

Provider: 2
Service: 74

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/TSA/QTST>

A qualified electronic time stamp generation service creating and signing qualified electronic time stamps in accordance with the applicable national legislation in the territory identified by the TL Scheme territory (see clause 5.3.10) or with Regulation (EU) No 910/2014 whichever is in force at the time of provision.

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/withdrawn>

In compliance with the provisions laid down in the applicable national legislation and Regulation (EU) No 910/2014, it indicates that the qualified status has not been initially granted or has been withdrawn by the Supervisory Body on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10): from the trust service being of a service type specified in clause 5.5.1.1 and identified in "Service digital identity" (see clause 5.5.3), and from its trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service.

Status starting time: 2016-06-30T22:00:00.000Z (01 Jul 2016 00:00:00 CEST)

2.2.84.2. Qualified e-Szigno TSA 2013 02

Provider: 2
Service: 84
History: 2/2

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/TSA/QTST>

A qualified electronic time stamp generation service creating and signing qualified electronic time stamps in accordance with the applicable national legislation in the territory identified by the TL Scheme territory (see clause 5.3.10) or with Regulation (EU) No 910/2014 whichever is in force at the time of provision.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* Qualified e-Szigno TSA 2013 02

Hungarian: Qualified e-Szigno TSA 2013 02

Service digital identity: *Subject key identifier:*

17 9F 3B 69 A6 DB 0F DE BC CD 8B 12 1C 1E 51 06 E7 EA 01 1F

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/undersupervision>

The service identified in "Service digital identity" (see clause 5.5.3) provided by the trust service provider identified in "TSP name" (see clause 5.4.1) is currently under supervision, for compliance with the provisions laid down in the applicable European legislation, by the Member State identified in the "Scheme territory" (see clause 5.3.10) in which the trust service provider is established.

Status starting time: 2013-02-07T19:00:00.000Z (07 Feb 2013 20:00:00 CET)

2.2.85. Qualified e-Szigno TSA 2013 03

Provider: 2 Service: 85

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/TSA/QTST>

A qualified electronic time stamp generation service creating and signing qualified electronic time stamps in accordance with the applicable national legislation in the territory identified by the TL Scheme territory (see clause 5.3.10) or with Regulation (EU) No 910/2014 whichever is in force at the time of provision.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

History: 1/2

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/TSA/QTST>

A qualified electronic time stamp generation service creating and signing qualified electronic time stamps in accordance with the applicable national legislation in the territory identified by the TL Scheme territory (see clause 5.3.10) or with Regulation (EU) No 910/2014 whichever is in force at the time of provision.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* Qualified e-Szigno TSA 2014 05

Hungarian: Qualified e-Szigno TSA 2014 05

Service digital identity: *Subject key identifier:*

DB F5 DB A4 20 63 63 2F 1C E8 F1 99 E8 20 D3 E9 59 A4 4E 75

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/withdrawn>

In compliance with the provisions laid down in the applicable national legislation and Regulation (EU) No 910/2014, it indicates that the qualified status has not been initially granted or has been withdrawn by the Supervisory Body on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10): from the trust service being of a service type specified in clause 5.5.1.1 and identified in "Service digital identity" (see clause 5.5.3), and from its trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service.

Status starting time: 2016-06-30T22:00:00.000Z (01 Jul 2016 00:00:00 CEST)

2.2.99.2. Qualified e-Szigno TSA 2014 05

Provider: 2
Service: 99
History: 2/2

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/TSA/QTST>

A qualified electronic time stamp generation service creating and signing qualified electronic time stamps in accordance with the applicable national legislation in the territory identified by the TL Scheme territory (see clause 5.3.10) or with Regulation (EU) No 910/2014 whichever is in force at the time of provision.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* Qualified e-Szigno TSA 2014 05

Hungarian: Qualified e-Szigno TSA 2014 05

Service digital identity: *Subject key identifier:*

DB F5 DB A4 20 63 63 2F 1C E8 F1 99 E8 20 D3 E9 59 A4 4E 75

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/undersupervision>

The service identified in "Service digital identity" (see clause 5.5.3) provided by the trust service provider identified in "TSP name" (see clause 5.4.1) is currently under supervision, for compliance with the provisions laid down in the applicable European legislation, by the Member State identified in the "Scheme territory" (see clause 5.3.10) in which the trust service provider is established.

Status starting time: 2014-02-07T18:00:00.000Z (07 Feb 2014 19:00:00 CET)

2.2.100. Qualified e-Szigno TSA 2014 06

Provider: 2 Service: 100

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/TSA/QTST>

A qualified electronic time stamp generation service creating and signing qualified electronic time stamps in accordance with the applicable national legislation in the territory identified by the TL Scheme territory (see clause 5.3.10) or with Regulation (EU) No 910/2014 whichever is in force at the time of provision.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

2.2.115.2. Qualified e-Szigno TSA 2015 09

Provider: 2
Service: 115
History: 2/2

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/TSA/QTST>

A qualified electronic time stamp generation service creating and signing qualified electronic time stamps in accordance with the applicable national legislation in the territory identified by the TL Scheme territory (see clause 5.3.10) or with Regulation (EU) No 910/2014 whichever is in force at the time of provision.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* Qualified e-Szigno TSA 2015 09

Hungarian: Qualified e-Szigno TSA 2015 09

Service digital identity: *Subject key identifier:*

36 8C 66 E3 CC 0C 34 5F 82 14 D5 41 BD 0C 21 2E 4A 89 6F B3

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/undersupervision>

The service identified in "Service digital identity" (see clause 5.5.3) provided by the trust service provider identified in "TSP name" (see clause 5.4.1) is currently under supervision, for compliance with the provisions laid down in the applicable European legislation, by the Member State identified in the "Scheme territory" (see clause 5.3.10) in which the trust service provider is established.

Status starting time: 2015-02-07T18:00:00.000Z (07 Feb 2015 19:00:00 CET)

2.2.116. Qualified e-Szigno TSA 2015 10

Provider: 2 Service: 116

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/TSA/QTST>

A qualified electronic time stamp generation service creating and signing qualified electronic time stamps in accordance with the applicable national legislation in the territory identified by the TL Scheme territory (see clause 5.3.10) or with Regulation (EU) No 910/2014 whichever is in force at the time of provision.

2.2.143.1. Qualified e-Szigno TSA 2015 03

Provider: 2
Service: 143
History: 1/1

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/TSA/TSS-AdESQCandQES>

A time-stamping service, not qualified, as part of a service from a trust service provider that issues time-stamp tokens (TST) that can be used in the validation process of qualified signatures/seals or advanced signatures/seals supported by qualified certificates to ascertain and extend the signature/seal validity when the qualified certificate is (will be) revoked or expired (will expire).

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* Qualified e-Szigno TSA 2015 03

Hungarian: Qualified e-Szigno TSA 2015 03

Service digital identity: *Subject key identifier:*
70 08 16 25 BA AC 93 0C 14 51 EF 2A FC AB 12 F0 74 6B A6 50

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/recognisedatnationallevel>

For trust services listed under a service type specified in clause 5.5.1.2: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in Regulation (EU) No 910/2014 and the applicable national legislation. For NationalRootCA-QC type: The service is set by national law in accordance with the applicable European legislation and operated by the responsible national body issuing root-signing or qualified certificates to accredited trust service providers. For other trust services listed under a service type specified in clause 5.5.1.3: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in the applicable national legislation.

2.2.147. Qualified e-Szigno TSA 2015 07

Provider: 2
Service: 147

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/TSA/TSS-AdESQCandQES>

A time-stamping service, not qualified, as part of a service from a trust service provider that issues time-stamp tokens (TST) that can be used in the validation process of qualified signatures/seals or advanced signatures/seals supported by qualified certificates to ascertain and extend the signature/seal validity when the qualified certificate is (will be) revoked or expired (will expire).

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* Qualified e-Szigno TSA 2015 07

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/recognisedatnationallevel>

For trust services listed under a service type specified in clause 5.5.1.2: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in Regulation (EU) No 910/2014 and the applicable national legislation. For NationalRootCA-QC type: The service is set by national law in accordance with the applicable European legislation and operated by the responsible national body issuing root-signing or qualified certificates to accredited trust service providers. For other trust services listed under a service type specified in clause 5.5.1.3: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in the applicable national legislation.

2.2.148.1. Qualified e-Szigno TSA 2016 01

Provider: 2
Service: 148
History: 1/1

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/TSA/TSS-AdESQCandQES>

A time-stamping service, not qualified, as part of a service from a trust service provider that issues time-stamp tokens (TST) that can be used in the validation process of qualified signatures/seals or advanced signatures/seals supported by qualified certificates to ascertain and extend the signature/seal validity when the qualified certificate is (will be) revoked or expired (will expire).

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* Qualified e-Szigno TSA 2016 01

Hungarian: Qualified e-Szigno TSA 2016 01

Service digital identity: *Subject key identifier:*

95 D1 4E F5 43 38 B9 AB 34 CC 68 8A 3A 6A A6 3D 48 F6 8A 7B

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/recognisedatnationallevel>

For trust services listed under a service type specified in clause 5.5.1.2: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in Regulation (EU) No 910/2014 and the applicable national legislation. For NationalRootCA-QC type: The service is set by national law in accordance with the applicable European legislation and operated by the responsible national body issuing root-signing or qualified certificates to accredited trust service providers. For other trust services listed under a service type specified in clause 5.5.1.3: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in the applicable national legislation.

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/recognisedatnationallevel>

For trust services listed under a service type specified in clause 5.5.1.2: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in Regulation (EU) No 910/2014 and the applicable national legislation. For NationalRootCA-QC type: The service is set by national law in accordance with the applicable European legislation and operated by the responsible national body issuing root-signing or qualified certificates to accredited trust service providers. For other trust services listed under a service type specified in clause 5.5.1.3: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in the applicable national legislation.

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/recognisedatnationallevel>

For trust services listed under a service type specified in clause 5.5.1.2: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in Regulation (EU) No 910/2014 and the applicable national legislation. For NationalRootCA-QC type: The service is set by national law in accordance with the applicable European legislation and operated by the responsible national body issuing root-signing or qualified certificates to accredited trust service providers. For other trust services listed under a service type specified in clause 5.5.1.3: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in the applicable national legislation.

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/recognisedatnationallevel>

For trust services listed under a service type specified in clause 5.5.1.2: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in Regulation (EU) No 910/2014 and the applicable national legislation. For NationalRootCA-QC type: The service is set by national law in accordance with the applicable European legislation and operated by the responsible national body issuing root-signing or qualified certificates to accredited trust service providers. For other trust services listed under a service type specified in clause 5.5.1.3: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in the applicable national legislation.

2.3.1. Magyar Telekom Minositett CA

Provider: 3
Service: 1

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/QC>

A qualified certificate issuing trust service creating and signing qualified certificates based on the identity and other attributes verified by the relevant registration services, and under which are provided the relevant and related revocation and certificate validity status information services (e.g. CRLs, OCSP responses) in accordance with EU Directive 1999/93/EC or with Regulation (EU) No 910/2014 whichever is in force at the time of provision. This may also include generation and/or management of the associated private keys on behalf of the certified entity.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

2.3.1.1. Magyar Telekom Minositett CA

Provider: 3
Service: 1
History: 1/3

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/QC>

A qualified certificate issuing trust service creating and signing qualified certificates based on the identity and other attributes verified by the relevant registration services, and under which are provided the relevant and related revocation and certificate validity status information services (e.g. CRLs, OCSP responses) in accordance with EU Directive 1999/93/EC or with Regulation (EU) No 910/2014 whichever is in force at the time of provision. This may also include generation and/or management of the associated private keys on behalf of the certified entity.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* Magyar Telekom Minositett CA

Hungarian: Magyar Telekom Minositett CA

Service digital identity: *Subject key identifier:*

96 DC DE 8D F1 46 DD D7 06 C0 CD 8C 86 3A 21 18 13 61 13 1F

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/supervisionceased>

The validity of the supervision assessment has lapsed without the service identified in "Service digital identity" (see clause 5.5.3) being re-assessed. The service is currently not under supervision any more from the date of the current status as the service is understood to have ceased operations. "Supervision Ceased" status shall be used when a TSP directly ceases its related services under supervision; it shall not be used when supervision has been revoked.

Status starting time: 2010-07-23T10:00:00.000Z (23 Jul 2010 12:00:00 CEST)

2.3.1.2. Magyar Telekom Minositett CA

Provider: 3
Service: 1
History: 2/3

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/QC>

A qualified certificate issuing trust service creating and signing qualified certificates based on the identity and other attributes verified by the relevant registration services, and under which are provided the relevant and related revocation and certificate validity status information services (e.g. CRLs, OCSP responses) in accordance with EU Directive 1999/93/EC or with Regulation (EU) No 910/2014 whichever is in force at the time of provision. This may also include generation and/or management of the associated private keys on behalf of the certified entity.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* Magyar Telekom Minositett CA

Hungarian: Magyar Telekom Minositett CA

Service digital identity: *Subject key identifier:*

96 DC DE 8D F1 46 DD D7 06 C0 CD 8C 86 3A 21 18 13 61 13 1F

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/supervisionincessation>

The service identified in "Service digital identity" (see clause 5.5.3) provided by the trust service provider identified in "TSP name" (see clause 5.4.1) is currently in a cessation phase but still supervised until supervision is ceased or revoked. In the event a different person than the one identified in "TSP name" has taken over the responsibility of ensuring this cessation phase, the identification of this new or fallback person (fallback trust service provider) shall be provided in "Scheme service definition URI" (clause 5.5.6) and in the "TakenOverBy" extension (clause 5.5.9.3) of the service entry. "Supervision of Service in Cessation" status shall be used when a TSP directly ceases its related services under supervision; it shall not be used when supervision has been revoked.

Status starting time: 2010-01-28T16:00:00.000Z (28 Jan 2010 17:00:00 CET)

2.3.1.3. Magyar Telekom Minositett CA

Provider: 3
Service: 1
History: 3/3

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/QC>

A qualified certificate issuing trust service creating and signing qualified certificates based on the identity and other attributes verified by the relevant registration services, and under which are provided the relevant and related revocation and certificate validity status information services (e.g. CRLs, OCSP responses) in accordance with EU Directive 1999/93/EC or with Regulation (EU) No 910/2014 whichever is in force at the time of provision. This may also include generation and/or management of the associated private keys on behalf of the certified entity.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* Magyar Telekom Minositett CA

Hungarian: Magyar Telekom Minositett CA

Service digital identity: *Subject key identifier:*

96 DC DE 8D F1 46 DD D7 06 C0 CD 8C 86 3A 21 18 13 61 13 1F

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/undersupervision>

The service identified in "Service digital identity" (see clause 5.5.3) provided by the trust service provider identified in "TSP name" (see clause 5.4.1) is currently under supervision, for compliance with the provisions laid down in the applicable European legislation, by the Member State identified in the "Scheme territory" (see clause 5.3.10) in which the trust service provider is established.

Status starting time: 2005-07-06T11:46:54.000Z (06 Jul 2005 13:46:54 CEST)

2.3.2. Matav Minositett CA

Provider: 3
Service: 2

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/QC>

A qualified certificate issuing trust service creating and signing qualified certificates based on the identity and other attributes verified by the relevant registration services, and under which are provided the relevant and related revocation and certificate validity status information services (e.g. CRLs, OCSP responses) in accordance with EU Directive 1999/93/EC or with Regulation (EU) No 910/2014 whichever is in force at the time of provision. This may also include generation and/or management of the associated private keys on behalf of the certified entity.

2.3.2.1. Matav Minositett CA

Provider: 3
Service: 2
History: 1/2

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/QC>

A qualified certificate issuing trust service creating and signing qualified certificates based on the identity and other attributes verified by the relevant registration services, and under which are provided the relevant and related revocation and certificate validity status information services (e.g. CRLs, OCSP responses) in accordance with EU Directive 1999/93/EC or with Regulation (EU) No 910/2014 whichever is in force at the time of provision. This may also include generation and/or management of the associated private keys on behalf of the certified entity.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* Matav Minositett CA

Hungarian: Matav Minositett CA

Service digital identity: *Subject key identifier:*

37 8E B9 03 0C 22 23 AB E6 59 FE 83 42 34 E8 ED 6F 46 09 D5

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/supervisionceased>

The validity of the supervision assessment has lapsed without the service identified in "Service digital identity" (see clause 5.5.3) being re-assessed. The service is currently not under supervision any more from the date of the current status as the service is understood to have ceased operations. "Supervision Ceased" status shall be used when a TSP directly ceases its related services under supervision; it shall not be used when supervision has been revoked.

Status starting time: 2005-07-06T11:46:54.000Z (06 Jul 2005 13:46:54 CEST)

2.3.2.2. Matav Minositett CA

Provider: 3
Service: 2
History: 2/2

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/QC>

A qualified certificate issuing trust service creating and signing qualified certificates based on the identity and other attributes verified by the relevant registration services, and under which are provided the relevant and related revocation and certificate validity status information services (e.g. CRLs, OCSP responses) in accordance with EU Directive 1999/93/EC or with Regulation (EU) No 910/2014 whichever is in force at the time of provision. This may also include generation and/or management of the associated private keys on behalf of the certified entity.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* Matav Minositett CA

Hungarian: Matav Minositett CA

Service digital identity: *Subject key identifier:*

37 8E B9 03 0C 22 23 AB E6 59 FE 83 42 34 E8 ED 6F 46 09 D5

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/undersupervision>

The service identified in "Service digital identity" (see clause 5.5.3) provided by the trust service provider identified in "TSP name" (see clause 5.4.1) is currently under supervision, for compliance with the provisions laid down in the applicable European legislation, by the Member State identified in the "Scheme territory" (see clause 5.3.10) in which the trust service provider is established.

Status starting time: 2004-02-19T13:12:39.000Z (19 Feb 2004 14:12:39 CET)

2.3.3. Magyar Telekom Minositett KET CA

Provider: 3
Service: 3

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/QC>

A qualified certificate issuing trust service creating and signing qualified certificates based on the identity and other attributes verified by the relevant registration services, and under which are provided the relevant and related revocation and certificate validity status information services (e.g. CRLs, OCSP responses) in accordance with EU Directive 1999/93/EC or with Regulation (EU) No 910/2014 whichever is in force at the time of provision. This may also include generation and/or management of the associated private keys on behalf of the certified entity.

2.3.3.2. Magyar Telekom Minositett KET CA

Provider: 3
Service: 3
History: 2/3

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/QC>

A qualified certificate issuing trust service creating and signing qualified certificates based on the identity and other attributes verified by the relevant registration services, and under which are provided the relevant and related revocation and certificate validity status information services (e.g. CRLs, OCSP responses) in accordance with EU Directive 1999/93/EC or with Regulation (EU) No 910/2014 whichever is in force at the time of provision. This may also include generation and/or management of the associated private keys on behalf of the certified entity.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* Magyar Telekom Minositett KET CA

Hungarian: Magyar Telekom Minositett KET CA

Service digital identity: *Subject key identifier:*
A7 70 6F 34 2C 9C 60 94 89 25 98 F1 2A 81 B8 55 BA AA F6 1A

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/supervisionincessation>

The service identified in "Service digital identity" (see clause 5.5.3) provided by the trust service provider identified in "TSP name" (see clause 5.4.1) is currently in a cessation phase but still supervised until supervision is ceased or revoked. In the event a different person than the one identified in "TSP name" has taken over the responsibility of ensuring this cessation phase, the identification of this new or fallback person (fallback trust service provider) shall be provided in "Scheme service definition URI" (clause 5.5.6) and in the "TakenOverBy" extension (clause 5.5.9.3) of the service entry. "Supervision of Service in Cessation" status shall be used when a TSP directly ceases its related services under supervision; it shall not be used when supervision has been revoked.

Status starting time: 2010-01-28T16:00:00.000Z (28 Jan 2010 17:00:00 CET)

2.3.3.3. Magyar Telekom Minositett KET CA

Provider: 3
Service: 3
History: 3/3

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/QC>

A qualified certificate issuing trust service creating and signing qualified certificates based on the identity and other attributes verified by the relevant registration services, and under which are provided the relevant and related revocation and certificate validity status information services (e.g. CRLs, OCSP responses) in accordance with EU Directive 1999/93/EC or with Regulation (EU) No 910/2014 whichever is in force at the time of provision. This may also include generation and/or management of the associated private keys on behalf of the certified entity.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* Magyar Telekom Minositett KET CA

Hungarian: Magyar Telekom Minositett KET CA

Service digital identity: *Subject key identifier:*

2.3.6.1. Magyar Telekom Root CA

Provider: 3
Service: 6
History: 1/2

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/PKC>

A certificate generation service, not qualified, creating and signing non-qualified public key certificates based on the identity and other attributes verified by the relevant registration services.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* Magyar Telekom Root CA

Hungarian: Magyar Telekom Root CA

Service digital identity: *Subject key identifier:*

CF AD CE 26 60 88 B9 30 2A D4 26 A5 72 10 EA 51 98 D0 D4 D3

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/supervisionceased>

The validity of the supervision assessment has lapsed without the service identified in "Service digital identity" (see clause 5.5.3) being re-assessed. The service is currently not under supervision any more from the date of the current status as the service is understood to have ceased operations. "Supervision Ceased" status shall be used when a TSP directly ceases its related services under supervision; it shall not be used when supervision has been revoked.

Status starting time: 2011-11-29T10:31:50.000Z (29 Nov 2011 11:31:50 CET)

2.3.6.2. Magyar Telekom Root CA

Provider: 3
Service: 6
History: 2/2

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/PKC>

A certificate generation service, not qualified, creating and signing non-qualified public key certificates based on the identity and other attributes verified by the relevant registration services.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* Magyar Telekom Root CA

Hungarian: Magyar Telekom Root CA

Service digital identity: *Subject key identifier:*

CF AD CE 26 60 88 B9 30 2A D4 26 A5 72 10 EA 51 98 D0 D4 D3

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/undersupervision>

The service identified in "Service digital identity" (see clause 5.5.3) provided by the trust service provider identified in "TSP name" (see clause 5.4.1) is currently under supervision, for compliance with the provisions laid down in the applicable European legislation, by the Member State identified in the "Scheme territory" (see clause 5.3.10) in which the trust service provider is established.

Status starting time: 2005-06-28T23:00:00.000Z (29 Jun 2005 01:00:00 CEST)

2.3.7. Magyar Telekom RootCA 2011

Provider: 3
Service: 7

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/PKC>

A certificate generation service, not qualified, creating and signing non-qualified public key certificates based on the identity and other attributes verified by the relevant registration services.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

B2 B9 9B 74 0F A0 B2 7C 7C 58 25 97 92 F7 44 7D 96 0B D7 03

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/recognisedatnationallevel>

For trust services listed under a service type specified in clause 5.5.1.2: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in Regulation (EU) No 910/2014 and the applicable national legislation. For NationalRootCA-QC type: The service is set by national law in accordance with the applicable European legislation and operated by the responsible national body issuing root-signing or qualified certificates to accredited trust service providers. For other trust services listed under a service type specified in clause 5.5.1.3: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in the applicable national legislation.

Service digital identity: *Subject key identifier:*

24 47 0C FA 70 1F 09 EE 12 AA 7D 32 27 E1 74 0E A0 43 62 34

Service status:

<http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/withdrawn>

In compliance with the provisions laid down in the applicable national legislation and Regulation (EU) No 910/2014, it indicates that the qualified status has not been initially granted or has been withdrawn by the Supervisory Body on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10): from the trust service being of a service type specified in clause 5.5.1.1 and identified in "Service digital identity" (see clause 5.5.3), and from its trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service.

Status starting time: 2016-06-30T22:00:00.000Z (01 Jul 2016 00:00:00 CEST)

2.3.9.1. TSA1

Provider: 3
Service: 9
History: 1/2

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/TSA/QTST>

A qualified electronic time stamp generation service creating and signing qualified electronic time stamps in accordance with the applicable national legislation in the territory identified by the TL Scheme territory (see clause 5.3.10) or with Regulation (EU) No 910/2014 whichever is in force at the time of provision.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* TSA1

Hungarian: TSA1

Service digital identity: *Subject key identifier:*

24 47 0C FA 70 1F 09 EE 12 AA 7D 32 27 E1 74 0E A0 43 62 34

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/supervisionceased>

The validity of the supervision assessment has lapsed without the service identified in "Service digital identity" (see clause 5.5.3) being re-assessed. The service is currently not under supervision any more from the date of the current status as the service is understood to have ceased operations. "Supervision Ceased" status shall be used when a TSP directly ceases its related services under supervision; it shall not be used when supervision has been revoked.

Status starting time: 2010-11-29T11:00:00.000Z (29 Nov 2010 12:00:00 CET)

2.3.9.2. TSA1

Provider: 3
Service: 9
History: 2/2

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/TSA/QTST>

A qualified electronic time stamp generation service creating and signing qualified electronic time stamps in accordance with the applicable national legislation in the territory identified by the TL Scheme territory (see clause 5.3.10) or with Regulation (EU) No 910/2014 whichever is in force at the time of provision.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* TSA1

Hungarian: TSA1

Service digital identity: *Subject key identifier:*

24 47 0C FA 70 1F 09 EE 12 AA 7D 32 27 E1 74 0E A0 43 62 34

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/undersupervision>

The service identified in "Service digital identity" (see clause 5.5.3) provided by the trust service provider identified in "TSP name" (see clause 5.4.1) is currently under supervision, for compliance with the provisions laid down in the applicable European legislation, by the Member State identified in the "Scheme territory" (see clause 5.3.10) in which the trust service provider is established.

Status starting time: 2009-02-06T11:21:57.000Z (06 Feb 2009 12:21:57 CET)

2.3.10. TSA1

Provider: 3
Service: 10

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/TSA/QTST>

A qualified electronic time stamp generation service creating and signing qualified electronic time stamps in accordance with the applicable national legislation in the territory identified by the TL Scheme territory (see clause 5.3.10) or with Regulation (EU) No 910/2014 whichever is in force at the time of provision.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service status:

<http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/withdrawn>

In compliance with the provisions laid down in the applicable national legislation and Regulation (EU) No 910/2014, it indicates that the qualified status has not been initially granted or has been withdrawn by the Supervisory Body on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10): from the trust service being of a service type specified in clause 5.5.1.1 and identified in "Service digital identity" (see clause 5.5.3), and from its trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service.

Status starting time:

2016-06-30T22:00:00.000Z (01 Jul 2016 00:00:00 CEST)

2.3.12.1. TSS1

Provider: 3
Service: 12
History: 1/2

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/TSA/QTST>

A qualified electronic time stamp generation service creating and signing qualified electronic time stamps in accordance with the applicable national legislation in the territory identified by the TL Scheme territory (see clause 5.3.10) or with Regulation (EU) No 910/2014 whichever is in force at the time of provision.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* TSS1

Hungarian: TSS1

Service digital identity: *Subject key identifier:*

57 74 C8 0A 1B 87 3A 8E 61 07 69 7F 51 1E 00 1D 31 E0 6D 31

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/supervisionceased>

The validity of the supervision assessment has lapsed without the service identified in "Service digital identity" (see clause 5.5.3) being re-assessed. The service is currently not under supervision any more from the date of the current status as the service is understood to have ceased operations. "Supervision Ceased" status shall be used when a TSP directly ceases its related services under supervision; it shall not be used when supervision has been revoked.

Status starting time: 2008-02-12T16:18:21.000Z (12 Feb 2008 17:18:21 CET)

2.3.12.2. TSS1

Provider: 3
Service: 12
History: 2/2

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/TSA/QTST>

A qualified electronic time stamp generation service creating and signing qualified electronic time stamps in accordance with the applicable national legislation in the territory identified by the TL Scheme territory (see clause 5.3.10) or with Regulation (EU) No 910/2014 whichever is in force at the time of provision.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* TSS1

Hungarian: TSS1

Service digital identity: *Subject key identifier:*

57 74 C8 0A 1B 87 3A 8E 61 07 69 7F 51 1E 00 1D 31 E0 6D 31

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/undersupervision>

The service identified in "Service digital identity" (see clause 5.5.3) provided by the trust service provider identified in "TSP name" (see clause 5.4.1) is currently under supervision, for compliance with the provisions laid down in the applicable European legislation, by the Member State identified in the "Scheme territory" (see clause 5.3.10) in which the trust service provider is established.

Status starting time: 2007-09-24T14:55:39.000Z (24 Sep 2007 16:55:39 CEST)

2.3.13. TSS1

Provider: 3
Service: 13

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/TSA/QTST>

A qualified electronic time stamp generation service creating and signing qualified electronic time stamps in accordance with the applicable national legislation in the territory identified by the TL Scheme territory (see clause 5.3.10) or with Regulation (EU) No 910/2014 whichever is in force at the time of provision.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service status:

<http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/withdrawn>

In compliance with the provisions laid down in the applicable national legislation and Regulation (EU) No 910/2014, it indicates that the qualified status has not been initially granted or has been withdrawn by the Supervisory Body on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10): from the trust service being of a service type specified in clause 5.5.1.1 and identified in "Service digital identity" (see clause 5.5.3), and from its trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service.

Status starting time:

2016-06-30T22:00:00.000Z (01 Jul 2016 00:00:00 CEST)

2.3.15.1. TSS1

Provider: 3
Service: 15
History: 1/2

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/TSA/QTST>

A qualified electronic time stamp generation service creating and signing qualified electronic time stamps in accordance with the applicable national legislation in the territory identified by the TL Scheme territory (see clause 5.3.10) or with Regulation (EU) No 910/2014 whichever is in force at the time of provision.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* TSS1

Hungarian: TSS1

Service digital identity: *Subject key identifier:*

25 65 3B DA F1 E2 8F 16 FC 44 40 21 B6 95 8A 2B 47 26 69 D1

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/supervisionceased>

The validity of the supervision assessment has lapsed without the service identified in "Service digital identity" (see clause 5.5.3) being re-assessed. The service is currently not under supervision any more from the date of the current status as the service is understood to have ceased operations. "Supervision Ceased" status shall be used when a TSP directly ceases its related services under supervision; it shall not be used when supervision has been revoked.

Status starting time: 2005-09-28T13:27:10.000Z (28 Sep 2005 15:27:10 CEST)

2.3.15.2. TSS1

Provider: 3
Service: 15
History: 2/2

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/TSA/QTST>

A qualified electronic time stamp generation service creating and signing qualified electronic time stamps in accordance with the applicable national legislation in the territory identified by the TL Scheme territory (see clause 5.3.10) or with Regulation (EU) No 910/2014 whichever is in force at the time of provision.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* TSS1

Hungarian: TSS1

Service digital identity: *Subject key identifier:*

25 65 3B DA F1 E2 8F 16 FC 44 40 21 B6 95 8A 2B 47 26 69 D1

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/undersupervision>

The service identified in "Service digital identity" (see clause 5.5.3) provided by the trust service provider identified in "TSP name" (see clause 5.4.1) is currently under supervision, for compliance with the provisions laid down in the applicable European legislation, by the Member State identified in the "Scheme territory" (see clause 5.3.10) in which the trust service provider is established.

Status starting time: 2005-03-03T08:19:59.000Z (03 Mar 2005 09:19:59 CET)

2.3.16. TSA2

Provider: 3
Service: 16

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/TSA/QTST>

A qualified electronic time stamp generation service creating and signing qualified electronic time stamps in accordance with the applicable national legislation in the territory identified by the TL Scheme territory (see clause 5.3.10) or with Regulation (EU) No 910/2014 whichever is in force at the time of provision.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service digital identity: *Subject key identifier:*

38 31 29 98 8F C9 FA C0 B8 4D D9 0B BE BF FD F2 18 7A 2D 8B

Service status:<http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/withdrawn>

In compliance with the provisions laid down in the applicable national legislation and Regulation (EU) No 910/2014, it indicates that the qualified status has not been initially granted or has been withdrawn by the Supervisory Body on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10): from the trust service being of a service type specified in clause 5.5.1.1 and identified in "Service digital identity" (see clause 5.5.3), and from its trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service.

Status starting time: 2016-06-30T22:00:00.000Z (01 Jul 2016 00:00:00 CEST)

2.3.18.1. TSA2

Provider: 3
Service: 18
History: 1/2

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/TSA/QTST>

A qualified electronic time stamp generation service creating and signing qualified electronic time stamps in accordance with the applicable national legislation in the territory identified by the TL Scheme territory (see clause 5.3.10) or with Regulation (EU) No 910/2014 whichever is in force at the time of provision.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* TSA2

Hungarian: TSA2

Service digital identity: *Subject key identifier:*

38 31 29 98 8F C9 FA C0 B8 4D D9 0B BE BF FD F2 18 7A 2D 8B

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/supervisionceased>

The validity of the supervision assessment has lapsed without the service identified in "Service digital identity" (see clause 5.5.3) being re-assessed. The service is currently not under supervision any more from the date of the current status as the service is understood to have ceased operations. "Supervision Ceased" status shall be used when a TSP directly ceases its related services under supervision; it shall not be used when supervision has been revoked.

Status starting time: 2009-02-06T11:28:15.000Z (06 Feb 2009 12:28:15 CET)

2.3.18.2. TSA2

Provider: 3
Service: 18
History: 2/2

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/TSA/QTST>

A qualified electronic time stamp generation service creating and signing qualified electronic time stamps in accordance with the applicable national legislation in the territory identified by the TL Scheme territory (see clause 5.3.10) or with Regulation (EU) No 910/2014 whichever is in force at the time of provision.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* TSA2

Hungarian: TSA2

Service digital identity: *Subject key identifier:*

Service status:

In compliance with the provisions laid down in the applicable national legislation and Regulation (EU) No 910/2014, it indicates that the qualified status has not been initially granted or has been withdrawn by the Supervisory Body on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10): from the trust service being of a service type specified in clause 5.5.1.1 and identified in "Service digital identity" (see clause 5.5.3), and from its trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service.

Status starting time: 2016-06-30T22:00:00.000Z (01 Jul 2016 00:00:00 CEST)

2.3.21.1. TSS2

Provider: 3
Service: 21
History: 1/2

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/TSA/QTST>

A qualified electronic time stamp generation service creating and signing qualified electronic time stamps in accordance with the applicable national legislation in the territory identified by the TL Scheme territory (see clause 5.3.10) or with Regulation (EU) No 910/2014 whichever is in force at the time of provision.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* TSS2

Hungarian: TSS2

Service digital identity: *Subject key identifier:*

58 4D DC E6 08 CE 70 1D 52 A9 95 C1 48 49 3D 1A 41 90 F3 83

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/supervisionceased>

The validity of the supervision assessment has lapsed without the service identified in "Service digital identity" (see clause 5.5.3) being re-assessed. The service is currently not under supervision any more from the date of the current status as the service is understood to have ceased operations. "Supervision Ceased" status shall be used when a TSP directly ceases its related services under supervision; it shall not be used when supervision has been revoked.

Status starting time: 2007-09-24T14:57:07.000Z (24 Sep 2007 16:57:07 CEST)

2.3.21.2. TSS2

Provider: 3
Service: 21
History: 2/2

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/TSA/QTST>

A qualified electronic time stamp generation service creating and signing qualified electronic time stamps in accordance with the applicable national legislation in the territory identified by the TL Scheme territory (see clause 5.3.10) or with Regulation (EU) No 910/2014 whichever is in force at the time of provision.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* TSS2

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/undersupervision>

The service identified in "Service digital identity" (see clause 5.5.3) provided by the trust service provider identified in "TSP name" (see clause 5.4.1) is currently under supervision, for compliance with the provisions laid down in the applicable European legislation, by the Member State identified in the "Scheme territory" (see clause 5.3.10) in which the trust service provider is established.

Status starting time: 2004-09-17T12:26:44.000Z (17 Sep 2004 14:26:44 CEST)

2.3.25. TSA1 2011

Provider: 3
Service: 25

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/TSA/QTST>

A qualified electronic time stamp generation service creating and signing qualified electronic time stamps in accordance with the applicable national legislation in the territory identified by the TL Scheme territory (see clause 5.3.10) or with Regulation (EU) No 910/2014 whichever is in force at the time of provision.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/recognisedatnationallevel>

For trust services listed under a service type specified in clause 5.5.1.2: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in Regulation (EU) No 910/2014 and the applicable national legislation. For NationalRootCA-QC type: The service is set by national law in accordance with the applicable European legislation and operated by the responsible national body issuing root-signing or qualified certificates to accredited trust service providers. For other trust services listed under a service type specified in clause 5.5.1.3: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in the applicable national legislation.

2.3.43. TSU2 2017

Provider: 3
Service: 43

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/TSA/TSS-AdESQCandQES>

A time-stamping service, not qualified, as part of a service from a trust service provider that issues time-stamp tokens (TST) that can be used in the validation process of qualified signatures/seals or advanced signatures/seals supported by qualified certificates to ascertain and extend the signature/seal validity when the qualified certificate is (will be) revoked or expired (will expire).

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

2.3.43.1. TSU2 2017

Provider: 3
Service: 43
History: 1/1

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/TSA/TSS-AdESQCandQES>

A time-stamping service, not qualified, as part of a service from a trust service provider that issues time-stamp tokens (TST) that can be used in the validation process of qualified signatures/seals or advanced signatures/seals supported by qualified certificates to ascertain and extend the signature/seal validity when the qualified certificate is (will be) revoked or expired (will expire).

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* TSU2 2017

Hungarian: TSU2 2017

Service digital identity: *Subject key identifier:*

43 2E B5 13 7E E8 56 B8 AC 0D A7 6A 4B AD 4D A9 55 E2 3E D7

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/recognisedatnationallevel>

For trust services listed under a service type specified in clause 5.5.1.2: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in Regulation (EU) No 910/2014 and the applicable national legislation. For NationalRootCA-QC type: The service is set by national law in accordance with the applicable European legislation and operated by the responsible national body issuing root-signing or qualified certificates to accredited trust service providers. For other trust services listed under a service type specified in clause 5.5.1.3: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in the applicable national legislation.

BA 9F 74 12 AA 35 CA 2D 4F 78 39 DE B8 B2 1E 6E BB 47 D0 95

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/supervisionceased>

The validity of the supervision assessment has lapsed without the service identified in "Service digital identity" (see clause 5.5.3) being re-assessed. The service is currently not under supervision any more from the date of the current status as the service is understood to have ceased operations. "Supervision Ceased" status shall be used when a TSP directly ceases its related services under supervision; it shall not be used when supervision has been revoked.

Status starting time: 2013-02-12T13:38:40.000Z (12 Feb 2013 14:38:40 CET)

2.4.1.2. EDUCA-2

Provider: 4
Service: 1
History: 2/2

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/PKC>

A certificate generation service, not qualified, creating and signing non-qualified public key certificates based on the identity and other attributes verified by the relevant registration services.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* EDUCA-2

Hungarian: EDUCA-2

Service digital identity: *Subject key identifier:*

BA 9F 74 12 AA 35 CA 2D 4F 78 39 DE B8 B2 1E 6E BB 47 D0 95

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/undersupervision>

The service identified in "Service digital identity" (see clause 5.5.3) provided by the trust service provider identified in "TSP name" (see clause 5.4.1) is currently under supervision, for compliance with the provisions laid down in the applicable European legislation, by the Member State identified in the "Scheme territory" (see clause 5.3.10) in which the trust service provider is established.

Status starting time: 2008-01-29T09:40:17.000Z (29 Jan 2008 10:40:17 CET)

2.6.2.2. NetLock Minositett Kozigazgatasi Tanusitvanykiado

Provider: 6
Service: 2
History: 2/2

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/QC>

A qualified certificate issuing trust service creating and signing qualified certificates based on the identity and other attributes verified by the relevant registration services, and under which are provided the relevant and related revocation and certificate validity status information services (e.g. CRLs, OCSP responses) in accordance with EU Directive 1999/93/EC or with Regulation (EU) No 910/2014 whichever is in force at the time of provision. This may also include generation and/or management of the associated private keys on behalf of the certified entity.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* NetLock Minositett Kozigazgatasi Tanusitvanykiado

Hungarian: NetLock Minositett Kozigazgatasi Tanusitvanykiado

Service digital identity: *Subject key identifier:*

F8 DC 64 CE 60 53 34 04 9E 04 AD D1 EB 36 7C 23 C4 8F 50 F5

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/undersupervision>

The service identified in "Service digital identity" (see clause 5.5.3) provided by the trust service provider identified in "TSP name" (see clause 5.4.1) is currently under supervision, for compliance with the provisions laid down in the applicable European legislation, by the Member State identified in the "Scheme territory" (see clause 5.3.10) in which the trust service provider is established.

Status starting time: 2006-07-21T11:48:42.000Z (21 Jul 2006 13:48:42 CEST)

Service: 5

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/QC>

A qualified certificate issuing trust service creating and signing qualified certificates based on the identity and other attributes verified by the relevant registration services, and under which are provided the relevant and related revocation and certificate validity status information services (e.g. CRLs, OCSP responses) in accordance with EU Directive 1999/93/EC or with Regulation (EU) No 910/2014 whichever is in force at the time of provision. This may also include generation and/or management of the associated private keys on behalf of the certified entity.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

2.6.8. NETLOCK Trust Qualified SCD CA

Provider: 6
Service: 8

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/QC>

A qualified certificate issuing trust service creating and signing qualified certificates based on the identity and other attributes verified by the relevant registration services, and under which are provided the relevant and related revocation and certificate validity status information services (e.g. CRLs, OCSP responses) in accordance with EU Directive 1999/93/EC or with Regulation (EU) No 910/2014 whichever is in force at the time of provision. This may also include generation and/or management of the associated private keys on behalf of the certified entity.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

2.6.12. NETLOCK Trust Qualified EV CA 3

Provider: 6 Service: 12

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/QC>

A qualified certificate issuing trust service creating and signing qualified certificates based on the identity and other attributes verified by the relevant registration services, and under which are provided the relevant and related revocation and certificate validity status information services (e.g. CRLs, OCSP responses) in accordance with EU Directive 1999/93/EC or with Regulation (EU) No 910/2014 whichever is in force at the time of provision. This may also include generation and/or management of the associated private keys on behalf of the certified entity.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* NETLOCK Trust Qualified EV CA 3*Hungarian:* NETLOCK Trust Qualified EV CA 3**Service digital identity:** *Subject key identifier:*

Service status:

<http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/granted>

Following ex ante and active approval activities, in compliance with the provisions laid down in the applicable national legislation and Regulation (EU) No 910/2014, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted a qualified status:- to the corresponding trust service being of a service type specified in clause 5.5.1.1 and identified in "Service digital identity" (see clause 5.5.3), and - to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service.

Status starting time: 2024-05-22T22:00:00.000Z (23 May 2024 00:00:00 CEST)

2.6.17. NETLOCK Trust Qualified ECC CA

Provider: 6
Service: 17

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/QC>

A qualified certificate issuing trust service creating and signing qualified certificates based on the identity and other attributes verified by the relevant registration services, and under which are provided the relevant and related revocation and certificate validity status information services (e.g. CRLs, OCSP responses) in accordance with EU Directive 1999/93/EC or with Regulation (EU) No 910/2014 whichever is in force at the time of provision. This may also include generation and/or management of the associated private keys on behalf of the certified entity.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* NETLOCK Trust Qualified ECC CA

Hungarian: NETLOCK Trust Qualified ECC CA

2.6.20.1. Online SSL Hitelesítő Alegység (Online SSL CA)

Provider: 6
Service: 20
History: 1/2

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/PKC>

A certificate generation service, not qualified, creating and signing non-qualified public key certificates based on the identity and other attributes verified by the relevant registration services.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* Online SSL Hitelesítő Alegység (Online SSL CA)

Hungarian: Online SSL Hitelesítő Alegység (Online SSL CA)

Service digital identity: *Subject key identifier:*

D6 BC 8C 7D A5 85 AD FB CE 9F DA B3 CE C2 15 E0 4B F7 DB 0F

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/supervisionceased>

The validity of the supervision assessment has lapsed without the service identified in "Service digital identity" (see clause 5.5.3) being re-assessed. The service is currently not under supervision any more from the date of the current status as the service is understood to have ceased operations. "Supervision Ceased" status shall be used when a TSP directly ceases its related services under supervision; it shall not be used when supervision has been revoked.

Status starting time: 2014-06-30T22:00:00.000Z (01 Jul 2014 00:00:00 CEST)

2.6.20.2. Online SSL Hitelesítő Alegység (Online SSL CA)

Provider: 6
Service: 20
History: 2/2

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/PKC>

A certificate generation service, not qualified, creating and signing non-qualified public key certificates based on the identity and other attributes verified by the relevant registration services.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* Online SSL Hitelesítő Alegység (Online SSL CA)

Hungarian: Online SSL Hitelesítő Alegység (Online SSL CA)

Service digital identity: *Subject key identifier:*

D6 BC 8C 7D A5 85 AD FB CE 9F DA B3 CE C2 15 E0 4B F7 DB 0F

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/undersupervision>

The service identified in "Service digital identity" (see clause 5.5.3) provided by the trust service provider identified in "TSP name" (see clause 5.4.1) is currently under supervision, for compliance with the provisions laid down in the applicable European legislation, by the Member State identified in the "Scheme territory" (see clause 5.3.10) in which the trust service provider is established.

Status starting time: 2009-06-30T11:04:46.000Z (30 Jun 2009 13:04:46 CEST)

2.6.21. NetLock (Class B) Közigazgatási Tanúsítványkiadó

Provider: 6
Service: 21

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/PKC>

A certificate generation service, not qualified, creating and signing non-qualified public key certificates based on the identity and other attributes verified by the relevant registration services.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

2.6.21.1. NetLock (Class B) Közigazgatási Tanúsítványkiadó

Provider: 6
Service: 21
History: 1/2

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/PKC>

A certificate generation service, not qualified, creating and signing non-qualified public key certificates based on the identity and other attributes verified by the relevant registration services.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* NetLock (Class B) Közigazgatási Tanúsítványkiadó

Hungarian: NetLock (Class B) Közigazgatási Tanúsítványkiadó

Service digital identity: *Subject key identifier:*

50 2C A6 C8 88 C3 8D 63 30 C7 30 35 44 F5 93 DD 66 5E 1B 90

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/recognisedatnationallevel>

For trust services listed under a service type specified in clause 5.5.1.2: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in Regulation (EU) No 910/2014 and the applicable national legislation. For NationalRootCA-QC type: The service is set by national law in accordance with the applicable European legislation and operated by the responsible national body issuing root-signing or qualified certificates to accredited trust service providers. For other trust services listed under a service type specified in clause 5.5.1.3: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in the applicable national legislation.

2.6.23.2. NetLock Kozjegyzoi (Class A) Tanusitvanykiado

Provider: 6
Service: 23
History: 2/2

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/PKC>

A certificate generation service, not qualified, creating and signing non-qualified public key certificates based on the identity and other attributes verified by the relevant registration services.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* NetLock Kozjegyzoi (Class A) Tanusitvanykiado

Hungarian: NetLock Kozjegyzoi (Class A) Tanusitvanykiado

Service digital identity: *Subject key identifier:*

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/recognisedatnationallevel>

For trust services listed under a service type specified in clause 5.5.1.2: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in Regulation (EU) No 910/2014 and the applicable national legislation. For NationalRootCA-QC type: The service is set by national law in accordance with the applicable European legislation and operated by the responsible national body issuing root-signing or qualified certificates to accredited trust service providers. For other trust services listed under a service type specified in clause 5.5.1.3: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in the applicable national legislation.

Service status:

<http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/recognisedatnationallevel>

For trust services listed under a service type specified in clause 5.5.1.2: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in Regulation (EU) No 910/2014 and the applicable national legislation. For NationalRootCA-QC type: The service is set by national law in accordance with the applicable European legislation and operated by the responsible national body issuing root-signing or qualified certificates to accredited trust service providers. For other trust services listed under a service type specified in clause 5.5.1.3: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in the applicable national legislation.

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/recognisedatnationallevel>

For trust services listed under a service type specified in clause 5.5.1.2: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in Regulation (EU) No 910/2014 and the applicable national legislation. For NationalRootCA-QC type: The service is set by national law in accordance with the applicable European legislation and operated by the responsible national body issuing root-signing or qualified certificates to accredited trust service providers. For other trust services listed under a service type specified in clause 5.5.1.3: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in the applicable national legislation.

2.6.32.1. NETLOCK Trust Advanced Plus CA

Provider: 6
Service: 32
History: 1/1

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/PKC>

A certificate generation service, not qualified, creating and signing non-qualified public key certificates based on the identity and other attributes verified by the relevant registration services.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* NETLOCK Trust Advanced Plus CA

Hungarian: NETLOCK Trust Advanced Plus CA

Service digital identity: *Subject key identifier:*

D9 05 F5 45 A8 C4 C3 93 E4 82 98 B7 09 79 F2 F7 2D EA BC F7

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/undersupervision>

The service identified in "Service digital identity" (see clause 5.5.3) provided by the trust service provider identified in "TSP name" (see clause 5.4.1) is currently under supervision, for compliance with the provisions laid down in the applicable European legislation, by the Member State identified in the "Scheme territory" (see clause 5.3.10) in which the trust service provider is established.

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/recognisedatnationallevel>

For trust services listed under a service type specified in clause 5.5.1.2: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in Regulation (EU) No 910/2014 and the applicable national legislation. For NationalRootCA-QC type: The service is set by national law in accordance with the applicable European legislation and operated by the responsible national body issuing root-signing or qualified certificates to accredited trust service providers. For other trust services listed under a service type specified in clause 5.5.1.3: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in the applicable national legislation.

2.6.35.1. NetLock Minősített Eat. Spec. (Class Q Legal Spec.) Kiadó

Provider: 6
Service: 35
History: 1/1

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/PKC>

A certificate generation service, not qualified, creating and signing non-qualified public key certificates based on the identity and other attributes verified by the relevant registration services.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* NetLock Minősített Eat. Spec. (Class Q Legal Spec.) Kiadó

Hungarian: NetLock Minősített Eat. Spec. (Class Q Legal Spec.) Kiadó

Service digital identity: *Subject key identifier:*

25 6A 74 5B 55 2B BA 7F 6F AB 1E 8B 28 D8 E8 E8 5B BE AD C2

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/recognisedatnationallevel>

For trust services listed under a service type specified in clause 5.5.1.2: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in Regulation (EU) No 910/2014 and the applicable national legislation. For NationalRootCA-QC type: The service is set by national law in accordance with the applicable European legislation and operated by the responsible national body issuing root-signing or qualified certificates to accredited trust service providers. For other trust services listed under a service type specified in clause 5.5.1.3: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in the applicable national legislation.

2.6.36. NETLOCK Trust EV CA

Provider: 6
Service: 36

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/PKC>

A certificate generation service, not qualified, creating and signing non-qualified public key certificates based on the identity and other attributes verified by the relevant registration services.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* NETLOCK Trust EV CA

Hungarian: NETLOCK Trust EV CA

Service digital identity: *Version:*

3

Serial number:

80 544 274 841 672 (decimal)

Signature algorithm:

SHA256withRSA (1.2.840.113549.1.1.11)

Subject:

CN=NETLOCK Trust EV CA,O=NETLOCK Ltd.,L=Budapest,C=HU

Issuer:

Service status:

<http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/recognisedatnationallevel>

For trust services listed under a service type specified in clause 5.5.1.2: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in Regulation (EU) No 910/2014 and the applicable national legislation. For NationalRootCA-QC type: The service is set by national law in accordance with the applicable European legislation and operated by the responsible national body issuing root-signing or qualified certificates to accredited trust service providers. For other trust services listed under a service type specified in clause 5.5.1.3: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in the applicable national legislation.

2.6.40. NETLOCK Trust SSL CA

Provider: 6
Service: 40

Service type identifier: http://uri.etsi.org/TrstSvc/Svctype/CA/PKC

A certificate generation service, not qualified, creating and signing non-qualified public key certificates based on the identity and other attributes verified by the relevant registration services.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: English: NETLOCK Trust SSL CA

Hungarian: NETLOCK Trust SSL CA

Service digital identity: Version:

3

Serial number:

1 485 779 624 607 058 790 777 452 869 801 784 (decimal)

Signature algorithm:

SHA256withRSA (1.2.840.113549.1.1.11)

Subject:

CN=NETLOCK Trust SSL CA,O=NETLOCK Ltd.,L=Budapest,C=HU

Issuer:

CN=NetLock Arany (Class Gold) Főtanúsítvány,OU=Tanúsítványkiadók
(Certification Services),O=NetLock Kft.,L=Budapest,C=HU

Subject key identifier:

3C DD D1 7A 46 59 EB 7E ED 0E 73 5C F0 F9 78 CF DB 06 AE B0

Authority key identifier:

CC FA 67 93 F0 B6 B8 D0 A5 C0 1E F3 53 FD 8C 53 DF 83 D7 96

Valid from:

2017-10-05T16:34:35.000Z (05 Oct 2017 18:34:35 CEST)

Valid to:

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/recognisedatnationallevel>

For trust services listed under a service type specified in clause 5.5.1.2: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in Regulation (EU) No 910/2014 and the applicable national legislation. For NationalRootCA-QC type: The service is set by national law in accordance with the applicable European legislation and operated by the responsible national body issuing root-signing or qualified certificates to accredited trust service providers. For other trust services listed under a service type specified in clause 5.5.1.3: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in the applicable national legislation.

For trust services listed under a service type specified in clause 5.5.1.2: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in Regulation (EU) No 910/2014 and the applicable national legislation. For NationalRootCA-QC type: The service is set by national law in accordance with the applicable European legislation and operated by the responsible national body issuing root-signing or qualified certificates to accredited trust service providers. For other trust services listed under a service type specified in clause 5.5.1.3: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in the applicable national legislation.

Service status:

<http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/recognisedatnationallevel>

For trust services listed under a service type specified in clause 5.5.1.2: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in Regulation (EU) No 910/2014 and the applicable national legislation. For NationalRootCA-QC type: The service is set by national law in accordance with the applicable European legislation and operated by the responsible national body issuing root-signing or qualified certificates to accredited trust service providers. For other trust services listed under a service type specified in clause 5.5.1.3: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in the applicable national legislation.

Service status:

<http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/withdrawn>

In compliance with the provisions laid down in the applicable national legislation and Regulation (EU) No 910/2014, it indicates that the qualified status has not been initially granted or has been withdrawn by the Supervisory Body on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10): from the trust service being of a service type specified in clause 5.5.1.1 and identified in "Service digital identity" (see clause 5.5.3), and from its trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service.

Status starting time:

2016-06-30T22:00:00.000Z (01 Jul 2016 00:00:00 CEST)

2.6.50.1. NetLock Minositett Idobelyeg Szolgáltato 5

Provider: 6
Service: 50
History: 1/1

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/TSA/QTST>

A qualified electronic time stamp generation service creating and signing qualified electronic time stamps in accordance with the applicable national legislation in the territory identified by the TL Scheme territory (see clause 5.3.10) or with Regulation (EU) No 910/2014 whichever is in force at the time of provision.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* NetLock Minositett Idobelyeg Szolgáltato 5

Hungarian: NetLock Minositett Idobelyeg Szolgáltato 5

Service digital identity: *Subject key identifier:*

History: 1/1

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/TSA/QTST>

A qualified electronic time stamp generation service creating and signing qualified electronic time stamps in accordance with the applicable national legislation in the territory identified by the TL Scheme territory (see clause 5.3.10) or with Regulation (EU) No 910/2014 whichever is in force at the time of provision.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* NetLock Minősített Időbélyeg Szolgáltató G1

Hungarian: NetLock Minősített Időbélyeg Szolgáltató G1

Service digital identity: *Subject key identifier:*

CB D2 E3 FD E2 B6 76 B9 47 9B 55 7E 82 E4 DC D9 FF 39 3F B9

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/undersupervision>

The service identified in "Service digital identity" (see clause 5.5.3) provided by the trust service provider identified in "TSP name" (see clause 5.4.1) is currently under supervision, for compliance with the provisions laid down in the applicable European legislation, by the Member State identified in the "Scheme territory" (see clause 5.3.10) in which the trust service provider is established.

Status starting time: 2010-02-01T19:45:59.000Z (01 Feb 2010 20:45:59 CET)

2.6.54. NetLock Minősített Időbélyeg Szolgáltató G2

Provider: 6
Service: 54

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/withdrawn>

In compliance with the provisions laid down in the applicable national legislation and Regulation (EU) No 910/2014, it indicates that the qualified status has not been initially granted or has been withdrawn by the Supervisory Body on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10): from the trust service being of a service type specified in clause 5.5.1.1 and identified in "Service digital identity" (see clause 5.5.3), and from its trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service.

Status starting time: 2016-06-30T22:00:00.000Z (01 Jul 2016 00:00:00 CEST)

2.6.55.1. NetLock Minősített Időbélyeg Szolgáltató G3

Provider: 6
Service: 55
History: 1/1

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/TSA/QTST>

A qualified electronic time stamp generation service creating and signing qualified electronic time stamps in accordance with the applicable national legislation in the territory identified by the TL Scheme territory (see clause 5.3.10) or with Regulation (EU) No 910/2014 whichever is in force at the time of provision.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* NetLock Minősített Időbélyeg Szolgáltató G3

Hungarian: NetLock Minősített Időbélyeg Szolgáltató G3

Service digital identity: *Subject key identifier:*

FC FD 7F 66 87 89 FC 5A A0 43 BD 98 3D CE A9 AC 7C 97 1D 9C

Service status:

<http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/withdrawn>

In compliance with the provisions laid down in the applicable national legislation and Regulation (EU) No 910/2014, it indicates that the qualified status has not been initially granted or has been withdrawn by the Supervisory Body on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10): from the trust service being of a service type specified in clause 5.5.1.1 and identified in "Service digital identity" (see clause 5.5.3), and from its trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service.

Status starting time: 2016-06-30T22:00:00.000Z (01 Jul 2016 00:00:00 CEST)

2.6.62.1. NetLock Minősített Időbélyeg Szolgáltató G6

Provider: 6
Service: 62
History: 1/1

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/TSA/QTST>

A qualified electronic time stamp generation service creating and signing qualified electronic time stamps in accordance with the applicable national legislation in the territory identified by the TL Scheme territory (see clause 5.3.10) or with Regulation (EU) No 910/2014 whichever is in force at the time of provision.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* NetLock Minősített Időbélyeg Szolgáltató G6

Hungarian: NetLock Minősített Időbélyeg Szolgáltató G6

Service digital identity: *Subject key identifier:*

Service status:<http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/recognisedatnationallevel>

For trust services listed under a service type specified in clause 5.5.1.2: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in Regulation (EU) No 910/2014 and the applicable national legislation. For NationalRootCA-QC type: The service is set by national law in accordance with the applicable European legislation and operated by the responsible national body issuing root-signing or qualified certificates to accredited trust service providers. For other trust services listed under a service type specified in clause 5.5.1.3: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in the applicable national legislation.

Service digital identity: *Subject key identifier:*

A1 BD 02 70 85 C7 36 AE 0F 37 83 85 02 84 E7 31 F7 CE 8B 8E

Service status:

<http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/withdrawn>

In compliance with the provisions laid down in the applicable national legislation and Regulation (EU) No 910/2014, it indicates that the qualified status has not been initially granted or has been withdrawn by the Supervisory Body on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10): from the trust service being of a service type specified in clause 5.5.1.1 and identified in "Service digital identity" (see clause 5.5.3), and from its trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service.

Status starting time: 2016-06-30T22:00:00.000Z (01 Jul 2016 00:00:00 CEST)

2.6.68.1. NetLock Minősített Időbélyeg Szolgáltató G10

Provider: 6
Service: 68
History: 1/1

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/TSA/QTST>

A qualified electronic time stamp generation service creating and signing qualified electronic time stamps in accordance with the applicable national legislation in the territory identified by the TL Scheme territory (see clause 5.3.10) or with Regulation (EU) No 910/2014 whichever is in force at the time of provision.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* NetLock Minősített Időbélyeg Szolgáltató G10

Hungarian: NetLock Minősített Időbélyeg Szolgáltató G10

Service digital identity: *Subject key identifier:*

A1 BD 02 70 85 C7 36 AE 0F 37 83 85 02 84 E7 31 F7 CE 8B 8E

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/undersupervision>

The service identified in "Service digital identity" (see clause 5.5.3) provided by the trust service provider identified in "TSP name" (see clause 5.4.1) is currently under supervision, for compliance with the provisions laid down in the applicable European legislation, by the Member State identified in the "Scheme territory" (see clause 5.3.10) in which the trust service provider is established.

Status starting time: 2012-10-18T11:44:20.000Z (18 Oct 2012 13:44:20 CEST)

Service digital identity: *Subject key identifier:*

D8 66 7E 17 EB FA 72 D2 9A 27 B3 A8 64 D7 BA 72 F1 70 3B 8C

Service status:

<http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/withdrawn>

In compliance with the provisions laid down in the applicable national legislation and Regulation (EU) No 910/2014, it indicates that the qualified status has not been initially granted or has been withdrawn by the Supervisory Body on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10): from the trust service being of a service type specified in clause 5.5.1.1 and identified in "Service digital identity" (see clause 5.5.3), and from its trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service.

Status starting time: 2016-06-30T22:00:00.000Z (01 Jul 2016 00:00:00 CEST)

2.6.70.1. NetLock Minősített Időbélyeg Szolgáltató 2

Provider: 6
Service: 70
History: 1/1

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/TSA/QTST>

A qualified electronic time stamp generation service creating and signing qualified electronic time stamps in accordance with the applicable national legislation in the territory identified by the TL Scheme territory (see clause 5.3.10) or with Regulation (EU) No 910/2014 whichever is in force at the time of provision.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* NetLock Minősített Időbélyeg Szolgáltató 2

Hungarian: NetLock Minősített Időbélyeg Szolgáltató 2

Service digital identity: *Subject key identifier:*

64 AF 81 8A 5C 30 B8 57 65 DA 5D A5 3D 58 6E 47 62 42 34 AB

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/recognisedatnationallevel>

For trust services listed under a service type specified in clause 5.5.1.2: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in Regulation (EU) No 910/2014 and the applicable national legislation. For NationalRootCA-QC type: The service is set by national law in accordance with the applicable European legislation and operated by the responsible national body issuing root-signing or qualified certificates to accredited trust service providers. For other trust services listed under a service type specified in clause 5.5.1.3: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in the applicable national legislation.

Service status:

<http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/recognisedatnationallevel>

For trust services listed under a service type specified in clause 5.5.1.2: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in Regulation (EU) No 910/2014 and the applicable national legislation. For NationalRootCA-QC type: The service is set by national law in accordance with the applicable European legislation and operated by the responsible national body issuing root-signing or qualified certificates to accredited trust service providers. For other trust services listed under a service type specified in clause 5.5.1.3: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in the applicable national legislation.

47 78 4C A4 30 C5 F9 2C 1D 90 6E 52 1B 2D CD 96 D6 2F B2 86

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/recognisedatnationallevel>

For trust services listed under a service type specified in clause 5.5.1.2: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in Regulation (EU) No 910/2014 and the applicable national legislation. For NationalRootCA-QC type: The service is set by national law in accordance with the applicable European legislation and operated by the responsible national body issuing root-signing or qualified certificates to accredited trust service providers. For other trust services listed under a service type specified in clause 5.5.1.3: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in the applicable national legislation.

2.6.82.1. NETLOCK Qualified Preservation Service SCD

Provider: 6
Service: 82
History: 1/1

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/Archiv>

An Archival service.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* NETLOCK Qualified Preservation Service SCD

Hungarian: NETLOCK Qualified Preservation Service SCD

Service digital identity: *Subject key identifier:*

2D 46 C4 91 6E 52 0C 51 7A 05 36 60 2F 04 74 F5 51 07 F8 5A

2D 46 C4 91 6E 52 0C 51 7A 05 36 60 2F 04 74 F5 51 07 F8 5A

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/recognisedatnationallevel>

For trust services listed under a service type specified in clause 5.5.1.2: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in Regulation (EU) No 910/2014 and the applicable national legislation. For NationalRootCA-QC type: The service is set by national law in accordance with the applicable European legislation and operated by the responsible national body issuing root-signing or qualified certificates to accredited trust service providers. For other trust services listed under a service type specified in clause 5.5.1.3: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in the applicable national legislation.

2.6.83.1. NETLOCK Qualified Preservation Service SCD

Provider: 6
Service: 83
History: 1/1

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/PSES/Q>

A qualified preservation service for qualified electronic signatures and/or qualified electronic seals in accordance with the applicable national legislation in the territory identified by the TL Scheme territory (see clause 5.3.10) or with Regulation (EU) No 910/2014 whichever is in force at the time of provision.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* NETLOCK Qualified Preservation Service SCD

Hungarian: NETLOCK Qualified Preservation Service SCD

Service digital identity: *Subject key identifier:*
2D 46 C4 91 6E 52 0C 51 7A 05 36 60 2F 04 74 F5 51 07 F8 5A

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/recognisedatnationallevel>

For trust services listed under a service type specified in clause 5.5.1.2: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in Regulation (EU) No 910/2014 and the applicable national legislation. For NationalRootCA-QC type: The service is set by national law in accordance with the applicable European legislation and operated by the responsible national body issuing root-signing or qualified certificates to accredited trust service providers. For other trust services listed under a service type specified in clause 5.5.1.3: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in the applicable national legislation.

2.7.1.2. Digitoll Fokozott CA v1.1

Provider: 7
Service: 1
History: 2/2

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/PKC>

A certificate generation service, not qualified, creating and signing non-qualified public key certificates based on the identity and other attributes verified by the relevant registration services.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* Digitoll Fokozott CA v1.1

Hungarian: Digitoll Fokozott CA v1.1

Service digital identity: *Subject key identifier:*

41 70 5F 96 01 8E 33 2F 3D 5C 2E 94 88 12 D0 6F 04 B4 2B 36

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/undersupervision>

The service identified in "Service digital identity" (see clause 5.5.3) provided by the trust service provider identified in "TSP name" (see clause 5.4.1) is currently under supervision, for compliance with the provisions laid down in the applicable European legislation, by the Member State identified in the "Scheme territory" (see clause 5.3.10) in which the trust service provider is established.

Status starting time: 2011-07-13T10:00:00.000Z (13 Jul 2011 12:00:00 CEST)

2.7.2. Digitoll Fokozott TSA v1.1

2.8.1.2. Minősített Tanúsítványkiadó v2 - GOV CA

Provider: 8
Service: 1
History: 2/3

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/QC>

A qualified certificate issuing trust service creating and signing qualified certificates based on the identity and other attributes verified by the relevant registration services, and under which are provided the relevant and related revocation and certificate validity status information services (e.g. CRLs, OCSP responses) in accordance with EU Directive 1999/93/EC or with Regulation (EU) No 910/2014 whichever is in force at the time of provision. This may also include generation and/or management of the associated private keys on behalf of the certified entity.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* Minősített Tanúsítványkiadó v2 - GOV CA

Hungarian: Minősített Tanúsítványkiadó v2 - GOV CA

Service digital identity: *Subject key identifier:*

F4 A3 3B 8F 29 7A 31 28 CF 6B C8 86 F8 26 A8 CB DD 27 88 80

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/granted>

Following ex ante and active approval activities, in compliance with the provisions laid down in the applicable national legislation and Regulation (EU) No 910/2014, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted a qualified status:- to the corresponding trust service being of a service type specified in clause 5.5.1.1 and identified in "Service digital identity" (see clause 5.5.3), and - to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service.

Status starting time: 2016-06-30T22:00:00.000Z (01 Jul 2016 00:00:00 CEST)

2.8.3.1. Állampolgári Tanúsítványkiadó - Qualified Citizen CA

Provider: 8
Service: 3
History: 1/1

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/QC>

A qualified certificate issuing trust service creating and signing qualified certificates based on the identity and other attributes verified by the relevant registration services, and under which are provided the relevant and related revocation and certificate validity status information services (e.g. CRLs, OCSP responses) in accordance with EU Directive 1999/93/EC or with Regulation (EU) No 910/2014 whichever is in force at the time of provision. This may also include generation and/or management of the associated private keys on behalf of the certified entity.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* Állampolgári Tanúsítványkiadó - Qualified Citizen CA

Hungarian: Állampolgári Tanúsítványkiadó - Qualified Citizen CA

Service digital identity: *Subject key identifier:*

0E 13 7E B9 18 05 AA 7D 10 12 30 97 5C E9 0C A7 03 19 A3 3F

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/undersupervision>

The service identified in "Service digital identity" (see clause 5.5.3) provided by the trust service provider identified in "TSP name" (see clause 5.4.1) is currently under supervision, for compliance with the provisions laid down in the applicable European legislation, by the Member State identified in the "Scheme territory" (see clause 5.3.10) in which the trust service provider is established.

Status starting time: 2015-12-18T11:27:19.000Z (18 Dec 2015 12:27:19 CET)

2.8.4. GovCA Minősített Közigazgatási Tanúsítványkiadó

Provider: 8
Service: 4

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/QC>

A qualified certificate issuing trust service creating and signing qualified certificates based on the identity and other attributes verified by the relevant registration services, and under which are provided the relevant and related revocation and certificate validity status information services (e.g. CRLs, OCSP responses) in accordance with EU Directive 1999/93/EC or with Regulation (EU) No 910/2014 whichever is in force at the time of provision. 2.8.6. GovCA Minősített Tanúsítványkiadó 2024

Provider: 8
Service: 6

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/QC>

A qualified certificate issuing trust service creating and signing qualified certificates based on the identity and other attributes verified by the relevant registration services, and under which are provided the relevant and related revocation and certificate validity status information services (e.g. CRLs, OCSP responses) in accordance with EU Directive 1999/93/EC or with Regulation (EU) No 910/2014 whichever is in force at the time of provision. This may also include generation and/or management of the associated private keys on behalf of the certified entity.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* GovCA Minősített Tanúsítványkiadó 2024

2.8.8.1. Minősített Tanúsítványkiadó v2 - GOV CA

Provider: 8
Service: 8
History: 1/1

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/PKC>

A certificate generation service, not qualified, creating and signing non-qualified public key certificates based on the identity and other attributes verified by the relevant registration services.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* Minősített Tanúsítványkiadó v2 - GOV CA

Hungarian: Minősített Tanúsítványkiadó v2 - GOV CA

Service digital identity: *Subject key identifier:*

F4 A3 3B 8F 29 7A 31 28 CF 6B C8 86 F8 26 A8 CB DD 27 88 80

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/recognisedatnationallevel>

For trust services listed under a service type specified in clause 5.5.1.2: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in Regulation (EU) No 910/2014 and the applicable national legislation. For NationalRootCA-QC type: The service is set by national law in accordance with the applicable European legislation and operated by the responsible national body issuing root-signing or qualified certificates to accredited trust service providers. For other trust services listed under a service type specified in clause 5.5.1.3: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in the applicable national legislation.

Service status:<http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/recognisedatnationallevel>

For trust services listed under a service type specified in clause 5.5.1.2: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in Regulation (EU) No 910/2014 and the applicable national legislation. For NationalRootCA-QC type: The service is set by national law in accordance with the applicable European legislation and operated by the responsible national body issuing root-signing or qualified certificates to accredited trust service providers. For other trust services listed under a service type specified in clause 5.5.1.3: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in the applicable national legislation.

Service digital identity: Subject key identifier:

FE 8D 68 F2 0F E0 25 74 C4 B0 AD 0D D9 CC F9 CE 7C 0E 36 82

Service status:<http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/withdrawn>

In compliance with the provisions laid down in the applicable national legislation and Regulation (EU) No 910/2014, it indicates that the qualified status has not been initially granted or has been withdrawn by the Supervisory Body on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10): from the trust service being of a service type specified in clause 5.5.1.1 and identified in "Service digital identity" (see clause 5.5.3), and from its trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service.

Status starting time: 2016-06-30T22:00:00.000Z (01 Jul 2016 00:00:00 CEST)*Service supply points:* <https://tsa.hiteles.gov.hu/ts>

2.8.16.1. Qualified Time Stamp Service TSS 2014 05

Provider: 8
Service: 16
History: 1/1

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/TSA/QTST>

A qualified electronic time stamp generation service creating and signing qualified electronic time stamps in accordance with the applicable national legislation in the territory identified by the TL Scheme territory (see clause 5.3.10) or with Regulation (EU) No 910/2014 whichever is in force at the time of provision.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* Qualified Time Stamp Service TSS 2014 05

Hungarian: Minősített időbélyegzés TSS 2014 05

Service digital identity: *Subject key identifier:*

FE 8D 68 F2 0F E0 25 74 C4 B0 AD 0D D9 CC F9 CE 7C 0E 36 82

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/undersupervision>

The service identified in "Service digital identity" (see clause 5.5.3) provided by the trust service provider identified in "TSP name" (see clause 5.4.1) is currently under supervision, for compliance with the provisions laid down in the applicable European legislation, by the Member State identified in the "Scheme territory" (see clause 5.3.10) in which the trust service provider is established.

Status starting time: 2014-01-28T09:51:50.000Z (28 Jan 2014 10:51:50 CET)

2.8.17. Minősített Tanúsítványkiadó v2 - GOV CA

Provider: 8
Service: 17

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/TSA/TSS-AdESQCandQES>

A time-stamping service, not qualified, as part of a service from a trust service provider that issues time-stamp tokens (TST) that can be used in the validation process of qualified signatures/seals or advanced signatures/seals supported by qualified certificates to ascertain and extend the signature/seal validity when the qualified certificate is (will be) revoked or expired (will expire).

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service digital identity: *Subject key identifier:*

F4 A3 3B 8F 29 7A 31 28 CF 6B C8 86 F8 26 A8 CB DD 27 88 80

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/recognisedatnationallevel>

For trust services listed under a service type specified in clause 5.5.1.2: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in Regulation (EU) No 910/2014 and the applicable national legislation. For NationalRootCA-QC type: The service is set by national law in accordance with the applicable European legislation and operated by the responsible national body issuing root-signing or qualified certificates to accredited trust service providers. For other trust services listed under a service type specified in clause 5.5.1.3: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in the applicable national legislation.

Service status:

<http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/recognisedatnationallevel>

For trust services listed under a service type specified in clause 5.5.1.2: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in Regulation (EU) No 910/2014 and the applicable national legislation. For NationalRootCA-QC type: The service is set by national law in accordance with the applicable European legislation and operated by the responsible national body issuing root-signing or qualified certificates to accredited trust service providers. For other trust services listed under a service type specified in clause 5.5.1.3: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in the applicable national legislation.
