

Magyarország (Hungary): Trusted List

*Signed by Hungarian Trusted List Scheme Operator
Date: 2026.05.28 15:24:34 CEST*

1. Scheme Information

TSL version identifier: 6

TSL sequence number: 98

TSL type: <http://uri.etsi.org/TrstSvc/TrustedList/TSLType/EUgeneric>

A TL implementation of a supervision/accreditation status list of trust services from trust service providers which are supervised/accredited by the referenced Member State owning the TL implementation for compliance with the relevant provisions laid down in the applicable European legislation, through a process of direct oversight (whether voluntary or regulatory).

Scheme operator name: *English:* National Media and Infocommunications Authority, Hungary

Hungarian: Nemzeti Média- és Hírközlési Hatóság

Scheme operator address: *Postal address (English):*

Street address: Ostrom u. 23-25.

Locality: Budapest

Postal code: 1015

Country name: HU

Electronic address

Hungarian: <https://www.nmhh.hu>

English: <mailto:TLOperator@nmhh.hu>

English: <https://english.nmhh.hu>

Scheme name: *English:*

HU:Trusted list including information related to the qualified trust service providers which are supervised by the issuing Member State, together with information related to the qualified trust services provided by them, in accordance with the relevant provisions laid down in Regulation (EU) No 910/2014 of the European Parliament and of the Council of 23 July 2014 on electronic identification and trust services for electronic transactions in the internal market and repealing Directive 1999/93/EC.

Hungarian:

HU:"A belső piacon történő elektronikus tranzakciókhoz kapcsolódó elektronikus azonosításról és bizalmi szolgáltatásokról, valamint az 1999/93/EK irányelv hatályon kívül helyezéséről" szóló, 2014. július 23-i 910/2014/EU európai parlamenti és tanácsi rendeletben meghatározott releváns rendelkezések szerinti, a kiállító tagállam által felügyelt minősített bizalmi szolgáltatókkal kapcsolatos adatokat, valamint az általuk biztosított minősített bizalmi szolgáltatásokkal kapcsolatos adatokat tartalmazó Bizalmi Lista.

2.1.1. Trust&CA QKET v2.0 (Qualified certificates for public administration)

Provider: 1
Service: 1

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/QC>

A qualified certificate issuing trust service creating and signing qualified certificates based on the identity and other attributes verified by the relevant registration services, and under which are provided the relevant and related revocation and certificate validity status information services (e.g. CRLs, OCSP responses) in accordance with EU Directive 1999/93/EC or with Regulation (EU) No 910/2014 whichever is in force at the time of provision. This may also include generation and/or management of the associated private keys on behalf of the certified entity.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* Trust&CA QKET v2.0 (Qualified certificates for public administration)

Hungarian: Trust&CA QKET v2.0 (Minősített tanúsítványok közigazgatási használatra)

2.1.3.1. Trust&CA NQ v2.0

Provider: 1
Service: 3
History: 1/2

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/PKC>

A certificate generation service, not qualified, creating and signing non-qualified public key certificates based on the identity and other attributes verified by the relevant registration services.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* Trust&CA NQ v2.0

Hungarian: Trust&CA NQ v2.0

Service digital identity: *Subject key identifier:*

00 90 FF 21 D2 22 72 15 85 27 32 A8 64 A1 F3 B5 05 98 08 EA

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/supervisionceased>

The validity of the supervision assessment has lapsed without the service identified in "Service digital identity" (see clause 5.5.3) being re-assessed. The service is currently not under supervision any more from the date of the current status as the service is understood to have ceased operations. "Supervision Ceased" status shall be used when a TSP directly ceases its related services under supervision; it shall not be used when supervision has been revoked.

Status starting time: 2011-12-31T23:00:00.000Z (01 Jan 2012 00:00:00 CET)

2.1.3.2. Trust&CA NQ v2.0

Provider: 1
Service: 3
History: 2/2

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/PKC>

A certificate generation service, not qualified, creating and signing non-qualified public key certificates based on the identity and other attributes verified by the relevant registration services.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* Trust&CA NQ v2.0

Hungarian: Trust&CA NQ v2.0

Service digital identity: *Subject key identifier:*

2.1.6.1. Trust&CA NQKET v2.0

Provider: 1
Service: 6
History: 1/2

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/Certstatus/CRL>

A certificate validity status service, not qualified, issuing CRLs.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* Trust&CA NQKET v2.0

Hungarian: Trust&CA NQKET v2.0

Service digital identity: *Subject key identifier:*

2E 96 27 70 46 CD D8 2C 4F 95 F4 67 33 56 79 E3 7E 9A D3 07

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/supervisionceased>

The validity of the supervision assessment has lapsed without the service identified in "Service digital identity" (see clause 5.5.3) being re-assessed. The service is currently not under supervision any more from the date of the current status as the service is understood to have ceased operations. "Supervision Ceased" status shall be used when a TSP directly ceases its related services under supervision; it shall not be used when supervision has been revoked.

Status starting time: 2014-08-05T22:00:00.000Z (06 Aug 2014 00:00:00 CEST)

2.1.6.2. Trust&CA NQKET v2.0

Provider: 1
Service: 6
History: 2/2

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/Certstatus/CRL>

A certificate validity status service, not qualified, issuing CRLs.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* Trust&CA NQKET v2.0

Hungarian: Trust&CA NQKET v2.0

Service digital identity: *Subject key identifier:*

2E 96 27 70 46 CD D8 2C 4F 95 F4 67 33 56 79 E3 7E 9A D3 07

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/undersupervision>

The service identified in "Service digital identity" (see clause 5.5.3) provided by the trust service provider identified in "TSP name" (see clause 5.4.1) is currently under supervision, for compliance with the provisions laid down in the applicable European legislation, by the Member State identified in the "Scheme territory" (see clause 5.3.10) in which the trust service provider is established.

Status starting time: 2011-12-31T23:00:00.000Z (01 Jan 2012 00:00:00 CET)

2.1.7. Trust&Sign ACA v1.0

Provider: 1
Service: 7

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/PKC>

A certificate generation service, not qualified, creating and signing non-qualified public key certificates based on the identity and other attributes verified by the relevant registration services.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* Trust&Sign ACA v1.0

Hungarian: Trust&Sign ACA v1.0

Service: 10
History: 2/2

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/TSA>

A time-stamping generation service, not qualified, creating and signing time-stamps tokens.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* Trust&CA OTP TSA1 v2.0

Hungarian: Trust&CA OTP TSA1 v2.0

Service digital identity: *Subject key identifier:*

D8 CB D0 B5 12 39 E6 DC C5 C8 F5 DE 40 92 5F 2C 42 F3 95 D7

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/undersupervision>

The service identified in "Service digital identity" (see clause 5.5.3) provided by the trust service provider identified in "TSP name" (see clause 5.4.1) is currently under supervision, for compliance with the provisions laid down in the applicable European legislation, by the Member State identified in the "Scheme territory" (see clause 5.3.10) in which the trust service provider is established.

Status starting time: 2008-07-11T08:05:38.000Z (11 Jul 2008 10:05:38 CEST)

2.1.11.1. Trust&CA OTP TSA2 v2.0

Provider: 1
Service: 11
History: 1/2

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/TSA>

A time-stamping generation service, not qualified, creating and signing time-stamps tokens.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* Trust&CA OTP TSA2 v2.0

Hungarian: Trust&CA OTP TSA2 v2.0

Service digital identity: *Subject key identifier:*

8E 68 FB FE 86 00 F7 39 83 67 0A FB 71 B6 1D 26 54 0B 79 D6

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/supervisionceased>

The validity of the supervision assessment has lapsed without the service identified in "Service digital identity" (see clause 5.5.3) being re-assessed. The service is currently not under supervision any more from the date of the current status as the service is understood to have ceased operations. "Supervision Ceased" status shall be used when a TSP directly ceases its related services under supervision; it shall not be used when supervision has been revoked.

Status starting time: 2011-11-07T07:25:59.000Z (07 Nov 2011 08:25:59 CET)

2.1.11.2. Trust&CA OTP TSA2 v2.0

Provider: 1
Service: 11
History: 2/2

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/TSA>

A time-stamping generation service, not qualified, creating and signing time-stamps tokens.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* Trust&CA OTP TSA2 v2.0

Hungarian: Trust&CA OTP TSA2 v2.0

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/withdrawn>

In compliance with the provisions laid down in the applicable national legislation and Regulation (EU) No 910/2014, it indicates that the qualified status has not been initially granted or has been withdrawn by the Supervisory Body on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10): from the trust service being of a service type specified in clause 5.5.1.1 and identified in "Service digital identity" (see clause 5.5.3), and from its trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service.

Status starting time: 2016-06-30T22:00:00.000Z (01 Jul 2016 00:00:00 CEST)

2.1.14.1. Info&CA TSA v4.0

Provider: 1
Service: 14
History: 1/2

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/TSA/QTST>

A qualified electronic time stamp generation service creating and signing qualified electronic time stamps in accordance with the applicable national legislation in the territory identified by the TL Scheme territory (see clause 5.3.10) or with Regulation (EU) No 910/2014 whichever is in force at the time of provision.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* Info&CA TSA v4.0

Hungarian: Info&CA TSA v4.0

Service digital identity: *Subject key identifier:*

6F 44 C7 3B DF 03 8F 3F AF 86 38 0F FF 50 49 C3 CB BA 85 7F

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/supervisionceased>

The validity of the supervision assessment has lapsed without the service identified in "Service digital identity" (see clause 5.5.3) being re-assessed. The service is currently not under supervision any more from the date of the current status as the service is understood to have ceased operations. "Supervision Ceased" status shall be used when a TSP directly ceases its related services under supervision; it shall not be used when supervision has been revoked.

Status starting time: 2014-08-05T22:00:00.000Z (06 Aug 2014 00:00:00 CEST)

Service status:

<http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/withdrawn>

In compliance with the provisions laid down in the applicable national legislation and Regulation (EU) No 910/2014, it indicates that the qualified status has not been initially granted or has been withdrawn by the Supervisory Body on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10): from the trust service being of a service type specified in clause 5.5.1.1 and identified in "Service digital identity" (see clause 5.5.3), and from its trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service.

Status starting time:

2016-12-20T23:00:00.000Z (21 Dec 2016 00:00:00 CET)

Service supply points:

<http://www.e-szigno.hu/CA.crl>

2.2.1.1. Qualified e-Szigno CA

Provider: 2
Service: 1
History: 1/2

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/QC>

A qualified certificate issuing trust service creating and signing qualified certificates based on the identity and other attributes verified by the relevant registration services, and under which are provided the relevant and related revocation and certificate validity status information services (e.g. CRLs, OCSP responses) in accordance with EU Directive 1999/93/EC or with Regulation (EU) No 910/2014 whichever is in force at the time of provision. This may also include generation and/or management of the associated private keys on behalf of the certified entity.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* Qualified e-Szigno CA

Hungarian: Qualified e-Szigno CA

Service digital identity: *Subject key identifier:*

FA 94 27 E7 5A 49 E8 14 E0 AA C8 5F 06 EF 43 27 93 BD 33 E5

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/granted>

Following ex ante and active approval activities, in compliance with the provisions laid down in the applicable national legislation and Regulation (EU) No 910/2014, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted a qualified status:- to the corresponding trust service being of a service type specified in clause 5.5.1.1 and identified in "Service digital identity" (see clause 5.5.3), and - to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service.

Status starting time: 2016-06-30T22:00:00.000Z (01 Jul 2016 00:00:00 CEST)

2.2.1.2. Qualified e-Szigno CA

Provider: 2
Service: 1
History: 2/2

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/QC>

A qualified certificate issuing trust service creating and signing qualified certificates based on the identity and other attributes verified by the relevant registration services, and under which are provided the relevant and related revocation and certificate validity status information services (e.g. CRLs, OCSP responses) in accordance with EU Directive 1999/93/EC or with Regulation (EU) No 910/2014 whichever is in force at the time of provision. This may also include generation and/or management of the associated private keys on behalf of the certified entity.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* Qualified e-Szigno CA

Hungarian: Qualified e-Szigno CA

Service digital identity: *Subject key identifier:*

FA 94 27 E7 5A 49 E8 14 E0 AA C8 5F 06 EF 43 27 93 BD 33 E5

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/undersupervision>

The service identified in "Service digital identity" (see clause 5.5.3) provided by the trust service provider identified in "TSP name" (see clause 5.4.1) is currently under supervision, for compliance with the provisions laid down in the applicable European legislation, by the Member State identified in the "Scheme territory" (see clause 5.3.10) in which the trust service provider is established.

Status starting time: 2005-04-09T17:42:12.000Z (09 Apr 2005 19:42:12 CEST)

2.2.2. Qualified e-Szigno CA7

Provider: 2
Service: 2

2.2.3.1. Qualified e-Szigno CA 2009

Provider: 2
Service: 3
History: 1/1

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/QC>

A qualified certificate issuing trust service creating and signing qualified certificates based on the identity and other attributes verified by the relevant registration services, and under which are provided the relevant and related revocation and certificate validity status information services (e.g. CRLs, OCSP responses) in accordance with EU Directive 1999/93/EC or with Regulation (EU) No 910/2014 whichever is in force at the time of provision. This may also include generation and/or management of the associated private keys on behalf of the certified entity.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* Qualified e-Szigno CA 2009

Hungarian: Qualified e-Szigno CA 2009

Service digital identity: *Subject key identifier:*

D1 8A 63 FE CB 08 FD E9 4A 17 68 01 AD 3C 0E D5 DD 97 F7 04

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/undersupervision>

The service identified in "Service digital identity" (see clause 5.5.3) provided by the trust service provider identified in "TSP name" (see clause 5.4.1) is currently under supervision, for compliance with the provisions laid down in the applicable European legislation, by the Member State identified in the "Scheme territory" (see clause 5.3.10) in which the trust service provider is established.

Status starting time: 2009-06-16T14:31:35.000Z (16 Jun 2009 16:31:35 CEST)

2.2.4. Qualified e-Szigno PCA

Provider: 2
Service: 4

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/QC>

A qualified certificate issuing trust service creating and signing qualified certificates based on the identity and other attributes verified by the relevant registration services, and under which are provided the relevant and related revocation and certificate validity status information services (e.g. CRLs, OCSP responses) in accordance with EU Directive 1999/93/EC or with Regulation (EU) No 910/2014 whichever is in force at the time of provision. This may also include generation and/or management of the associated private keys on behalf of the certified entity.

2.2.6.1. Qualified e-Szigno QCP CA 2012

Provider: 2
Service: 6
History: 1/3

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/QC>

A qualified certificate issuing trust service creating and signing qualified certificates based on the identity and other attributes verified by the relevant registration services, and under which are provided the relevant and related revocation and certificate validity status information services (e.g. CRLs, OCSP responses) in accordance with EU Directive 1999/93/EC or with Regulation (EU) No 910/2014 whichever is in force at the time of provision. This may also include generation and/or management of the associated private keys on behalf of the certified entity.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* Qualified e-Szigno QCP CA 2012

Hungarian: Qualified e-Szigno QCP CA 2012

Service digital identity: *Subject key identifier:*
CC 3D 46 E8 65 00 BB EA C3 BD CF B7 88 E1 95 FF 53 79 A3 B4

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/granted>

Following ex ante and active approval activities, in compliance with the provisions laid down in the applicable national legislation and Regulation (EU) No 910/2014, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted a qualified status:- to the corresponding trust service being of a service type specified in clause 5.5.1.1 and identified in "Service digital identity" (see clause 5.5.3), and - to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service.

Status starting time: 2016-12-20T23:00:00.000Z (21 Dec 2016 00:00:00 CET)

Service: 9

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/QC>

A qualified certificate issuing trust service creating and signing qualified certificates based on the identity and other attributes verified by the relevant registration services, and under which are provided the relevant and related revocation and certificate validity status information services (e.g. CRLs, OCSP responses) in accordance with EU Directive 1999/93/EC or with Regulation (EU) No 910/2014 whichever is in force at the time of provision. This may also include generation and/or management of the associated private keys on behalf of the certified entity.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

2.2.15. Qualified KET e-Szigno CA 2018

Provider: 2 Service: 15

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/QC>

A qualified certificate issuing trust service creating and signing qualified certificates based on the identity and other attributes verified by the relevant registration services, and under which are provided the relevant and related revocation and certificate validity status information services (e.g. CRLs, OCSP responses) in accordance with EU Directive 1999/93/EC or with Regulation (EU) No 910/2014 whichever is in force at the time of provision. This may also include generation and/or management of the associated private keys on behalf of the certified entity.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* Qualified KET e-Szigno CA 2018*Hungarian:* Qualified KET e-Szigno CA 2018**Service digital identity:** *Subject key identifier:*

Service status:

<http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/granted>

Following ex ante and active approval activities, in compliance with the provisions laid down in the applicable national legislation and Regulation (EU) No 910/2014, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted a qualified status:- to the corresponding trust service being of a service type specified in clause 5.5.1.1 and identified in "Service digital identity" (see clause 5.5.3), and - to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service.

2.2.19. e-Szigno Qualified TLS CA 2025 EU

Provider: 2 Service: 19

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/QC>

A qualified certificate issuing trust service creating and signing qualified certificates based on the identity and other attributes verified by the relevant registration services, and under which are provided the relevant and related revocation and certificate validity status information services (e.g. CRLs, OCSP responses) in accordance with EU Directive 1999/93/EC or with Regulation (EU) No 910/2014 whichever is in force at the time of provision. This may also include generation and/or management of the associated private keys on behalf of the certified entity.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* e-Szigno Qualified TLS CA 2025 EU*Hungarian:* e-Szigno Qualified TLS CA 2025 EU**Service digital identity:** *Subject key identifier:*

2.2.23. e-Szigno Qualified TLS CA 2026

Provider: 2
Service: 23

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/QC>

A qualified certificate issuing trust service creating and signing qualified certificates based on the identity and other attributes verified by the relevant registration services, and under which are provided the relevant and related revocation and certificate validity status information services (e.g. CRLs, OCSP responses) in accordance with EU Directive 1999/93/EC or with Regulation (EU) No 910/2014 whichever is in force at the time of provision. This may also include generation and/or management of the associated private keys on behalf of the certified entity.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

2.2.24. e-Szigno RSA Qualified TLS CA 2026

Provider: 2 Service: 24

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/QC>

A qualified certificate issuing trust service creating and signing qualified certificates based on the identity and other attributes verified by the relevant registration services, and under which are provided the relevant and related revocation and certificate validity status information services (e.g. CRLs, OCSP responses) in accordance with EU Directive 1999/93/EC or with Regulation (EU) No 910/2014 whichever is in force at the time of provision. This may also include generation and/or management of the associated private keys on behalf of the certified entity.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* e-Szigno RSA Qualified TLS CA 2026*Hungarian:* e-Szigno RSA Qualified TLS CA 2026**Service digital identity:** *Subject key identifier:*

55 14 7D B4 BF 80 61 C7 01 8C 51 BD C4 74 01 23 19 F2 5B 25

Service digital identity: *Version:*

3

Serial number:

98 674 133 933 942 171 454 687 818 250 (decimal)

Signature algorithm:

SHA512withRSA (1.2.840.113549.1.1.13)

Subject:

CN=e-Szigno RSA Qualified TLS CA 2026,2.5.4.97=VATHU-23584497,O=Microsec Ltd.,L=Budapest,C=HU

Issuer:

CN=e-Szigno RSA TLS Root CA 2025,O=Microsec Ltd.,L=Budapest,C=HU

Subject key identifier:

55 14 7D B4 BF 80 61 C7 01 8C 51 BD C4 74 01 23 19 F2 5B 25

Authority key identifier:

7C F1 E2 2E C6 49 B1 03 78 C9 20 AD E0 1C 9C C4 4B C9 7F EC

Valid from:

2026-03-18T14:00:00.000Z (18 Mar 2026 15:00:00 CET)

Valid to:

2029-03-17T13:59:59.000Z (17 Mar 2029 14:59:59 CET)

Key usage:

keyCertSign, cRLSign

Basic constraints:

cA = TRUE

pathLenConstraint = no limit

Thumbprint:

SHA-1:

48:1D:CE:74:37:2C:72:A0:F0:9E:6C:96:D2:E8:AD:C3:20:C8:66:36

2.2.25. Advanced e-Szigno CA3

Provider: 2
Service: 25

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/PKC>

A certificate generation service, not qualified, creating and signing non-qualified public key certificates based on the identity and other attributes verified by the relevant registration services.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* Advanced e-Szigno CA3

Hungarian: Advanced e-Szigno CA3

Service digital identity: *Version:*

3

Serial number:

147 120 592 322 923 742 486 295 463 265 803 287 513 (decimal)

2.2.25.1. Advanced e-Szigno CA3

Provider: 2
Service: 25
History: 1/2

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/PKC>

A certificate generation service, not qualified, creating and signing non-qualified public key certificates based on the identity and other attributes verified by the relevant registration services.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* Advanced e-Szigno CA3

Hungarian: Advanced e-Szigno CA3

Service digital identity: *Subject key identifier:*

22 94 A4 06 AB 7C 14 E4 CC 36 16 8B 99 86 34 C4 58 F0 2E 7A

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/recognisedatnationallevel>

For trust services listed under a service type specified in clause 5.5.1.2: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in Regulation (EU) No 910/2014 and the applicable national legislation. For NationalRootCA-QC type: The service is set by national law in accordance with the applicable European legislation and operated by the responsible national body issuing root-signing or qualified certificates to accredited trust service providers. For other trust services listed under a service type specified in clause 5.5.1.3: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in the applicable national legislation.

Status starting time: 2016-06-30T22:00:00.000Z (01 Jul 2016 00:00:00 CEST)

2.2.27.1. Signature e-Szigno CA6

Provider: 2
Service: 27
History: 1/2

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/PKC>

A certificate generation service, not qualified, creating and signing non-qualified public key certificates based on the identity and other attributes verified by the relevant registration services.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* Signature e-Szigno CA6

Hungarian: Signature e-Szigno CA6

Service digital identity: *Subject key identifier:*

F2 13 57 DD BD 73 58 51 D3 5A F8 DA E4 BB 6F C6 79 60 72 57

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/recognisedatnationallevel>

For trust services listed under a service type specified in clause 5.5.1.2: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in Regulation (EU) No 910/2014 and the applicable national legislation. For NationalRootCA-QC type: The service is set by national law in accordance with the applicable European legislation and operated by the responsible national body issuing root-signing or qualified certificates to accredited trust service providers. For other trust services listed under a service type specified in clause 5.5.1.3: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in the applicable national legislation.

Service status:

<http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/recognisedatnationallevel>

For trust services listed under a service type specified in clause 5.5.1.2: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in Regulation (EU) No 910/2014 and the applicable national legislation. For NationalRootCA-QC type: The service is set by national law in accordance with the applicable European legislation and operated by the responsible national body issuing root-signing or qualified certificates to accredited trust service providers. For other trust services listed under a service type specified in clause 5.5.1.3: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in the applicable national legislation.

2.2.29.1. Advanced Class 2 e-Szigno CA 2009

Provider: 2
Service: 29
History: 1/1

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/PKC>

A certificate generation service, not qualified, creating and signing non-qualified public key certificates based on the identity and other attributes verified by the relevant registration services.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* Advanced Class 2 e-Szigno CA 2009

Hungarian: Advanced Class 2 e-Szigno CA 2009

Service digital identity: *Subject key identifier:*

3E B5 ED F2 A3 25 28 E4 02 37 AB 16 C3 B5 FD 9C 80 BF 53 38

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/undersupervision>

The service identified in "Service digital identity" (see clause 5.5.3) provided by the trust service provider identified in "TSP name" (see clause 5.4.1) is currently under supervision, for compliance with the provisions laid down in the applicable European legislation, by the Member State identified in the "Scheme territory" (see clause 5.3.10) in which the trust service provider is established.

Status starting time: 2009-06-16T14:39:49.000Z (16 Jun 2009 16:39:49 CEST)

2.2.30. Advanced Pseudonymous e-Szigno CA 2009

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/recognisedatnationallevel>

For trust services listed under a service type specified in clause 5.5.1.2: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in Regulation (EU) No 910/2014 and the applicable national legislation. For NationalRootCA-QC type: The service is set by national law in accordance with the applicable European legislation and operated by the responsible national body issuing root-signing or qualified certificates to accredited trust service providers. For other trust services listed under a service type specified in clause 5.5.1.3: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in the applicable national legislation.

2.2.32.1. e-Szigno SSL CA 2014

Provider: 2
Service: 32
History: 1/1

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/PKC>

A certificate generation service, not qualified, creating and signing non-qualified public key certificates based on the identity and other attributes verified by the relevant registration services.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* e-Szigno SSL CA 2014

Hungarian: e-Szigno SSL CA 2014

Service digital identity: *Subject key identifier:*

DE 6A B0 4E 43 AA 08 41 47 74 BF A5 8A 81 54 4C 20 C5 75 28

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/undersupervision>

The service identified in "Service digital identity" (see clause 5.5.3) provided by the trust service provider identified in "TSP name" (see clause 5.4.1) is currently under supervision, for compliance with the provisions laid down in the applicable European legislation, by the Member State identified in the "Scheme territory" (see clause 5.3.10) in which the trust service provider is established.

2.2.35.1. Signature Class 3 KET e-Szigno CA 2009

Provider: 2
Service: 35
History: 1/1

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/PKC>

A certificate generation service, not qualified, creating and signing non-qualified public key certificates based on the identity and other attributes verified by the relevant registration services.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* Signature Class 3 KET e-Szigno CA 2009

Hungarian: Signature Class 3 KET e-Szigno CA 2009

Service digital identity: *Subject key identifier:*

2D ED C0 A0 B2 28 3D 3A 63 10 07 B2 C8 3B 7F 5E 7A C6 0D 85

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/undersupervision>

The service identified in "Service digital identity" (see clause 5.5.3) provided by the trust service provider identified in "TSP name" (see clause 5.4.1) is currently under supervision, for compliance with the provisions laid down in the applicable European legislation, by the Member State identified in the "Scheme territory" (see clause 5.3.10) in which the trust service provider is established.

Status starting time: 2010-12-17T10:07:47.000Z (17 Dec 2010 11:07:47 CET)

2.2.36. e-Szigno Class3 CA 2017

Provider: 2
Service: 36

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/PKC>

A certificate generation service, not qualified, creating and signing non-qualified public key certificates based on the identity and other attributes verified by the relevant registration services.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service: 40

Service type identifier: http://uri.etsi.org/TrstSvc/Svctype/CA/PKC

A certificate generation service, not qualified, creating and signing non-qualified public key certificates based on the identity and other attributes verified by the relevant registration services.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: English: e-Szigno Class3 SSL CA 2017

Hungarian: e-Szigno Class3 SSL CA 2017

Service digital identity: Version:

3

Serial number:

50 738 359 821 141 350 994 924 162 058 (decimal)

Signature algorithm:

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/recognisedatnationallevel>

For trust services listed under a service type specified in clause 5.5.1.2: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in Regulation (EU) No 910/2014 and the applicable national legislation. For NationalRootCA-QC type: The service is set by national law in accordance with the applicable European legislation and operated by the responsible national body issuing root-signing or qualified certificates to accredited trust service providers. For other trust services listed under a service type specified in clause 5.5.1.3: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in the applicable national legislation.

2.2.46.1. e-Szignó Minősített Archiválás Szolgáltatás

Provider: 2
Service: 46
History: 1/2

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/Archiv>

An Archival service.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* e-Szignó Minősített Archiválás Szolgáltatás

Hungarian: e-Szignó Qualified Long-Term Archiving Service

Service digital identity: *Subject key identifier:*

96 6F 0E 2D 65 23 D7 93 FB F3 89 95 75 37 E7 E9 21 06 0A 31

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/recognisedatnationallevel>

For trust services listed under a service type specified in clause 5.5.1.2: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in Regulation (EU) No 910/2014 and the applicable national legislation. For NationalRootCA-QC type: The service is set by national law in accordance with the applicable European legislation and operated by the responsible national body issuing root-signing or qualified certificates to accredited trust service providers. For other trust services listed under a service type specified in clause 5.5.1.3: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in the applicable national legislation.

Service status:

<http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/granted>

Following ex ante and active approval activities, in compliance with the provisions laid down in the applicable national legislation and Regulation (EU) No 910/2014, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted a qualified status:- to the corresponding trust service being of a service type specified in clause 5.5.1.1 and identified in "Service digital identity" (see clause 5.5.3), and - to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service.

2.2.51.1. e-Szigno OCSP CA

Provider: 2
Service: 51
History: 1/2

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/Certstatus/OCSP>

A certificate validity status service, not qualified, issuing Online Certificate Status Protocol (OCSP) signed responses.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* e-Szigno OCSP CA

Hungarian: e-Szigno OCSP CA

Service digital identity: *Subject key identifier:*

84 AA 89 BE DF 97 87 0F 23 F7 35 C6 8F BB E1 3C 4F 57 B0 E3

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/recognisedatnationallevel>

For trust services listed under a service type specified in clause 5.5.1.2: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in Regulation (EU) No 910/2014 and the applicable national legislation. For NationalRootCA-QC type: The service is set by national law in accordance with the applicable European legislation and operated by the responsible national body issuing root-signing or qualified certificates to accredited trust service providers. For other trust services listed under a service type specified in clause 5.5.1.3: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in the applicable national legislation.

History: 1/2

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/TSA/QTST>

A qualified electronic time stamp generation service creating and signing qualified electronic time stamps in accordance with the applicable national legislation in the territory identified by the TL Scheme territory (see clause 5.3.10) or with Regulation (EU) No 910/2014 whichever is in force at the time of provision.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* Qualified e-Szigno TSA 2009 01

Hungarian: Qualified e-Szigno TSA 2009 01

Service digital identity: *Subject key identifier:*

5C FD E4 E1 26 62 88 47 CF 46 BA 45 FA 62 89 15 92 CF 3C AA

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/withdrawn>

In compliance with the provisions laid down in the applicable national legislation and Regulation (EU) No 910/2014, it indicates that the qualified status has not been initially granted or has been withdrawn by the Supervisory Body on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10): from the trust service being of a service type specified in clause 5.5.1.1 and identified in "Service digital identity" (see clause 5.5.3), and from its trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service.

Status starting time: 2016-06-30T22:00:00.000Z (01 Jul 2016 00:00:00 CEST)

2.2.58.2. Qualified e-Szigno TSA 2009 01

Provider: 2
Service: 58
History: 2/2

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/TSA/QTST>

A qualified electronic time stamp generation service creating and signing qualified electronic time stamps in accordance with the applicable national legislation in the territory identified by the TL Scheme territory (see clause 5.3.10) or with Regulation (EU) No 910/2014 whichever is in force at the time of provision.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* Qualified e-Szigno TSA 2009 01

Hungarian: Qualified e-Szigno TSA 2009 01

Service digital identity: *Subject key identifier:*

5C FD E4 E1 26 62 88 47 CF 46 BA 45 FA 62 89 15 92 CF 3C AA

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/undersupervision>

The service identified in "Service digital identity" (see clause 5.5.3) provided by the trust service provider identified in "TSP name" (see clause 5.4.1) is currently under supervision, for compliance with the provisions laid down in the applicable European legislation, by the Member State identified in the "Scheme territory" (see clause 5.3.10) in which the trust service provider is established.

Status starting time: 2009-06-17T09:04:27.000Z (17 Jun 2009 11:04:27 CEST)

2.2.59. Qualified e-Szigno TSA 2009 02

Provider: 2 Service: 59

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/TSA/QTST>

A qualified electronic time stamp generation service creating and signing qualified electronic time stamps in accordance with the applicable national legislation in the territory identified by the TL Scheme territory (see clause 5.3.10) or with Regulation (EU) No 910/2014 whichever is in force at the time of provision.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

A qualified electronic time stamp generation service creating and signing qualified electronic time stamps in accordance with the applicable national legislation in the territory identified by the TL Scheme territory (see clause 5.3.10) or with Regulation (EU) No 910/2014 whichever is in force at the time of provision.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* Qualified e-Szigno TSA 2010 02

Hungarian: Qualified e-Szigno TSA 2010 02

Service digital identity: *Subject key identifier:*

1C 4C 04 C8 69 D4 5F CB 65 E0 40 C4 22 10 7F 61 C6 A1 B4 61

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/withdrawn>

In compliance with the provisions laid down in the applicable national legislation and Regulation (EU) No 910/2014, it indicates that the qualified status has not been initially granted or has been withdrawn by the Supervisory Body on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10): from the trust service being of a service type specified in clause 5.5.1.1 and identified in "Service digital identity" (see clause 5.5.3), and from its trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service.

Status starting time: 2016-06-30T22:00:00.000Z (01 Jul 2016 00:00:00 CEST)

2.2.65.2. Qualified e-Szigno TSA 2010 02

Provider: 2
Service: 65
History: 2/2

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/TSA/QTST>

A qualified electronic time stamp generation service creating and signing qualified electronic time stamps in accordance with the applicable national legislation in the territory identified by the TL Scheme territory (see clause 5.3.10) or with Regulation (EU) No 910/2014 whichever is in force at the time of provision.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* Qualified e-Szigno TSA 2010 02

Hungarian: Qualified e-Szigno TSA 2010 02

Service digital identity: *Subject key identifier:*

1C 4C 04 C8 69 D4 5F CB 65 E0 40 C4 22 10 7F 61 C6 A1 B4 61

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/undersupervision>

The service identified in "Service digital identity" (see clause 5.5.3) provided by the trust service provider identified in "TSP name" (see clause 5.4.1) is currently under supervision, for compliance with the provisions laid down in the applicable European legislation, by the Member State identified in the "Scheme territory" (see clause 5.3.10) in which the trust service provider is established.

Status starting time: 2010-02-28T21:00:00.000Z (28 Feb 2010 22:00:00 CET)

2.2.66. Qualified e-Szigno TSA 2010 03

Provider: 2
Service: 66

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/TSA/QTST>

A qualified electronic time stamp generation service creating and signing qualified electronic time stamps in accordance with the applicable national legislation in the territory identified by the TL Scheme territory (see clause 5.3.10) or with Regulation (EU) No 910/2014 whichever is in force at the time of provision.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Hungarian: Qualified e-Szigno TSA 2010 05

Service digital identity: *Subject key identifier:*

B5 8D 9C 61 5B 09 B8 C6 81 65 A8 61 B2 03 B5 E4 11 DB 12 49

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/withdrawn>

In compliance with the provisions laid down in the applicable national legislation and Regulation (EU) No 910/2014, it indicates that the qualified status has not been initially granted or has been withdrawn by the Supervisory Body on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10): from the trust service being of a service type specified in clause 5.5.1.1 and identified in "Service digital identity" (see clause 5.5.3), and from its trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service.

Status starting time: 2016-06-30T22:00:00.000Z (01 Jul 2016 00:00:00 CEST)

2.2.68.2. Qualified e-Szigno TSA 2010 05

Provider: 2
Service: 68
History: 2/2

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/TSA/QTST>

A qualified electronic time stamp generation service creating and signing qualified electronic time stamps in accordance with the applicable national legislation in the territory identified by the TL Scheme territory (see clause 5.3.10) or with Regulation (EU) No 910/2014 whichever is in force at the time of provision.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* Qualified e-Szigno TSA 2010 05

Hungarian: Qualified e-Szigno TSA 2010 05

Service digital identity: *Subject key identifier:*

B5 8D 9C 61 5B 09 B8 C6 81 65 A8 61 B2 03 B5 E4 11 DB 12 49

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/undersupervision>

The service identified in "Service digital identity" (see clause 5.5.3) provided by the trust service provider identified in "TSP name" (see clause 5.4.1) is currently under supervision, for compliance with the provisions laid down in the applicable European legislation, by the Member State identified in the "Scheme territory" (see clause 5.3.10) in which the trust service provider is established.

Status starting time: 2010-02-28T21:00:00.000Z (28 Feb 2010 22:00:00 CET)

2.2.69. Qualified e-Szigno TSA 2011 01

Provider: 2 Service: 69

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/TSA/QTST>

A qualified electronic time stamp generation service creating and signing qualified electronic time stamps in accordance with the applicable national legislation in the territory identified by the TL Scheme territory (see clause 5.3.10) or with Regulation (EU) No 910/2014 whichever is in force at the time of provision.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

2.2.103.1. Qualified e-Szigno TSA 2014 09

Provider: 2
Service: 103
History: 1/2

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/TSA/QTST>

A qualified electronic time stamp generation service creating and signing qualified electronic time stamps in accordance with the applicable national legislation in the territory identified by the TL Scheme territory (see clause 5.3.10) or with Regulation (EU) No 910/2014 whichever is in force at the time of provision.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* Qualified e-Szigno TSA 2014 09

Hungarian: Qualified e-Szigno TSA 2014 09

Service digital identity: *Subject key identifier:*

DB 00 B8 8B BA BA B5 0E 34 10 E9 4D 78 51 66 A8 4B 8A 6D 46

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/withdrawn>

In compliance with the provisions laid down in the applicable national legislation and Regulation (EU) No 910/2014, it indicates that the qualified status has not been initially granted or has been withdrawn by the Supervisory Body on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10): from the trust service being of a service type specified in clause 5.5.1.1 and identified in "Service digital identity" (see clause 5.5.3), and from its trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service.

Status starting time: 2016-06-30T22:00:00.000Z (01 Jul 2016 00:00:00 CEST)

2.2.103.2. Qualified e-Szigno TSA 2014 09

Provider: 2
Service: 103
History: 2/2

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/TSA/QTST>

A qualified electronic time stamp generation service creating and signing qualified electronic time stamps in accordance with the applicable national legislation in the territory identified by the TL Scheme territory (see clause 5.3.10) or with Regulation (EU) No 910/2014 whichever is in force at the time of provision.

Service: 109
History: 1/2

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/TSA/QTST>

A qualified electronic time stamp generation service creating and signing qualified electronic time stamps in accordance with the applicable national legislation in the territory identified by the TL Scheme territory (see clause 5.3.10) or with Regulation (EU) No 910/2014 whichever is in force at the time of provision.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* Qualified e-Szigno TSA 2015 03

Hungarian: Qualified e-Szigno TSA 2015 03

Service digital identity: *Subject key identifier:*

70 08 16 25 BA AC 93 0C 14 51 EF 2A FC AB 12 F0 74 6B A6 50

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/withdrawn>

In compliance with the provisions laid down in the applicable national legislation and Regulation (EU) No 910/2014, it indicates that the qualified status has not been initially granted or has been withdrawn by the Supervisory Body on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10): from the trust service being of a service type specified in clause 5.5.1.1 and identified in "Service digital identity" (see clause 5.5.3), and from its trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service.

Status starting time: 2016-06-30T22:00:00.000Z (01 Jul 2016 00:00:00 CEST)

Service digital identity: *Subject key identifier:*

AB 93 27 AE 94 82 F1 57 01 67 C9 02 92 B9 3D A4 C5 04 A8 75

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/recognisedatnationallevel>

For trust services listed under a service type specified in clause 5.5.1.2: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in Regulation (EU) No 910/2014 and the applicable national legislation. For NationalRootCA-QC type: The service is set by national law in accordance with the applicable European legislation and operated by the responsible national body issuing root-signing or qualified certificates to accredited trust service providers. For other trust services listed under a service type specified in clause 5.5.1.3: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in the applicable national legislation.

2.2.142.1. Qualified e-Szigno TSA 2015 02

Provider: 2
Service: 142
History: 1/1

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/TSA/TSS-AdESQCandQES>

A time-stamping service, not qualified, as part of a service from a trust service provider that issues time-stamp tokens (TST) that can be used in the validation process of qualified signatures/seals or advanced signatures/seals supported by qualified certificates to ascertain and extend the signature/seal validity when the qualified certificate is (will be) revoked or expired (will expire).

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* Qualified e-Szigno TSA 2015 02

Hungarian: Qualified e-Szigno TSA 2015 02

Service digital identity: *Subject key identifier:*

13 F3 94 FD 81 9F 7B DD 92 10 3A 21 3F 5E 70 20 74 55 51 F1

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/recognisedatnationallevel>

For trust services listed under a service type specified in clause 5.5.1.2: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in Regulation (EU) No 910/2014 and the applicable national legislation. For NationalRootCA-QC type: The service is set by national law in accordance with the applicable European legislation and operated by the responsible national body issuing root-signing or qualified certificates to accredited trust service providers. For other trust services listed under a service type specified in clause 5.5.1.3: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in the applicable national legislation.

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/recognisedatnationallevel>

For trust services listed under a service type specified in clause 5.5.1.2: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in Regulation (EU) No 910/2014 and the applicable national legislation. For NationalRootCA-QC type: The service is set by national law in accordance with the applicable European legislation and operated by the responsible national body issuing root-signing or qualified certificates to accredited trust service providers. For other trust services listed under a service type specified in clause 5.5.1.3: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in the applicable national legislation.

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/recognisedatnationallevel>

For trust services listed under a service type specified in clause 5.5.1.2: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in Regulation (EU) No 910/2014 and the applicable national legislation. For NationalRootCA-QC type: The service is set by national law in accordance with the applicable European legislation and operated by the responsible national body issuing root-signing or qualified certificates to accredited trust service providers. For other trust services listed under a service type specified in clause 5.5.1.3: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in the applicable national legislation.

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/recognisedatnationallevel>

For trust services listed under a service type specified in clause 5.5.1.2: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in Regulation (EU) No 910/2014 and the applicable national legislation. For NationalRootCA-QC type: The service is set by national law in accordance with the applicable European legislation and operated by the responsible national body issuing root-signing or qualified certificates to accredited trust service providers. For other trust services listed under a service type specified in clause 5.5.1.3: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in the applicable national legislation.

2.3.1.1. Magyar Telekom Minositett CA

Provider: 3
Service: 1
History: 1/3

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/QC>

A qualified certificate issuing trust service creating and signing qualified certificates based on the identity and other attributes verified by the relevant registration services, and under which are provided the relevant and related revocation and certificate validity status information services (e.g. CRLs, OCSP responses) in accordance with EU Directive 1999/93/EC or with Regulation (EU) No 910/2014 whichever is in force at the time of provision. This may also include generation and/or management of the associated private keys on behalf of the certified entity.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* Magyar Telekom Minositett CA

Hungarian: Magyar Telekom Minositett CA

Service digital identity: *Subject key identifier:*

96 DC DE 8D F1 46 DD D7 06 C0 CD 8C 86 3A 21 18 13 61 13 1F

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/supervisionceased>

The validity of the supervision assessment has lapsed without the service identified in "Service digital identity" (see clause 5.5.3) being re-assessed. The service is currently not under supervision any more from the date of the current status as the service is understood to have ceased operations. "Supervision Ceased" status shall be used when a TSP directly ceases its related services under supervision; it shall not be used when supervision has been revoked.

Status starting time: 2010-07-23T10:00:00.000Z (23 Jul 2010 12:00:00 CEST)

History: 2/3

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/QC>

A qualified certificate issuing trust service creating and signing qualified certificates based on the identity and other attributes verified by the relevant registration services, and under which are provided the relevant and related revocation and certificate validity status information services (e.g. CRLs, OCSP responses) in accordance with EU Directive 1999/93/EC or with Regulation (EU) No 910/2014 whichever is in force at the time of provision. This may also include generation and/or management of the associated private keys on behalf of the certified entity.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* Magyar Telekom Minositett CA

Hungarian: Magyar Telekom Minositett CA

Service digital identity: *Subject key identifier:*

96 DC DE 8D F1 46 DD D7 06 C0 CD 8C 86 3A 21 18 13 61 13 1F

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/supervisionincessation>

The service identified in "Service digital identity" (see clause 5.5.3) provided by the trust service provider identified in "TSP name" (see clause 5.4.1) is currently in a cessation phase but still supervised until supervision is ceased or revoked. In the event a different person than the one identified in "TSP name" has taken over the responsibility of ensuring this cessation phase, the identification of this new or fallback person (fallback trust service provider) shall be provided in "Scheme service definition URI" (clause 5.5.6) and in the "TakenOverBy" extension (clause 5.5.9.3) of the service entry. "Supervision of Service in Cessation" status shall be used when a TSP directly ceases its related services under supervision; it shall not be used when supervision has been revoked.

Status starting time: 2010-01-28T16:00:00.000Z (28 Jan 2010 17:00:00 CET)

2.3.1.3. Magyar Telekom Minositett CA

Provider: 3
Service: 1
History: 3/3

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/QC>

A qualified certificate issuing trust service creating and signing qualified certificates based on the identity and other attributes verified by the relevant registration services, and under which are provided the relevant and related revocation and certificate validity status information services (e.g. CRLs, OCSP responses) in accordance with EU Directive 1999/93/EC or with Regulation (EU) No 910/2014 whichever is in force at the time of provision. This may also include generation and/or management of the associated private keys on behalf of the certified entity.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* Magyar Telekom Minositett CA

Hungarian: Magyar Telekom Minositett CA

Service digital identity: *Subject key identifier:*

96 DC DE 8D F1 46 DD D7 06 C0 CD 8C 86 3A 21 18 13 61 13 1F

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/undersupervision>

The service identified in "Service digital identity" (see clause 5.5.3) provided by the trust service provider identified in "TSP name" (see clause 5.4.1) is currently under supervision, for compliance with the provisions laid down in the applicable European legislation, by the Member State identified in the "Scheme territory" (see clause 5.3.10) in which the trust service provider is established.

Status starting time: 2005-07-06T11:46:54.000Z (06 Jul 2005 13:46:54 CEST)

2.3.2. Matav Minositett CA

Provider: 3
Service: 2

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/QC>

A qualified certificate issuing trust service creating and signing qualified certificates based on the identity and other attributes verified by the relevant registration services, and under which are provided the relevant and related revocation and certificate validity status information services (e.g. CRLs, OCSP responses) in accordance with EU Directive 1999/93/EC or with Regulation (EU) No 910/2014 whichever is in force at the time of provision. This may also include generation and/or management of the associated private keys on behalf of the certified entity.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

2.3.2.1. Matav Minositett CA

Provider: 3
Service: 2
History: 1/2

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/QC>

A qualified certificate issuing trust service creating and signing qualified certificates based on the identity and other attributes verified by the relevant registration services, and under which are provided the relevant and related revocation and certificate validity status information services (e.g. CRLs, OCSP responses) in accordance with EU Directive 1999/93/EC or with Regulation (EU) No 910/2014 whichever is in force at the time of provision. This may also include generation and/or management of the associated private keys on behalf of the certified entity.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* Matav Minositett CA

Hungarian: Matav Minositett CA

Service digital identity: *Subject key identifier:*

37 8E B9 03 0C 22 23 AB E6 59 FE 83 42 34 E8 ED 6F 46 09 D5

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/supervisionceased>

The validity of the supervision assessment has lapsed without the service identified in "Service digital identity" (see clause 5.5.3) being re-assessed. The service is currently not under supervision any more from the date of the current status as the service is understood to have ceased operations. "Supervision Ceased" status shall be used when a TSP directly ceases its related services under supervision; it shall not be used when supervision has been revoked.

Status starting time: 2005-07-06T11:46:54.000Z (06 Jul 2005 13:46:54 CEST)

2.3.2.2. Matav Minositett CA

Provider: 3
Service: 2
History: 2/2

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/QC>

A qualified certificate issuing trust service creating and signing qualified certificates based on the identity and other attributes verified by the relevant registration services, and under which are provided the relevant and related revocation and certificate validity status information services (e.g. CRLs, OCSP responses) in accordance with EU Directive 1999/93/EC or with Regulation (EU) No 910/2014 whichever is in force at the time of provision. This may also include generation and/or management of the associated private keys on behalf of the certified entity.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* Matav Minositett CA

Hungarian: Matav Minositett CA

Service digital identity: *Subject key identifier:*

2.3.3.1. Magyar Telekom Minositett KET CA

Provider: 3
Service: 3
History: 1/3

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/QC>

A qualified certificate issuing trust service creating and signing qualified certificates based on the identity and other attributes verified by the relevant registration services, and under which are provided the relevant and related revocation and certificate validity status information services (e.g. CRLs, OCSP responses) in accordance with EU Directive 1999/93/EC or with Regulation (EU) No 910/2014 whichever is in force at the time of provision. This may also include generation and/or management of the associated private keys on behalf of the certified entity.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* Magyar Telekom Minositett KET CA

Hungarian: Magyar Telekom Minositett KET CA

Service digital identity: *Subject key identifier:*

A7 70 6F 34 2C 9C 60 94 89 25 98 F1 2A 81 B8 55 BA AA F6 1A

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/supervisionceased>

The validity of the supervision assessment has lapsed without the service identified in "Service digital identity" (see clause 5.5.3) being re-assessed. The service is currently not under supervision any more from the date of the current status as the service is understood to have ceased operations. "Supervision Ceased" status shall be used when a TSP directly ceases its related services under supervision; it shall not be used when supervision has been revoked.

Status starting time: 2010-07-23T10:00:00.000Z (23 Jul 2010 12:00:00 CEST)

2.3.3.2. Magyar Telekom Minositett KET CA

Provider: 3
Service: 3
History: 2/3

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/QC>

A qualified certificate issuing trust service creating and signing qualified certificates based on the identity and other attributes verified by the relevant registration services, and under which are provided the relevant and related revocation and certificate validity status information services (e.g. CRLs, OCSP responses) in accordance with EU Directive 1999/93/EC or with Regulation (EU) No 910/2014 whichever is in force at the time of provision. This may also include generation and/or management of the associated private keys on behalf of the certified entity.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* Magyar Telekom Minositett KET CA

Hungarian: Magyar Telekom Minositett KET CA

Service digital identity: *Subject key identifier:*

A7 70 6F 34 2C 9C 60 94 89 25 98 F1 2A 81 B8 55 BA AA F6 1A

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/supervisionincessation>

The service identified in "Service digital identity" (see clause 5.5.3) provided by the trust service provider identified in "TSP name" (see clause 5.4.1) is currently in a cessation phase but still supervised until supervision is ceased or revoked. In the event a different person than the one identified in "TSP name" has taken over the responsibility of ensuring this cessation phase, the identification of this new or fallback person (fallback trust service provider) shall be provided in "Scheme service definition URI" (clause 5.5.6) and in the "TakenOverBy" extension (clause 5.5.9.3) of the service entry. "Supervision of Service in Cessation" status shall be used when a TSP directly ceases its related services under supervision; it shall not be used when supervision has been revoked.

Status starting time: 2010-01-28T16:00:00.000Z (28 Jan 2010 17:00:00 CET)

2.3.3.3. Magyar Telekom Minositett KET CA

Provider: 3
Service: 3
History: 3/3

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/QC>

A qualified certificate issuing trust service creating and signing qualified certificates based on the identity and other attributes verified by the relevant registration services, and under which are provided the relevant and related revocation and certificate validity status information services (e.g. CRLs, OCSP responses) in accordance with EU Directive 1999/93/EC or with Regulation (EU) No 910/2014 whichever is in force at the time of provision. This may also include generation and/or management of the associated private keys on behalf of the certified entity.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* Magyar Telekom Minositett KET CA

Hungarian: Magyar Telekom Minositett KET CA

Service digital identity: *Subject key identifier:*

A7 70 6F 34 2C 9C 60 94 89 25 98 F1 2A 81 B8 55 BA AA F6 1A

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/undersupervision>

The service identified in "Service digital identity" (see clause 5.5.3) provided by the trust service provider identified in "TSP name" (see clause 5.4.1) is currently under supervision, for compliance with the provisions laid down in the applicable European legislation, by the Member State identified in the "Scheme territory" (see clause 5.3.10) in which the trust service provider is established.

Status starting time: 2007-07-26T07:41:20.000Z (26 Jul 2007 09:41:20 CEST)

2.3.4. Magyar Telekom Fokozott CA

Provider: 3
Service: 4

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/PKC>

A certificate generation service, not qualified, creating and signing non-qualified public key certificates based on the identity and other attributes verified by the relevant registration services.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

2.3.4.1. Magyar Telekom Fokozott CA

Provider: 3
Service: 4
History: 1/3

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/PKC>

A certificate generation service, not qualified, creating and signing non-qualified public key certificates based on the identity and other attributes verified by the relevant registration services.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* Magyar Telekom Fokozott CA

Hungarian: Magyar Telekom Fokozott CA

Service digital identity: *Subject key identifier:*

E5 96 84 7E C1 4F 8B 2F EB 65 0B A6 E2 5E 77 D9 94 D8 1E F5

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/supervisionceased>

The validity of the supervision assessment has lapsed without the service identified in "Service digital identity" (see clause 5.5.3) being re-assessed. The service is currently not under supervision any more from the date of the current status as the service is understood to have ceased operations. "Supervision Ceased" status shall be used when a TSP directly ceases its related services under supervision; it shall not be used when supervision has been revoked.

2.3.4.2. Magyar Telekom Fokozott CA

Provider: 3
Service: 4
History: 2/3

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/PKC>

A certificate generation service, not qualified, creating and signing non-qualified public key certificates based on the identity and other attributes verified by the relevant registration services.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* Magyar Telekom Fokozott CA

Hungarian: Magyar Telekom Fokozott CA

Service digital identity: *Subject key identifier:*

E5 96 84 7E C1 4F 8B 2F EB 65 0B A6 E2 5E 77 D9 94 D8 1E F5

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/supervisionincessation>

The service identified in "Service digital identity" (see clause 5.5.3) provided by the trust service provider identified in "TSP name" (see clause 5.4.1) is currently in a cessation phase but still supervised until supervision is ceased or revoked. In the event a different person than the one identified in "TSP name" has taken over the responsibility of ensuring this cessation phase, the identification of this new or fallback person (fallback trust service provider) shall be provided in "Scheme service definition URI" (clause 5.5.6) and in the "TakenOverBy" extension (clause 5.5.9.3) of the service entry. "Supervision of Service in Cessation" status shall be used when a TSP directly ceases its related services under supervision; it shall not be used when supervision has been revoked.

Status starting time: 2010-01-28T16:00:00.000Z (28 Jan 2010 17:00:00 CET)

2.3.4.3. Magyar Telekom Fokozott CA

Provider: 3
Service: 4
History: 3/3

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/PKC>

A certificate generation service, not qualified, creating and signing non-qualified public key certificates based on the identity and other attributes verified by the relevant registration services.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* Magyar Telekom Fokozott CA

Hungarian: Magyar Telekom Fokozott CA

Service digital identity: *Subject key identifier:*

2.3.6.1. Magyar Telekom Root CA

Provider: 3
Service: 6
History: 1/2

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/PKC>

A certificate generation service, not qualified, creating and signing non-qualified public key certificates based on the identity and other attributes verified by the relevant registration services.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* Magyar Telekom Root CA

Hungarian: Magyar Telekom Root CA

Service digital identity: *Subject key identifier:*

CF AD CE 26 60 88 B9 30 2A D4 26 A5 72 10 EA 51 98 D0 D4 D3

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/supervisionceased>

The validity of the supervision assessment has lapsed without the service identified in "Service digital identity" (see clause 5.5.3) being re-assessed. The service is currently not under supervision any more from the date of the current status as the service is understood to have ceased operations. "Supervision Ceased" status shall be used when a TSP directly ceases its related services under supervision; it shall not be used when supervision has been revoked.

Status starting time: 2011-11-29T10:31:50.000Z (29 Nov 2011 11:31:50 CET)

2.3.6.2. Magyar Telekom Root CA

Provider: 3
Service: 6
History: 2/2

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/PKC>

A certificate generation service, not qualified, creating and signing non-qualified public key certificates based on the identity and other attributes verified by the relevant registration services.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* Magyar Telekom Root CA

Hungarian: Magyar Telekom Root CA

Service digital identity: *Subject key identifier:*

CF AD CE 26 60 88 B9 30 2A D4 26 A5 72 10 EA 51 98 D0 D4 D3

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/undersupervision>

The service identified in "Service digital identity" (see clause 5.5.3) provided by the trust service provider identified in "TSP name" (see clause 5.4.1) is currently under supervision, for compliance with the provisions laid down in the applicable European legislation, by the Member State identified in the "Scheme territory" (see clause 5.3.10) in which the trust service provider is established.

Status starting time: 2005-06-28T23:00:00.000Z (29 Jun 2005 01:00:00 CEST)

2.3.7. Magyar Telekom RootCA 2011

Provider: 3
Service: 7

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/PKC>

A certificate generation service, not qualified, creating and signing non-qualified public key certificates based on the identity and other attributes verified by the relevant registration services.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

2.3.7.1. Magyar Telekom RootCA 2011

Provider: 3
Service: 7
History: 1/2

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/PKC>

A certificate generation service, not qualified, creating and signing non-qualified public key certificates based on the identity and other attributes verified by the relevant registration services.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* Magyar Telekom RootCA 2011

Hungarian: Magyar Telekom RootCA 2011

Service digital identity: *Subject key identifier:*

B2 B9 9B 74 0F A0 B2 7C 7C 58 25 97 92 F7 44 7D 96 0B D7 03

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/recognisedatnationallevel>

For trust services listed under a service type specified in clause 5.5.1.2: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in Regulation (EU) No 910/2014 and the applicable national legislation. For NationalRootCA-QC type: The service is set by national law in accordance with the applicable European legislation and operated by the responsible national body issuing root-signing or qualified certificates to accredited trust service providers. For other trust services listed under a service type specified in clause 5.5.1.3: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in the applicable national legislation.

A qualified electronic time stamp generation service creating and signing qualified electronic time stamps in accordance with the applicable national legislation in the territory identified by the TL Scheme territory (see clause 5.3.10) or with Regulation (EU) No 910/2014 whichever is in force at the time of provision.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* TSA1

Hungarian: TSA1

Service digital identity: *Subject key identifier:*

24 47 0C FA 70 1F 09 EE 12 AA 7D 32 27 E1 74 0E A0 43 62 34

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/supervisionceased>

The validity of the supervision assessment has lapsed without the service identified in "Service digital identity" (see clause 5.5.3) being re-assessed. The service is currently not under supervision any more from the date of the current status as the service is understood to have ceased operations. "Supervision Ceased" status shall be used when a TSP directly ceases its related services under supervision; it shall not be used when supervision has been revoked.

Status starting time: 2010-11-29T11:00:00.000Z (29 Nov 2010 12:00:00 CET)

2.3.9.2. TSA1

Provider: 3
Service: 9
History: 2/2

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/TSA/QTST>

A qualified electronic time stamp generation service creating and signing qualified electronic time stamps in accordance with the applicable national legislation in the territory identified by the TL Scheme territory (see clause 5.3.10) or with Regulation (EU) No 910/2014 whichever is in force at the time of provision.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* TSA1

Hungarian: TSA1

Service digital identity: *Subject key identifier:*

24 47 0C FA 70 1F 09 EE 12 AA 7D 32 27 E1 74 0E A0 43 62 34

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/undersupervision>

The service identified in "Service digital identity" (see clause 5.5.3) provided by the trust service provider identified in "TSP name" (see clause 5.4.1) is currently under supervision, for compliance with the provisions laid down in the applicable European legislation, by the Member State identified in the "Scheme territory" (see clause 5.3.10) in which the trust service provider is established.

Status starting time: 2009-02-06T11:21:57.000Z (06 Feb 2009 12:21:57 CET)

2.3.10. TSA1

Provider: 3
Service: 10

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/TSA/QTST>

A qualified electronic time stamp generation service creating and signing qualified electronic time stamps in accordance with the applicable national legislation in the territory identified by the TL Scheme territory (see clause 5.3.10) or with Regulation (EU) No 910/2014 whichever is in force at the time of provision.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

2.3.12.1. TSS1

Provider: 3
Service: 12
History: 1/2

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/TSA/QTST>

A qualified electronic time stamp generation service creating and signing qualified electronic time stamps in accordance with the applicable national legislation in the territory identified by the TL Scheme territory (see clause 5.3.10) or with Regulation (EU) No 910/2014 whichever is in force at the time of provision.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* TSS1

Hungarian: TSS1

Service digital identity: *Subject key identifier:*

57 74 C8 0A 1B 87 3A 8E 61 07 69 7F 51 1E 00 1D 31 E0 6D 31

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/supervisionceased>

The validity of the supervision assessment has lapsed without the service identified in "Service digital identity" (see clause 5.5.3) being re-assessed. The service is currently not under supervision any more from the date of the current status as the service is understood to have ceased operations. "Supervision Ceased" status shall be used when a TSP directly ceases its related services under supervision; it shall not be used when supervision has been revoked.

Status starting time: 2008-02-12T16:18:21.000Z (12 Feb 2008 17:18:21 CET)

2.3.12.2. TSS1

Provider: 3
Service: 12
History: 2/2

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/TSA/QTST>

A qualified electronic time stamp generation service creating and signing qualified electronic time stamps in accordance with the applicable national legislation in the territory identified by the TL Scheme territory (see clause 5.3.10) or with Regulation (EU) No 910/2014 whichever is in force at the time of provision.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* TSS1

Hungarian: TSS1

Service digital identity: *Subject key identifier:*

57 74 C8 0A 1B 87 3A 8E 61 07 69 7F 51 1E 00 1D 31 E0 6D 31

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/undersupervision>

The service identified in "Service digital identity" (see clause 5.5.3) provided by the trust service provider identified in "TSP name" (see clause 5.4.1) is currently under supervision, for compliance with the provisions laid down in the applicable European legislation, by the Member State identified in the "Scheme territory" (see clause 5.3.10) in which the trust service provider is established.

Status starting time: 2007-09-24T14:55:39.000Z (24 Sep 2007 16:55:39 CEST)

2.3.13. TSS1

Provider: 3
Service: 13

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/TSA/QTST>

A qualified electronic time stamp generation service creating and signing qualified electronic time stamps in accordance with the applicable national legislation in the territory identified by the TL Scheme territory (see clause 5.3.10) or with Regulation (EU) No 910/2014 whichever is in force at the time of provision.

Service status:

<http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/withdrawn>

In compliance with the provisions laid down in the applicable national legislation and Regulation (EU) No 910/2014, it indicates that the qualified status has not been initially granted or has been withdrawn by the Supervisory Body on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10): from the trust service being of a service type specified in clause 5.5.1.1 and identified in "Service digital identity" (see clause 5.5.3), and from its trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service.

Status starting time:

2016-06-30T22:00:00.000Z (01 Jul 2016 00:00:00 CEST)

2.3.15.1. TSS1

Provider: 3
Service: 15
History: 1/2

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/TSA/QTST>

A qualified electronic time stamp generation service creating and signing qualified electronic time stamps in accordance with the applicable national legislation in the territory identified by the TL Scheme territory (see clause 5.3.10) or with Regulation (EU) No 910/2014 whichever is in force at the time of provision.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* TSS1

Hungarian: TSS1

Service digital identity: *Subject key identifier:*

25 65 3B DA F1 E2 8F 16 FC 44 40 21 B6 95 8A 2B 47 26 69 D1

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/supervisionceased>

The validity of the supervision assessment has lapsed without the service identified in "Service digital identity" (see clause 5.5.3) being re-assessed. The service is currently not under supervision any more from the date of the current status as the service is understood to have ceased operations. "Supervision Ceased" status shall be used when a TSP directly ceases its related services under supervision; it shall not be used when supervision has been revoked.

Status starting time: 2005-09-28T13:27:10.000Z (28 Sep 2005 15:27:10 CEST)

2.3.15.2. TSS1

Provider: 3
Service: 15
History: 2/2

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/TSA/QTST>

A qualified electronic time stamp generation service creating and signing qualified electronic time stamps in accordance with the applicable national legislation in the territory identified by the TL Scheme territory (see clause 5.3.10) or with Regulation (EU) No 910/2014 whichever is in force at the time of provision.

2.3.16.1. TSA2

Provider: 3
Service: 16
History: 1/2

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/TSA/QTST>

A qualified electronic time stamp generation service creating and signing qualified electronic time stamps in accordance with the applicable national legislation in the territory identified by the TL Scheme territory (see clause 5.3.10) or with Regulation (EU) No 910/2014 whichever is in force at the time of provision.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* TSA2

Hungarian: TSA2

Service digital identity: *Subject key identifier:*

82 39 29 6F 77 96 B6 34 D2 BC 3C 20 8A C8 0B 07 30 16 B4 38

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/supervisionceased>

The validity of the supervision assessment has lapsed without the service identified in "Service digital identity" (see clause 5.5.3) being re-assessed. The service is currently not under supervision any more from the date of the current status as the service is understood to have ceased operations. "Supervision Ceased" status shall be used when a TSP directly ceases its related services under supervision; it shall not be used when supervision has been revoked.

Status starting time: 2012-12-15T11:00:00.000Z (15 Dec 2012 12:00:00 CET)

2.3.16.2. TSA2

Provider: 3
Service: 16
History: 2/2

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/TSA/QTST>

A qualified electronic time stamp generation service creating and signing qualified electronic time stamps in accordance with the applicable national legislation in the territory identified by the TL Scheme territory (see clause 5.3.10) or with Regulation (EU) No 910/2014 whichever is in force at the time of provision.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* TSA2

Hungarian: TSA2

Service digital identity: *Subject key identifier:*

82 39 29 6F 77 96 B6 34 D2 BC 3C 20 8A C8 0B 07 30 16 B4 38

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/undersupervision>

The service identified in "Service digital identity" (see clause 5.5.3) provided by the trust service provider identified in "TSP name" (see clause 5.4.1) is currently under supervision, for compliance with the provisions laid down in the applicable European legislation, by the Member State identified in the "Scheme territory" (see clause 5.3.10) in which the trust service provider is established.

Status starting time: 2010-11-02T11:19:05.000Z (02 Nov 2010 12:19:05 CET)

2.3.17. TSA2

Provider: 3
Service: 17

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/TSA/QTST>

A qualified electronic time stamp generation service creating and signing qualified electronic time stamps in accordance with the applicable national legislation in the territory identified by the TL Scheme territory (see clause 5.3.10) or with Regulation (EU) No 910/2014 whichever is in force at the time of provision.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* TSA2

Hungarian: TSA2

Service status:

<http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/withdrawn>

In compliance with the provisions laid down in the applicable national legislation and Regulation (EU) No 910/2014, it indicates that the qualified status has not been initially granted or has been withdrawn by the Supervisory Body on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10): from the trust service being of a service type specified in clause 5.5.1.1 and identified in "Service digital identity" (see clause 5.5.3), and from its trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service.

Status starting time: 2016-06-30T22:00:00.000Z (01 Jul 2016 00:00:00 CEST)

2.3.18.1. TSA2

Provider: 3
Service: 18
History: 1/2

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/TSA/QTST>

A qualified electronic time stamp generation service creating and signing qualified electronic time stamps in accordance with the applicable national legislation in the territory identified by the TL Scheme territory (see clause 5.3.10) or with Regulation (EU) No 910/2014 whichever is in force at the time of provision.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* TSA2

Hungarian: TSA2

Service digital identity: *Subject key identifier:*

38 31 29 98 8F C9 FA C0 B8 4D D9 0B BE BF FD F2 18 7A 2D 8B

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/supervisionceased>

The validity of the supervision assessment has lapsed without the service identified in "Service digital identity" (see clause 5.5.3) being re-assessed. The service is currently not under supervision any more from the date of the current status as the service is understood to have ceased operations. "Supervision Ceased" status shall be used when a TSP directly ceases its related services under supervision; it shall not be used when supervision has been revoked.

Status starting time: 2009-02-06T11:28:15.000Z (06 Feb 2009 12:28:15 CET)

2.3.18.2. TSA2

Provider: 3
Service: 18
History: 2/2

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/TSA/QTST>

A qualified electronic time stamp generation service creating and signing qualified electronic time stamps in accordance with the applicable national legislation in the territory identified by the TL Scheme territory (see clause 5.3.10) or with Regulation (EU) No 910/2014 whichever is in force at the time of provision.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* TSA2

Hungarian: TSA2

Service digital identity: *Subject key identifier:*

38 31 29 98 8F C9 FA C0 B8 4D D9 0B BE BF FD F2 18 7A 2D 8B

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/undersupervision>

The service identified in "Service digital identity" (see clause 5.5.3) provided by the trust service provider identified in "TSP name" (see clause 5.4.1) is currently under supervision, for compliance with the provisions laid down in the applicable European legislation, by the Member State identified in the "Scheme territory" (see clause 5.3.10) in which the trust service provider is established.

Status starting time: 2008-06-19T07:28:41.000Z (19 Jun 2008 09:28:41 CEST)

2.3.19. TSS3

Provider: 3
Service: 19

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/TSA/QTST>

A qualified electronic time stamp generation service creating and signing qualified electronic time stamps in accordance with the applicable national legislation in the territory identified by the TL Scheme territory (see clause 5.3.10) or with Regulation (EU) No 910/2014 whichever is in force at the time of provision.

History: 1/2

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/TSA/QTST>

A qualified electronic time stamp generation service creating and signing qualified electronic time stamps in accordance with the applicable national legislation in the territory identified by the TL Scheme territory (see clause 5.3.10) or with Regulation (EU) No 910/2014 whichever is in force at the time of provision.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* TSS2

Hungarian: TSS2

Service digital identity: *Subject key identifier:*

4E 83 77 6E 8C 1A 25 8B 47 0F 1E 0D C0 14 78 CA 90 88 A5 1E

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/supervisionceased>

The validity of the supervision assessment has lapsed without the service identified in "Service digital identity" (see clause 5.5.3) being re-assessed. The service is currently not under supervision any more from the date of the current status as the service is understood to have ceased operations. "Supervision Ceased" status shall be used when a TSP directly ceases its related services under supervision; it shall not be used when supervision has been revoked.

Status starting time: 2006-09-25T11:12:01.000Z (25 Sep 2006 13:12:01 CEST)

2.3.22.2. TSS2

Provider: 3
Service: 22
History: 2/2

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/TSA/QTST>

A qualified electronic time stamp generation service creating and signing qualified electronic time stamps in accordance with the applicable national legislation in the territory identified by the TL Scheme territory (see clause 5.3.10) or with Regulation (EU) No 910/2014 whichever is in force at the time of provision.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* TSS2

Hungarian: TSS2

Service digital identity: *Subject key identifier:*

4E 83 77 6E 8C 1A 25 8B 47 0F 1E 0D C0 14 78 CA 90 88 A5 1E

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/undersupervision>

The service identified in "Service digital identity" (see clause 5.5.3) provided by the trust service provider identified in "TSP name" (see clause 5.4.1) is currently under supervision, for compliance with the provisions laid down in the applicable European legislation, by the Member State identified in the "Scheme territory" (see clause 5.3.10) in which the trust service provider is established.

Status starting time: 2005-09-28T13:31:23.000Z (28 Sep 2005 15:31:23 CEST)

2.3.23. TSS2-2

Provider: 3
Service: 23

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/TSA/QTST>

A qualified electronic time stamp generation service creating and signing qualified electronic time stamps in accordance with the applicable national legislation in the territory identified by the TL Scheme territory (see clause 5.3.10) or with Regulation (EU) No 910/2014 whichever is in force at the time of provision.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

The service is currently not under supervision any more from the date of the current status as the service is understood to have ceased operations. "Supervision Ceased" status shall be used when a TSP directly ceases its related services under supervision; it shall not be used when supervision has been revoked.

Status starting time: 2014-11-27T08:00:00.000Z (27 Nov 2014 09:00:00 CET)

2.3.25.2. TSA1 2011

Provider: 3
Service: 25
History: 2/2

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/TSA/QTST>

A qualified electronic time stamp generation service creating and signing qualified electronic time stamps in accordance with the applicable national legislation in the territory identified by the TL Scheme territory (see clause 5.3.10) or with Regulation (EU) No 910/2014 whichever is in force at the time of provision.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* TSA1 2011

Hungarian: TSA1 2011

Service digital identity: *Subject key identifier:*

4A 9B 21 E5 D2 4C EB 97 8A FB A2 9F AA AC 2E F6 95 EA 6D DF

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/undersupervision>

The service identified in "Service digital identity" (see clause 5.5.3) provided by the trust service provider identified in "TSP name" (see clause 5.4.1) is currently under supervision, for compliance with the provisions laid down in the applicable European legislation, by the Member State identified in the "Scheme territory" (see clause 5.3.10) in which the trust service provider is established.

Status starting time: 2012-01-18T09:42:02.000Z (18 Jan 2012 10:42:02 CET)

2.3.26. TSA2 2011

Provider: 3
Service: 26

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/TSA/QTST>

A qualified electronic time stamp generation service creating and signing qualified electronic time stamps in accordance with the applicable national legislation in the territory identified by the TL Scheme territory (see clause 5.3.10) or with Regulation (EU) No 910/2014 whichever is in force at the time of provision.

2.3.29.1. TSA2 2014

Provider: 3
Service: 29
History: 1/1

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/TSA/QTST>

A qualified electronic time stamp generation service creating and signing qualified electronic time stamps in accordance with the applicable national legislation in the territory identified by the TL Scheme territory (see clause 5.3.10) or with Regulation (EU) No 910/2014 whichever is in force at the time of provision.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* TSA2 2014

Hungarian: TSA2 2014

Service digital identity: *Subject key identifier:*

FF 35 A7 76 82 B5 A7 A0 54 8A 63 D0 81 97 E6 E6 B1 C9 FD 70

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/undersupervision>

The service identified in "Service digital identity" (see clause 5.5.3) provided by the trust service provider identified in "TSP name" (see clause 5.4.1) is currently under supervision, for compliance with the provisions laid down in the applicable European legislation, by the Member State identified in the "Scheme territory" (see clause 5.3.10) in which the trust service provider is established.

Status starting time: 2014-11-27T08:46:05.000Z (27 Nov 2014 09:46:05 CET)

2.3.30. TSU1 2017

Provider: 3 Service: 30

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/TSA/QTST>

A qualified electronic time stamp generation service creating and signing qualified electronic time stamps in accordance with the applicable national legislation in the territory identified by the TL Scheme territory (see clause 5.3.10) or with Regulation (EU) No 910/2014 whichever is in force at the time of provision.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

2.3.40.1. TSA1 2014

Provider: 3
Service: 40
History: 1/1

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/TSA/TSS-AdESQCandQES>

A time-stamping service, not qualified, as part of a service from a trust service provider that issues time-stamp tokens (TST) that can be used in the validation process of qualified signatures/seals or advanced signatures/seals supported by qualified certificates to ascertain and extend the signature/seal validity when the qualified certificate is (will be) revoked or expired (will expire).

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* TSA1 2014

Hungarian: TSA1 2014

Service digital identity: *Subject key identifier:*

0E 2D 38 E7 8E 49 2D 65 40 99 C5 4C 50 94 6A 94 92 FB AB AC

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/recognisedatnationallevel>

For trust services listed under a service type specified in clause 5.5.1.2: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in Regulation (EU) No 910/2014 and the applicable national legislation. For NationalRootCA-QC type: The service is set by national law in accordance with the applicable European legislation and operated by the responsible national body issuing root-signing or qualified certificates to accredited trust service providers. For other trust services listed under a service type specified in clause 5.5.1.3: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in the applicable national legislation.

2.3.44.1. TSU3 2017

Provider: 3
Service: 44
History: 1/1

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/TSA/TSS-AdESQCandQES>

A time-stamping service, not qualified, as part of a service from a trust service provider that issues time-stamp tokens (TST) that can be used in the validation process of qualified signatures/seals or advanced signatures/seals supported by qualified certificates to ascertain and extend the signature/seal validity when the qualified certificate is (will be) revoked or expired (will expire).

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* TSU3 2017

Hungarian: TSU3 2017

Service digital identity: *Subject key identifier:*

5B 08 DC 92 C1 9C D0 86 2E A7 7B 56 AF F4 6E F5 1B 99 5E B1

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/recognisedatnationallevel>

For trust services listed under a service type specified in clause 5.5.1.2: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in Regulation (EU) No 910/2014 and the applicable national legislation. For NationalRootCA-QC type: The service is set by national law in accordance with the applicable European legislation and operated by the responsible national body issuing root-signing or qualified certificates to accredited trust service providers. For other trust services listed under a service type specified in clause 5.5.1.3: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in the applicable national legislation.

Status starting time: 2017-04-03T22:00:00.000Z (04 Apr 2017 00:00:00 CEST)

2.4.1.1.1. EDUCA-2

Provider: 4
Service: 1
History: 1/2

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/PKC>

A certificate generation service, not qualified, creating and signing non-qualified public key certificates based on the identity and other attributes verified by the relevant registration services.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* EDUCA-2

Hungarian: EDUCA-2

Service digital identity: *Subject key identifier:*

BA 9F 74 12 AA 35 CA 2D 4F 78 39 DE B8 B2 1E 6E BB 47 D0 95

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/supervisionceased>

The validity of the supervision assessment has lapsed without the service identified in "Service digital identity" (see clause 5.5.3) being re-assessed. The service is currently not under supervision any more from the date of the current status as the service is understood to have ceased operations. "Supervision Ceased" status shall be used when a TSP directly ceases its related services under supervision; it shall not be used when supervision has been revoked.

Status starting time: 2013-02-12T13:38:40.000Z (12 Feb 2013 14:38:40 CET)

2.4.1.2. EDUCA-2

Provider: 4
Service: 1

2.6.1.1. NetLock Minositett Kozjegyzoi (Class QA) Tanusitvanykiado

Provider: 6
Service: 1
History: 1/2

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/QC>

A qualified certificate issuing trust service creating and signing qualified certificates based on the identity and other attributes verified by the relevant registration services, and under which are provided the relevant and related revocation and certificate validity status information services (e.g. CRLs, OCSP responses) in accordance with EU Directive 1999/93/EC or with Regulation (EU) No 910/2014 whichever is in force at the time of provision. This may also include generation and/or management of the associated private keys on behalf of the certified entity.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* NetLock Minositett Kozjegyzoi (Class QA) Tanusitvanykiado

Hungarian: NetLock Minositett Kozjegyzoi (Class QA) Tanusitvanykiado

Service digital identity: *Subject key identifier:*

09 6A 62 16 92 B0 5A BB 55 0E CB 75 32 3A 32 E5 B2 21 C9 28

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/granted>

Following ex ante and active approval activities, in compliance with the provisions laid down in the applicable national legislation and Regulation (EU) No 910/2014, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted a qualified status:- to the corresponding trust service being of a service type specified in clause 5.5.1.1 and identified in "Service digital identity" (see clause 5.5.3), and - to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service.

Status starting time: 2016-06-30T22:00:00.000Z (01 Jul 2016 00:00:00 CEST)

2.6.3.2. NetLock Minősített Eat. (Class Q Legal) Tanúsítványkiadó

Provider: 6
Service: 3
History: 2/2

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/QC>

A qualified certificate issuing trust service creating and signing qualified certificates based on the identity and other attributes verified by the relevant registration services, and under which are provided the relevant and related revocation and certificate validity status information services (e.g. CRLs, OCSP responses) in accordance with EU Directive 1999/93/EC or with Regulation (EU) No 910/2014 whichever is in force at the time of provision. This may also include generation and/or management of the associated private keys on behalf of the certified entity.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* NetLock Minősített Eat. (Class Q Legal) Tanúsítványkiadó

Hungarian: NetLock Minősített Eat. (Class Q Legal) Tanúsítványkiadó

Service digital identity: *Subject key identifier:*

64 AF 81 8A 5C 30 B8 57 65 DA 5D A5 3D 58 6E 47 62 42 34 AB

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/undersupervision>

The service identified in "Service digital identity" (see clause 5.5.3) provided by the trust service provider identified in "TSP name" (see clause 5.4.1) is currently under supervision, for compliance with the provisions laid down in the applicable European legislation, by the Member State identified in the "Scheme territory" (see clause 5.3.10) in which the trust service provider is established.

Status starting time: 2009-07-31T10:51:20.000Z (31 Jul 2009 12:51:20 CEST)

2.6.4. NetLock Minősített Közigazgatási (Class Q) Tanúsítványkiadó

Provider: 6
Service: 4

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/QC>

A qualified certificate issuing trust service creating and signing qualified certificates based on the identity and other attributes verified by the relevant registration services, and under which are provided the relevant and related revocation and certificate validity status information services (e.g. CRLs, OCSP responses) in accordance with EU Directive 1999/93/EC or with Regulation (EU) No 910/2014 whichever is in force at the time of provision. This may also include generation and/or management of the associated private keys on behalf of the certified entity.

2.6.5.3. NetLock Minősített Eat. Spec. (Class Q Legal Spec.) Kiadó

Provider: 6
Service: 5
History: 3/3

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/QC>

A qualified certificate issuing trust service creating and signing qualified certificates based on the identity and other attributes verified by the relevant registration services, and under which are provided the relevant and related revocation and certificate validity status information services (e.g. CRLs, OCSP responses) in accordance with EU Directive 1999/93/EC or with Regulation (EU) No 910/2014 whichever is in force at the time of provision. This may also include generation and/or management of the associated private keys on behalf of the certified entity.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* NetLock Minősített Eat. Spec. (Class Q Legal Spec.) Kiadó

Hungarian: NetLock Minősített Eat. Spec. (Class Q Legal Spec.) Kiadó

Service digital identity: *Subject key identifier:*

25 6A 74 5B 55 2B BA 7F 6F AB 1E 8B 28 D8 E8 E8 5B BE AD C2

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/undersupervision>

The service identified in "Service digital identity" (see clause 5.5.3) provided by the trust service provider identified in "TSP name" (see clause 5.4.1) is currently under supervision, for compliance with the provisions laid down in the applicable European legislation, by the Member State identified in the "Scheme territory" (see clause 5.3.10) in which the trust service provider is established.

Status starting time: 2012-08-07T15:17:48.000Z (07 Aug 2012 17:17:48 CEST)

2.6.6. NETLOCK Trust Qualified EV CA

Provider: 6
Service: 6

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/QC>

A qualified certificate issuing trust service creating and signing qualified certificates based on the identity and other attributes verified by the relevant registration services, and under which are provided the relevant and related revocation and certificate validity status information services (e.g. CRLs, OCSP responses) in accordance with EU Directive 1999/93/EC or with Regulation (EU) No 910/2014 whichever is in force at the time of provision. This may also include generation and/or management of the associated private keys on behalf of the certified entity.

2.6.16. NETLOCK Trust Qualified QSCD ECC CA

Provider: 6
Service: 16

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/QC>

A qualified certificate issuing trust service creating and signing qualified certificates based on the identity and other attributes verified by the relevant registration services, and under which are provided the relevant and related revocation and certificate validity status information services (e.g. CRLs, OCSP responses) in accordance with EU Directive 1999/93/EC or with Regulation (EU) No 910/2014 whichever is in force at the time of provision. This may also include generation and/or management of the associated private keys on behalf of the certified entity.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* NETLOCK Trust Qualified QSCD ECC CA*Hungarian:* NETLOCK Trust Qualified QSCD ECC CA**Service digital identity:** *Subject key identifier:*

2.6.19. NETLOCK Qualified Public Administration ECC CA 2026

Provider: 6
Service: 19

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/QC>

A qualified certificate issuing trust service creating and signing qualified certificates based on the identity and other attributes verified by the relevant registration services, and under which are provided the relevant and related revocation and certificate validity status information services (e.g. CRLs, OCSP responses) in accordance with EU Directive 1999/93/EC or with Regulation (EU) No 910/2014 whichever is in force at the time of provision. This may also include generation and/or management of the associated private keys on behalf of the certified entity.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* NETLOCK Qualified Public Administration ECC CA 2026*Hungarian:* NETLOCK Qualified Public Administration ECC CA 2026**Service digital identity:** *Subject key identifier:*

2.6.22. NETLOCK Trust Qualified QSCD RSA 4096 CA 2026

Provider: 6 Service: 22

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/QC>

A qualified certificate issuing trust service creating and signing qualified certificates based on the identity and other attributes verified by the relevant registration services, and under which are provided the relevant and related revocation and certificate validity status information services (e.g. CRLs, OCSP responses) in accordance with EU Directive 1999/93/EC or with Regulation (EU) No 910/2014 whichever is in force at the time of provision. This may also include generation and/or management of the associated private keys on behalf of the certified entity.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

2.5.4.97=VATHU-12201521,CN=NETLOCK RSA 4096 CA,O=NETLOCK Kft.,L=Budapest,C=HU

Subject key identifier:

68 39 31 83 F5 B5 9F 88 D4 15 08 0A 2E 0A D2 0F BA 17 D9 0B

Authority key identifier:

AA 63 62 48 2B D3 3A 25 D3 05 A3 FA 48 46 B5 27 97 F2 39 6D

Valid from:

2026-02-02T13:24:04.000Z (02 Feb 2026 14:24:04 CET)

Valid to:

2036-01-31T13:24:04.000Z (31 Jan 2036 14:24:04 CET)

Key usage:

keyCertSign, cRLSign

Basic constraints:

cA = TRUE

pathLenConstraint = no limit

Thumbprint:

SHA-1:

B8:06:E2:E7:99:BA:7B:F9:0B:65:87:67:1D:A2:4C:69:7A:7B:17:36

SHA-256:

2.6.25. NETLOCK Trust Qualified RSA 4096 CA 2026

Provider: 6 Service: 25

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/QC>

A qualified certificate issuing trust service creating and signing qualified certificates based on the identity and other attributes verified by the relevant registration services, and under which are provided the relevant and related revocation and certificate validity status information services (e.g. CRLs, OCSP responses) in accordance with EU Directive 1999/93/EC or with Regulation (EU) No 910/2014 whichever is in force at the time of provision. This may also include generation and/or management of the associated private keys on behalf of the certified entity.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* NETLOCK Trust Qualified RSA 4096 CA 2026*Hungarian:* NETLOCK Trust Qualified RSA 4096 CA 2026**Service digital identity:** *Subject key identifier:*

Service status:

<http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/granted>

Following ex ante and active approval activities, in compliance with the provisions laid down in the applicable national legislation and Regulation (EU) No 910/2014, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted a qualified status:- to the corresponding trust service being of a service type specified in clause 5.5.1.1 and identified in "Service digital identity" (see clause 5.5.3), and - to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service.

2.6.26. NETLOCK Trust Qualified SCD ECC CA 2026

Provider: 6
Service: 26

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/QC>

A qualified certificate issuing trust service creating and signing qualified certificates based on the identity and other attributes verified by the relevant registration services, and under which are provided the relevant and related revocation and certificate validity status information services (e.g. CRLs, OCSP responses) in accordance with EU Directive 1999/93/EC or with Regulation (EU) No 910/2014 whichever is in force at the time of provision. This may also include generation and/or management of the associated private keys on behalf of the certified entity.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/recognisedatnationallevel>

For trust services listed under a service type specified in clause 5.5.1.2: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in Regulation (EU) No 910/2014 and the applicable national legislation. For NationalRootCA-QC type: The service is set by national law in accordance with the applicable European legislation and operated by the responsible national body issuing root-signing or qualified certificates to accredited trust service providers. For other trust services listed under a service type specified in clause 5.5.1.3: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in the applicable national legislation.

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/recognisedatnationallevel>

For trust services listed under a service type specified in clause 5.5.1.2: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in Regulation (EU) No 910/2014 and the applicable national legislation. For NationalRootCA-QC type: The service is set by national law in accordance with the applicable European legislation and operated by the responsible national body issuing root-signing or qualified certificates to accredited trust service providers. For other trust services listed under a service type specified in clause 5.5.1.3: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in the applicable national legislation.

2.6.29.2. NetLock (Class B) Közigazgatási Tanúsítványkiadó

Provider: 6
Service: 29
History: 2/2

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/PKC>

A certificate generation service, not qualified, creating and signing non-qualified public key certificates based on the identity and other attributes verified by the relevant registration services.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* NetLock (Class B) Közigazgatási Tanúsítványkiadó

Hungarian: NetLock (Class B) Közigazgatási Tanúsítványkiadó

Service digital identity: *Subject key identifier:*

50 2C A6 C8 88 C3 8D 63 30 C7 30 35 44 F5 93 DD 66 5E 1B 90

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/undersupervision>

The service identified in "Service digital identity" (see clause 5.5.3) provided by the trust service provider identified in "TSP name" (see clause 5.4.1) is currently under supervision, for compliance with the provisions laid down in the applicable European legislation, by the Member State identified in the "Scheme territory" (see clause 5.3.10) in which the trust service provider is established.

Status starting time: 2006-12-08T12:09:04.000Z (08 Dec 2006 13:09:04 CET)

2.6.30. NetLock Uzleti (Class B) Tanusitványkiado

Provider: 6
Service: 30

Service type identifier: http://uri.etsi.org/TrstSvc/Svctype/CA/PKC

A certificate generation service, not qualified, creating and signing non-qualified public key certificates based on the identity and other attributes verified by the relevant registration services.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

2.6.31.1. NetLock Kozjegyzoi (Class A) Tanusitvanykiado

Provider: 6
Service: 31
History: 1/2

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/PKC>

A certificate generation service, not qualified, creating and signing non-qualified public key certificates based on the identity and other attributes verified by the relevant registration services.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* NetLock Kozjegyzoi (Class A) Tanusitvanykiado

Hungarian: NetLock Kozjegyzoi (Class A) Tanusitvanykiado

Service digital identity: *Subject key identifier:*

31 11 EF A7 9F 0D EF 39 80 FC 87 90 40 37 99 A6 43 C0 9D 89

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/recognisedatnationallevel>

For trust services listed under a service type specified in clause 5.5.1.2: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in Regulation (EU) No 910/2014 and the applicable national legislation. For NationalRootCA-QC type: The service is set by national law in accordance with the applicable European legislation and operated by the responsible national body issuing root-signing or qualified certificates to accredited trust service providers. For other trust services listed under a service type specified in clause 5.5.1.3: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in the applicable national legislation.

2.6.33.1. NetLock Üzleti Eat. (Class B Legal) Tanúsítványkiadó

Provider: 6
Service: 33
History: 1/1

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/PKC>

A certificate generation service, not qualified, creating and signing non-qualified public key certificates based on the identity and other attributes verified by the relevant registration services.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* NetLock Üzleti Eat. (Class B Legal) Tanúsítványkiadó

Hungarian: NetLock Üzleti Eat. (Class B Legal) Tanúsítványkiadó

Service digital identity: *Subject key identifier:*

34 1B 2C C7 B2 3E 4A 72 53 3D 12 7F 40 66 BA AE B6 A4 E4 47

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/undersupervision>

The service identified in "Service digital identity" (see clause 5.5.3) provided by the trust service provider identified in "TSP name" (see clause 5.4.1) is currently under supervision, for compliance with the provisions laid down in the applicable European legislation, by the Member State identified in the "Scheme territory" (see clause 5.3.10) in which the trust service provider is established.

Status starting time: 2009-04-08T23:20:10.000Z (09 Apr 2009 01:20:10 CEST)

2.6.34. NetLock Expressz Eat. (Class C Legal) Tanúsítványkiadó

Provider: 6
Service: 34

Service type identifier: http://uri.etsi.org/TrstSvc/Svctype/CA/PKC

A certificate generation service, not qualified, creating and signing non-qualified public key certificates based on the identity and other attributes verified by the relevant registration services.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/recognisedatnationallevel>

For trust services listed under a service type specified in clause 5.5.1.2: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in Regulation (EU) No 910/2014 and the applicable national legislation. For NationalRootCA-QC type: The service is set by national law in accordance with the applicable European legislation and operated by the responsible national body issuing root-signing or qualified certificates to accredited trust service providers. For other trust services listed under a service type specified in clause 5.5.1.3: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in the applicable national legislation.

2.6.36.1. NetLock Közigazgatási (Class B) Tanúsítványkiadó

Provider: 6
Service: 36
History: 1/1

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/PKC>

A certificate generation service, not qualified, creating and signing non-qualified public key certificates based on the identity and other attributes verified by the relevant registration services.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* NetLock Közigazgatási (Class B) Tanúsítványkiadó

Hungarian: NetLock Közigazgatási (Class B) Tanúsítványkiadó

Service digital identity: *Subject key identifier:*

A0 67 46 41 D8 34 7D 44 F3 9B A6 73 4F 95 EC 25 4F 3D 83 FE

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/undersupervision>

The service identified in "Service digital identity" (see clause 5.5.3) provided by the trust service provider identified in "TSP name" (see clause 5.4.1) is currently under supervision, for compliance with the provisions laid down in the applicable European legislation, by the Member State identified in the "Scheme territory" (see clause 5.3.10) in which the trust service provider is established.

Status starting time: 2011-02-16T09:27:47.000Z (16 Feb 2011 10:27:47 CET)

2.6.37. NetLock Közjegyzői (Class A) Tanúsítványkiadó

Provider: 6
Service: 37

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/PKC>

A certificate generation service, not qualified, creating and signing non-qualified public key certificates based on the identity and other attributes verified by the relevant registration services.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* NetLock Közjegyzői (Class A) Tanúsítványkiadó

Service status:

<http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/recognisedatnationallevel>

For trust services listed under a service type specified in clause 5.5.1.2: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in Regulation (EU) No 910/2014 and the applicable national legislation. For NationalRootCA-QC type: The service is set by national law in accordance with the applicable European legislation and operated by the responsible national body issuing root-signing or qualified certificates to accredited trust service providers. For other trust services listed under a service type specified in clause 5.5.1.3: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in the applicable national legislation.

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/recognisedatnationallevel>

For trust services listed under a service type specified in clause 5.5.1.2: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in Regulation (EU) No 910/2014 and the applicable national legislation. For NationalRootCA-QC type: The service is set by national law in accordance with the applicable European legislation and operated by the responsible national body issuing root-signing or qualified certificates to accredited trust service providers. For other trust services listed under a service type specified in clause 5.5.1.3: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in the applicable national legislation.

2.6.39.1. NetLock OnlineSSL (Class Online) Tanúsítványkiadó

Provider: 6
Service: 39
History: 1/1

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/PKC>

A certificate generation service, not qualified, creating and signing non-qualified public key certificates based on the identity and other attributes verified by the relevant registration services.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* NetLock OnlineSSL (Class Online) Tanúsítványkiadó

Hungarian: NetLock OnlineSSL (Class Online) Tanúsítványkiadó

Service digital identity: *Subject key identifier:*

9B 15 98 EA B2 4C F9 EA CC 81 57 73 C2 DA 51 E9 79 8C EE FD

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/undersupervision>

The service identified in "Service digital identity" (see clause 5.5.3) provided by the trust service provider identified in "TSP name" (see clause 5.4.1) is currently under supervision, for compliance with the provisions laid down in the applicable European legislation, by the Member State identified in the "Scheme territory" (see clause 5.3.10) in which the trust service provider is established.

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/recognisedatnationallevel>

For trust services listed under a service type specified in clause 5.5.1.2: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in Regulation (EU) No 910/2014 and the applicable national legislation. For NationalRootCA-QC type: The service is set by national law in accordance with the applicable European legislation and operated by the responsible national body issuing root-signing or qualified certificates to accredited trust service providers. For other trust services listed under a service type specified in clause 5.5.1.3: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in the applicable national legislation.

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/recognisedatnationallevel>

For trust services listed under a service type specified in clause 5.5.1.2: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in Regulation (EU) No 910/2014 and the applicable national legislation. For NationalRootCA-QC type: The service is set by national law in accordance with the applicable European legislation and operated by the responsible national body issuing root-signing or qualified certificates to accredited trust service providers. For other trust services listed under a service type specified in clause 5.5.1.3: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in the applicable national legislation.

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/recognisedatnationallevel>

For trust services listed under a service type specified in clause 5.5.1.2: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in Regulation (EU) No 910/2014 and the applicable national legislation. For NationalRootCA-QC type: The service is set by national law in accordance with the applicable European legislation and operated by the responsible national body issuing root-signing or qualified certificates to accredited trust service providers. For other trust services listed under a service type specified in clause 5.5.1.3: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in the applicable national legislation.

2.6.49. NETLOCK Trust EV CA 2

Provider: 6
Service: 49

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/PKC>

A certificate generation service, not qualified, creating and signing non-qualified public key certificates based on the identity and other attributes verified by the relevant registration services.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* NETLOCK Trust EV CA 2

Hungarian: NETLOCK Trust EV CA 2

Service digital identity: *Subject key identifier:*

E1 99 A8 F0 70 77 51 CE 28 5D AF A0 04 59 29 B2 86 86 9C CD

Service digital identity: *Version:*

3

Serial number:

1 485 779 624 607 212 851 406 159 739 716 916 (decimal)

Signature algorithm:

SHA256withRSA (1.2.840.113549.1.1.11)

Subject:

CN=NETLOCK Trust EV CA 2,O=NETLOCK Ltd.,L=Budapest,C=HU

Issuer:

Service status:

<http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/recognisedatnationallevel>

For trust services listed under a service type specified in clause 5.5.1.2: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in Regulation (EU) No 910/2014 and the applicable national legislation. For NationalRootCA-QC type: The service is set by national law in accordance with the applicable European legislation and operated by the responsible national body issuing root-signing or qualified certificates to accredited trust service providers. For other trust services listed under a service type specified in clause 5.5.1.3: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in the applicable national legislation.

Service status:

<http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/recognisedatnationallevel>

For trust services listed under a service type specified in clause 5.5.1.2: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in Regulation (EU) No 910/2014 and the applicable national legislation. For NationalRootCA-QC type: The service is set by national law in accordance with the applicable European legislation and operated by the responsible national body issuing root-signing or qualified certificates to accredited trust service providers. For other trust services listed under a service type specified in clause 5.5.1.3: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in the applicable national legislation.

<http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/recognisedatnationallevel>

For trust services listed under a service type specified in clause 5.5.1.2: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in Regulation (EU) No 910/2014 and the applicable national legislation. For NationalRootCA-QC type: The service is set by national law in accordance with the applicable European legislation and operated by the responsible national body issuing root-signing or qualified certificates to accredited trust service providers. For other trust services listed under a service type specified in clause 5.5.1.3: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in the applicable national legislation.

2.6.70.1. NetLock Minositett Idobelyeg Szolgáltato 8

Provider: 6
Service: 70
History: 1/1

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/TSA/QTST>

A qualified electronic time stamp generation service creating and signing qualified electronic time stamps in accordance with the applicable national legislation in the territory identified by the TL Scheme territory (see clause 5.3.10) or with Regulation (EU) No 910/2014 whichever is in force at the time of provision.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* NetLock Minositett Idobelyeg Szolgáltato 8

Hungarian: NetLock Minositett Idobelyeg Szolgáltato 8

Service digital identity: *Subject key identifier:*

4C F7 DB 27 F2 D3 B1 39 11 5C 2C 7F EA 17 16 86 83 BD DF B0

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/undersupervision>

The service identified in "Service digital identity" (see clause 5.5.3) provided by the trust service provider identified in "TSP name" (see clause 5.4.1) is currently under supervision, for compliance with the provisions laid down in the applicable European legislation, by the Member State identified in the "Scheme territory" (see clause 5.3.10) in which the trust service provider is established.

Status starting time: 2010-12-08T14:48:55.000Z (08 Dec 2010 15:48:55 CET)

2.6.71. NetLock Minositett Idobelyeg Szolgáltato 9

Provider: 6
Service: 71

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/TSA/QTST>

A qualified electronic time stamp generation service creating and signing qualified electronic time stamps in accordance with the applicable national legislation in the territory identified by the TL Scheme territory (see clause 5.3.10) or with Regulation (EU) No 910/2014 whichever is in force at the time of provision.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service status:

<http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/withdrawn>

In compliance with the provisions laid down in the applicable national legislation and Regulation (EU) No 910/2014, it indicates that the qualified status has not been initially granted or has been withdrawn by the Supervisory Body on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10): from the trust service being of a service type specified in clause 5.5.1.1 and identified in "Service digital identity" (see clause 5.5.3), and from its trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service.

Status starting time:

2016-06-30T22:00:00.000Z (01 Jul 2016 00:00:00 CEST)

2.6.71.1. NetLock Minositett Idobelyeg Szolgáltato 9

Provider: 6
Service: 71
History: 1/1

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/TSA/QTST>

A qualified electronic time stamp generation service creating and signing qualified electronic time stamps in accordance with the applicable national legislation in the territory identified by the TL Scheme territory (see clause 5.3.10) or with Regulation (EU) No 910/2014 whichever is in force at the time of provision.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* NetLock Minositett Idobelyeg Szolgáltato 9

Hungarian: NetLock Minositett Idobelyeg Szolgáltato 9

2.6.75.1. NetLock Minősített Időbélyeg Szolgáltató G5

Provider: 6
Service: 75
History: 1/1

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/TSA/QTST>

A qualified electronic time stamp generation service creating and signing qualified electronic time stamps in accordance with the applicable national legislation in the territory identified by the TL Scheme territory (see clause 5.3.10) or with Regulation (EU) No 910/2014 whichever is in force at the time of provision.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* NetLock Minősített Időbélyeg Szolgáltató G5

Hungarian: NetLock Minősített Időbélyeg Szolgáltató G5

Service digital identity: *Subject key identifier:*
2B 25 88 B4 5E F2 2C 4F 3A 78 D7 80 0B FD 87 2A AE 0D 69 AB

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/undersupervision>

The service identified in "Service digital identity" (see clause 5.5.3) provided by the trust service provider identified in "TSP name" (see clause 5.4.1) is currently under supervision, for compliance with the provisions laid down in the applicable European legislation, by the Member State identified in the "Scheme territory" (see clause 5.3.10) in which the trust service provider is established.

Status starting time: 2011-08-17T09:39:22.000Z (17 Aug 2011 11:39:22 CEST)

2.6.76. NetLock Minősített Időbélyeg Szolgáltató G6

Provider: 6
Service: 76

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/TSA/QTST>

A qualified electronic time stamp generation service creating and signing qualified electronic time stamps in accordance with the applicable national legislation in the territory identified by the TL Scheme territory (see clause 5.3.10) or with Regulation (EU) No 910/2014 whichever is in force at the time of provision.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

```
0F 03 0E E5 E9 AB BB 21 D1 E5 38 E8 0C 1E F2 4D 98 B9 B1 34
```

Service status:

<http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/withdrawn>

In compliance with the provisions laid down in the applicable national legislation and Regulation (EU) No 910/2014, it indicates that the qualified status has not been initially granted or has been withdrawn by the Supervisory Body on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10): from the trust service being of a service type specified in clause 5.5.1.1 and identified in "Service digital identity" (see clause 5.5.3), and from its trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service.

Status starting time: 2016-06-30T22:00:00.000Z (01 Jul 2016 00:00:00 CEST)

2.6.86.1. NetLock Minősített Időbélyeg Szolgáltató 3

Provider: 6
Service: 86
History: 1/1

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/TSA/QTST>

A qualified electronic time stamp generation service creating and signing qualified electronic time stamps in accordance with the applicable national legislation in the territory identified by the TL Scheme territory (see clause 5.3.10) or with Regulation (EU) No 910/2014 whichever is in force at the time of provision.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* NetLock Minősített Időbélyeg Szolgáltató 3

Hungarian: NetLock Minősített Időbélyeg Szolgáltató 3

Service digital identity: *Subject key identifier:*

0F 03 0E E5 E9 AB BB 21 D1 E5 38 E8 0C 1E F2 4D 98 B9 B1 34

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/undersupervision>

The service identified in "Service digital identity" (see clause 5.5.3) provided by the trust service provider identified in "TSP name" (see clause 5.4.1) is currently under supervision, for compliance with the provisions laid down in the applicable European legislation, by the Member State identified in the "Scheme territory" (see clause 5.3.10) in which the trust service provider is established.

Status starting time: 2015-10-20T20:16:29.000Z (20 Oct 2015 22:16:29 CEST)

2.6.87. NetLock Minősített Eat. (Class Q Legal) Tanúsítványkiadó

Provider: 6
Service: 87

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/TSA/TSS-AdESQCandQES>

A time-stamping service, not qualified, as part of a service from a trust service provider that issues time-stamp tokens (TST) that can be used in the validation process of qualified signatures/seals or advanced signatures/seals supported by qualified certificates to ascertain and extend the signature/seal validity when the qualified certificate is (will be) revoked or expired (will expire).

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* NetLock Minősített Eat. (Class Q Legal) Tanúsítványkiadó*Hungarian:* NetLock Minősített Eat. (Class Q Legal) Tanúsítványkiadó**Service digital identity:** *Version:*

2.6.87.1. NetLock Minősített Eat. (Class Q Legal) Tanúsítványkiadó

Provider: 6
Service: 87
History: 1/1

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/TSA/TSS-AdESQCandQES>

A time-stamping service, not qualified, as part of a service from a trust service provider that issues time-stamp tokens (TST) that can be used in the validation process of qualified signatures/seals or advanced signatures/seals supported by qualified certificates to ascertain and extend the signature/seal validity when the qualified certificate is (will be) revoked or expired (will expire).

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* NetLock Minősített Eat. (Class Q Legal) Tanúsítványkiadó

Hungarian: NetLock Minősített Eat. (Class Q Legal) Tanúsítványkiadó

Service digital identity: *Subject key identifier:*

64 AF 81 8A 5C 30 B8 57 65 DA 5D A5 3D 58 6E 47 62 42 34 AB

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/recognisedatnationallevel>

For trust services listed under a service type specified in clause 5.5.1.2: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in Regulation (EU) No 910/2014 and the applicable national legislation. For NationalRootCA-QC type: The service is set by national law in accordance with the applicable European legislation and operated by the responsible national body issuing root-signing or qualified certificates to accredited trust service providers. For other trust services listed under a service type specified in clause 5.5.1.3: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in the applicable national legislation.

2.6.94.1. NETLOCK Qualified Preservation Service QSCD

Provider: 6
Service: 94
History: 1/1

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/Archiv>

An Archival service.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* NETLOCK Qualified Preservation Service QSCD

Hungarian: NETLOCK Qualified Preservation Service QSCD

Service digital identity: *Subject key identifier:*

78 6A 6C 77 17 99 04 F1 26 E6 F9 72 72 58 FC D8 98 28 EF F2

Service digital identity: *Subject key identifier:*

78 6A 6C 77 17 99 04 F1 26 E6 F9 72 72 58 FC D8 98 28 EF F2

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/recognisedatnationallevel>

For trust services listed under a service type specified in clause 5.5.1.2: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in Regulation (EU) No 910/2014 and the applicable national legislation. For NationalRootCA-QC type: The service is set by national law in accordance with the applicable European legislation and operated by the responsible national body issuing root-signing or qualified certificates to accredited trust service providers. For other trust services listed under a service type specified in clause 5.5.1.3: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in the applicable national legislation.

41 70 5F 96 01 8E 33 2F 3D 5C 2E 94 88 12 D0 6F 04 B4 2B 36

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/recognisedatnationallevel>

For trust services listed under a service type specified in clause 5.5.1.2: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in Regulation (EU) No 910/2014 and the applicable national legislation. For NationalRootCA-QC type: The service is set by national law in accordance with the applicable European legislation and operated by the responsible national body issuing root-signing or qualified certificates to accredited trust service providers. For other trust services listed under a service type specified in clause 5.5.1.3: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in the applicable national legislation.

Service supply points: <https://pki.digitoll.co.hu/tsa>

2.7.2.1. Digitoll Fokozott TSA v1.1

Provider: 7
Service: 2
History: 1/2

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/TSA>

A time-stamping generation service, not qualified, creating and signing time-stamps tokens.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* Digitoll Fokozott TSA v1.1

Hungarian: Digitoll Fokozott TSA v1.1

Service digital identity: *Subject key identifier:*

08 E3 41 55 DD 29 81 BA F2 9A C8 0A 05 AA 17 8E 46 D8 18 82

Service digital identity: *Subject key identifier:*

08 E3 41 55 DD 29 81 BA F2 9A C8 0A 05 AA 17 8E 46 D8 18 82

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/recognisedatnationallevel>

For trust services listed under a service type specified in clause 5.5.1.2: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in Regulation (EU) No 910/2014 and the applicable national legislation. For NationalRootCA-QC type: The service is set by national law in accordance with the applicable European legislation and operated by the responsible national body issuing root-signing or qualified certificates to accredited trust service providers. For other trust services listed under a service type specified in clause 5.5.1.3: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in the applicable national legislation.

Status starting time: 2016-06-30T22:00:00.000Z (01 Jul 2016 00:00:00 CEST)

2.7.2.2. Digitoll Fokozott TSA v1.1

Provider: 7
Service: 2
History: 2/2

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/TSA>

A time-stamping generation service, not qualified, creating and signing time-stamps tokens.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* Digitoll Fokozott TSA v1.1

2.8.1.1. Minősített Tanúsítványkiadó v2 - GOV CA

Provider: 8
Service: 1
History: 1/3

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/QC>

A qualified certificate issuing trust service creating and signing qualified certificates based on the identity and other attributes verified by the relevant registration services, and under which are provided the relevant and related revocation and certificate validity status information services (e.g. CRLs, OCSP responses) in accordance with EU Directive 1999/93/EC or with Regulation (EU) No 910/2014 whichever is in force at the time of provision. This may also include generation and/or management of the associated private keys on behalf of the certified entity.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* Minősített Tanúsítványkiadó v2 - GOV CA

Hungarian: Minősített Tanúsítványkiadó v2 - GOV CA

Service digital identity: *Subject key identifier:*

Extension 2/2, critical:

Qualifier:

http://uri.etsi.org/TrstSvc/TrustedList/SvcInfoExt/NotQualified

It is ensured by the CSP, and supervised by the Member State Supervisory Body that all certificates issued under the service identified in 'Service digital identity' (clause 5.5.3) and further identified by the filters information used to further identify under the 'Sdi' identified trust service that precise set of certificates are not to be considered as qualified certificates. This value shall not be used if the service type is not http://uri.etsi.org/TrstSvc/SvcType/CA/QC.

CriteriaList assert="atLeastOne":

Policy Set:

Identifier: urn:oid:0.2.216.1.200.1100.100.42.3.1.2

2.8.2.3. Minősített Közigazgatási Tanúsítványkiadó - GOV CA

Provider: 8
Service: 2
History: 3/3

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/QC>

A qualified certificate issuing trust service creating and signing qualified certificates based on the identity and other attributes verified by the relevant registration services, and under which are provided the relevant and related revocation and certificate validity status information services (e.g. CRLs, OCSP responses) in accordance with EU Directive 1999/93/EC or with Regulation (EU) No 910/2014 whichever is in force at the time of provision. This may also include generation and/or management of the associated private keys on behalf of the certified entity.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* Minősített Közigazgatási Tanúsítványkiadó - GOV CA

Hungarian: Minősített Közigazgatási Tanúsítványkiadó - GOV CA

Service digital identity: *Subject key identifier:*

23 50 B8 37 C7 0C 4E FF 57 81 5C 9B 2C E6 D8 A6 58 3F C0 D1

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/undersupervision>

The service identified in "Service digital identity" (see clause 5.5.3) provided by the trust service provider identified in "TSP name" (see clause 5.4.1) is currently under supervision, for compliance with the provisions laid down in the applicable European legislation, by the Member State identified in the "Scheme territory" (see clause 5.3.10) in which the trust service provider is established.

Status starting time: 2014-03-20T09:34:06.000Z (20 Mar 2014 10:34:06 CET)

2.8.3. Állampolgári Tanúsítványkiadó - Qualified Citizen CA

Provider: 8
Service: 3

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/QC>

A qualified certificate issuing trust service creating and signing qualified certificates based on the identity and other attributes verified by the relevant registration services, and under which are provided the relevant and related revocation and certificate validity status information services (e.g. CRLs, OCSP responses) in accordance with EU Directive 1999/93/EC or with Regulation (EU) No 910/2014 whichever is in force at the time of provision. This may also include generation and/or management of the associated private keys on behalf of the certified entity.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* Állampolgári Tanúsítványkiadó - Qualified Citizen CA

Hungarian: Állampolgári Tanúsítványkiadó - Qualified Citizen CA

2.8.3.1. Állampolgári Tanúsítványkiadó - Qualified Citizen CA

Provider: 8
Service: 3
History: 1/1

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/QC>

A qualified certificate issuing trust service creating and signing qualified certificates based on the identity and other attributes verified by the relevant registration services, and under which are provided the relevant and related revocation and certificate validity status information services (e.g. CRLs, OCSP responses) in accordance with EU Directive 1999/93/EC or with Regulation (EU) No 910/2014 whichever is in force at the time of provision. This may also include generation and/or management of the associated private keys on behalf of the certified entity.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* Állampolgári Tanúsítványkiadó - Qualified Citizen CA

Hungarian: Állampolgári Tanúsítványkiadó - Qualified Citizen CA

Service digital identity: *Subject key identifier:*

0E 13 7E B9 18 05 AA 7D 10 12 30 97 5C E9 0C A7 03 19 A3 3F

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/undersupervision>

The service identified in "Service digital identity" (see clause 5.5.3) provided by the trust service provider identified in "TSP name" (see clause 5.4.1) is currently under supervision, for compliance with the provisions laid down in the applicable European legislation, by the Member State identified in the "Scheme territory" (see clause 5.3.10) in which the trust service provider is established.

Status starting time: 2015-12-18T11:27:19.000Z (18 Dec 2015 12:27:19 CET)

2.8.4. GovCA Minősített Közigazgatási Tanúsítványkiadó

Provider: 8
Service: 4

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/QC>

A qualified certificate issuing trust service creating and signing qualified certificates based on the identity and other attributes verified by the relevant registration services, and under which are provided the relevant and related revocation and certificate validity status information services (e.g. CRLs, OCSP responses) in accordance with EU Directive 1999/93/EC or with Regulation (EU) No 910/2014 whichever is in force at the time of provision. This may also include generation and/or management of the associated private keys on behalf of the certified entity.

2.8.6. GovCA Minősített Tanúsítványkiadó 2024

Provider: 8
Service: 6

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/QC>

A qualified certificate issuing trust service creating and signing qualified certificates based on the identity and other attributes verified by the relevant registration services, and under which are provided the relevant and related revocation and certificate validity status information services (e.g. CRLs, OCSP responses) in accordance with EU Directive 1999/93/EC or with Regulation (EU) No 910/2014 whichever is in force at the time of provision. This may also include generation and/or management of the associated private keys on behalf of the certified entity.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* GovCA Minősített Tanúsítványkiadó 2024

Hungarian: GovCA Minősített Tanúsítványkiadó 2024

2.8.8.1. Minősített Tanúsítványkiadó v2 - GOV CA

Provider: 8
Service: 8
History: 1/1

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/PKC>

A certificate generation service, not qualified, creating and signing non-qualified public key certificates based on the identity and other attributes verified by the relevant registration services.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* Minősített Tanúsítványkiadó v2 - GOV CA

Hungarian: Minősített Tanúsítványkiadó v2 - GOV CA

Service digital identity: *Subject key identifier:*

F4 A3 3B 8F 29 7A 31 28 CF 6B C8 86 F8 26 A8 CB DD 27 88 80

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/recognisedatnationallevel>

For trust services listed under a service type specified in clause 5.5.1.2: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in Regulation (EU) No 910/2014 and the applicable national legislation. For NationalRootCA-QC type: The service is set by national law in accordance with the applicable European legislation and operated by the responsible national body issuing root-signing or qualified certificates to accredited trust service providers. For other trust services listed under a service type specified in clause 5.5.1.3: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in the applicable national legislation.

Service status:

<http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/recognisedatnationallevel>

For trust services listed under a service type specified in clause 5.5.1.2: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in Regulation (EU) No 910/2014 and the applicable national legislation. For NationalRootCA-QC type: The service is set by national law in accordance with the applicable European legislation and operated by the responsible national body issuing root-signing or qualified certificates to accredited trust service providers. For other trust services listed under a service type specified in clause 5.5.1.3: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in the applicable national legislation.

2.8.9.1. Fokozott Tanúsítványkiadó v2 - GOV CA

Provider: 8
Service: 9
History: 1/1

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/CA/PKC>

A certificate generation service, not qualified, creating and signing non-qualified public key certificates based on the identity and other attributes verified by the relevant registration services.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* Fokozott Tanúsítványkiadó v2 - GOV CA

Hungarian: Fokozott Tanúsítványkiadó v2 - GOV CA

Service digital identity: *Subject key identifier:*

63 AE FB 5E 33 83 0A 6F 87 BB A4 1A 8E A7 D9 A9 C8 F8 BB 63

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/undersupervision>

The service identified in "Service digital identity" (see clause 5.5.3) provided by the trust service provider identified in "TSP name" (see clause 5.4.1) is currently under supervision, for compliance with the provisions laid down in the applicable European legislation, by the Member State identified in the "Scheme territory" (see clause 5.3.10) in which the trust service provider is established.

Status starting time: 2014-01-14T09:02:08.000Z (14 Jan 2014 10:02:08 CET)

Service digital identity: *Subject key identifier:*

1B A2 8D 2B 9C 62 E5 E5 54 33 A6 E5 01 2E 25 6E C7 AD 5D B6

Service status:<http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/withdrawn>

In compliance with the provisions laid down in the applicable national legislation and Regulation (EU) No 910/2014, it indicates that the qualified status has not been initially granted or has been withdrawn by the Supervisory Body on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10): from the trust service being of a service type specified in clause 5.5.1.1 and identified in "Service digital identity" (see clause 5.5.3), and from its trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service.

Status starting time: 2016-06-30T22:00:00.000Z (01 Jul 2016 00:00:00 CEST)*Service supply points:* <https://tsa.hiteles.gov.hu/ts>

2.8.12.1. Qualified Time Stamp Service TSS 2014 01

Provider: 8
Service: 12
History: 1/1

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/TSA/QTST>

A qualified electronic time stamp generation service creating and signing qualified electronic time stamps in accordance with the applicable national legislation in the territory identified by the TL Scheme territory (see clause 5.3.10) or with Regulation (EU) No 910/2014 whichever is in force at the time of provision.

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* Qualified Time Stamp Service TSS 2014 01

Hungarian: Minősített időbélyegzés TSS 2014 01

Service digital identity: *Subject key identifier:*

2.8.17.1. Minősített Tanúsítványkiadó v2 - GOV CA

Provider: 8
Service: 17
History: 1/1

Service type identifier: <http://uri.etsi.org/TrstSvc/Svctype/TSA/TSS-AdESQCandQES>

A time-stamping service, not qualified, as part of a service from a trust service provider that issues time-stamp tokens (TST) that can be used in the validation process of qualified signatures/seals or advanced signatures/seals supported by qualified certificates to ascertain and extend the signature/seal validity when the qualified certificate is (will be) revoked or expired (will expire).

Requirements:

This service shall not fall under the category of services not using PKI public-key technology (see clause 5.5.3).

Service name: *English:* Minősített Tanúsítványkiadó v2 - GOV CA

Hungarian: Minősített Tanúsítványkiadó v2 - GOV CA

Service digital identity: *Subject key identifier:*

F4 A3 3B 8F 29 7A 31 28 CF 6B C8 86 F8 26 A8 CB DD 27 88 80

Service status: <http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/recognisedatnationallevel>

For trust services listed under a service type specified in clause 5.5.1.2: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in Regulation (EU) No 910/2014 and the applicable national legislation. For NationalRootCA-QC type: The service is set by national law in accordance with the applicable European legislation and operated by the responsible national body issuing root-signing or qualified certificates to accredited trust service providers. For other trust services listed under a service type specified in clause 5.5.1.3: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in the applicable national legislation.

Status starting time: 2016-06-30T22:00:00.000Z (01 Jul 2016 00:00:00 CEST)

Service status:

<http://uri.etsi.org/TrstSvc/TrustedList/Svcstatus/recognisedatnationallevel>

For trust services listed under a service type specified in clause 5.5.1.2: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in Regulation (EU) No 910/2014 and the applicable national legislation. For NationalRootCA-QC type: The service is set by national law in accordance with the applicable European legislation and operated by the responsible national body issuing root-signing or qualified certificates to accredited trust service providers. For other trust services listed under a service type specified in clause 5.5.1.3: In compliance with the provisions laid down in the applicable national legislation, it indicates that the Supervisory Body identified in the "Scheme operator name" (see clause 5.3.4) on behalf of the Member State identified in the "Scheme territory" (see clause 5.3.10) has granted an "approved" status, as recognized at national level, to the corresponding trust service identified in "Service digital identity" (see clause 5.5.3) and to the trust service provider identified in "TSP name" (see clause 5.4.1) for the provision of that service, as both the TSP and the trust service it provides meet the provisions laid down in the applicable national legislation.
